**Payment Limitations  
1-PL (Revision 1)**

**Amendment 43**

---

**Approved by:** Deputy Administrator, Farm Programs

---

**Amendment Transmittal**

**A Background**

This amendment:

- reflects additions and updates of the AGI provisions for clarity and consistency with the final regulations set forth at 7 CFR Part 1400
- includes payment eligibility and limitation provisions applicable to the Trade Adjustment Assistance (TAA) program and TAP.

**B Reasons for Amendment**

Subparagraph 16 B has been amended to reference “person” determinations to both TAA and TAP and AGI limitation as applicable to TAA.

Subparagraph 22 B has been amended to include the payment limitations applicable to TAA and TAP.

Subparagraph 629 A has been amended to include the definition of income from fishing operations.

Subparagraph 629 B has been added to provide instructions on the sources of information for determining income from farming, ranching, forestry, and fishing operations for AGI compliance determinations.

Subparagraph 629 C has been added to clarify policy on accepted methods an individual or entity may use to report income to the IRS for AGI compliance determinations.

Subparagraph 630 A has been amended to include references to a method of certification of AGI compliance for TAA.

Exhibit 6 has been added to provide FSA-229 for TAA.

## Part 1 Introduction

### 1 Overview

---

#### A

#### Handbook Purpose

This handbook provides instructions and uniform methods for State and County Offices to determine:

- "persons" for payment limitation purposes
- payment eligibility for each producer.

The provisions of this handbook apply to various programs operated by State and County Offices.

### 3 Legislative History of Payment Limitation and Payment Eligibility Provisions

---

#### A

##### **Introduction**

Since established in 1970, the payment limitation provisions have been expanded to:

- apply to more programs
- include provisions for payment eligibility based on whether a producer is "actively engaged in farming" and the number of permitted entities through which the producer is receiving benefits.

Because County Offices are asked questions about the background of the payment limitation provisions, information on the legislative history of the payment limitation and payment eligibility provisions is provided in subparagraphs B through K.

---

#### B

##### **Agricultural Act of 1970**

The Agricultural Act of 1970:

- established the first payment limitation provisions
  - provided that the amount of payments that a person could be entitled to receive under each of the annual programs for the 1971, 1972, or 1973 crop shall not exceed \$55,000
  - required the Secretary to reduce the amount of set-aside acreage required on farms when the total amount of payments that would have been earned would be reduced by the payment limitation
  - required the Secretary to issue regulations defining the term "person"
  - provided that payment limitation would not apply to lands owned by States, political subdivision, or agencies thereof so long as such lands are farmed primarily in the direct furtherance of a public function.
-

#### C

##### 7 CFR Part 795

7 CFR Part 795 provided:

- the definition of the term "person"
  - the provisions for determining whether multiple individuals or other entities constitute 1 or separate persons
  - the provisions for changes in farming operations
  - the provisions for determining whether an agreement is a share lease or a cash lease
  - the custom farming rules
  - provisions for scheme or device
  - computation of reduction in set-aside acreage because of the limitation.
- 

#### D

##### Agriculture and Consumer Protection Act of 1973

The Agricultural and Consumer Protection Act of 1973 extended and amended the Agricultural Act of 1970, as it relates to payment limitation, to provide that:

- the amount of payments that a person could be entitled to receive under each of the annual programs for the 1974 through 1977 crops shall not exceed \$20,000
  - the rules for determining whether corporations and their stockholders may be considered as separate shall be based on ownership of more than 50 percent of the stock of the corporation.

Agriculture Act  
of 1977**

The Food and Agricultural Act of 1977 extended and amended the payment limitation provisions to require that the amount of payments that a person could be entitled to receive under:

- the 1978 wheat, feed grains, and upland cotton programs shall not exceed \$40,000
  - the 1978 rice programs shall not exceed \$52,250
  - the 1979 wheat, feed grains, and upland cotton programs shall not exceed \$45,000
  - the 1979 rice program shall not exceed \$50,000
  - the 1980 and 1981 wheat, feed grains, upland cotton, and rice programs shall not exceed \$50,000.
- 

**F****Agriculture and  
Food Act of 1981**

The Agricultural and Food Act of 1981 extended and amended the payment limitation provisions to require that:

- the amount of payments that a person could be entitled to receive under the 1982 through 1985 wheat, feed grains, upland cotton, and rice programs shall not exceed \$50,000
  - the total amount of disaster payments that a person shall be entitled to receive for wheat, feed grains, upland cotton, and rice shall not exceed \$100,000 for each of the 1982 through 1985 crops.
-

**3 Legislative History of Payment Limitation and Payment Eligibility Provisions (Continued)****G****Food Security  
Act of 1985**

The Food Security Act of 1985:

- extended and amended the payment limitation provisions
  - required that the term "payments" not include the following:
    - marketing loans
    - loan deficiency payments
    - NL ("Findley") payments.
- 

**H****Omnibus Budget  
Reconciliation  
Act of 1987**

The Omnibus Budget Reconciliation Act of 1987 amended the Food Security Act of 1985 to:

- define the term "person"
  - provide that a State, political subdivision, and agencies thereof are considered 1 "person"
  - provide that a husband and wife may be separate "persons" if the husband and wife can show that each spouse brought separate farming operations into the marriage and have maintained separate farming operations throughout the marriage
  - include "cash-rent tenant" provisions that combined the cash-rent tenant with the landowner in certain situations
  - require that producers be "actively engaged in farming"
  - limit payment to foreign persons
  - limit the creation of entities to qualify as separate persons for payments.
-

- a \$200,000 limitation on honey marketing loan gains and honey loan deficiency payments
- a \$200,000 limitation on honey loan forfeiture
- separate limitations for wool and mohair payments of:
  - \$200,000 for the 1991 marketing year
  - \$175,000 for the 1992 marketing year
  - \$150,000 for the 1993 marketing year
  - \$125,000 for the 1994 and subsequent marketing years
- the Secretary discretionary authority to implement a rule allowing husbands and wives to be considered separate "persons" if certain requirements are met
- greater scrutiny of irrevocable trusts
- initial determinations be made by State Offices for farm operations consisting of 6 or more persons.

## 16 Applicable Programs

### A Introduction

The payment limitation and payment eligibility provisions in this handbook apply to multiple programs. This paragraph includes the current programs that are affected by the payment limitation and payment eligibility provisions.

### B General Applicability

[7 CFR 1400.1 (a) and (b)] This table provides the rules in this handbook that apply to USDA-administered programs.

Program or Payment	Applicable Rules					
	Person	Actively Engaged in Farming	Cash-Rent Tenant	Permitted Entity	Foreign Person	Adjusted Gross Income
DCP Payment	X	X	X	X	X	X
Marketing Assistance						
Loans					X	
Marketing Loan Gains	X	X	X	X	X	X
LDP's	X	X	X	X	X	X
Other Programs						
EQIP <sup>1/</sup>						X
CRP	X	X	X	X	X	X
ECP	X					
NAP	X					
AMA	X					
*--TAA	X					X
TAP	X--*					

<sup>1/</sup> Payments are limited by attributing payments to individuals and entities based on their share in the payment recipient.

**16 Applicable Programs (Continued)****C Programs Not Requiring Determination of “Actively Engaged”**

**[7 CFR 1400.1 (b) and 1400.6]** If a program requires a determination of “persons” but not a determination of “actively engaged in farming”, \* \* \* the following is also required to be eligible for payments or benefits:

- the claimed share of the profits or losses of the farming operation must be commensurate with the contributions to the farming operation
- contributions at risk.

**D Specific Rules for Marketing Assistance Loans**

**[7 CFR 1400.1 (a) (2)]** Regular marketing assistance loans are denied if the producer does not meet the foreign person requirements in Part 3.

Marketing loan gains and LDP's are subject to all the provisions of this handbook.

**17 Specific Rules for CRP****A Applicability**

The provisions in this handbook apply to participants with CRP contracts initially approved after July 31, 1988.

**Note:** Individuals and entities with CRP contracts that are not subject to the provisions of this handbook are subject to the “person” rules in 5-CM.

**B Option to Select Use of These Rules**

The producer may choose to have the CRP contract governed by the provisions of this handbook if the CRP contract was approved before August 1, 1988. For this conversion to be effective, the farm operator must provide COC with a written statement from each producer on the CRP contract, agreeing that:

- payment limitation determinations for the CRP contract will be subject  
\*--to the rules in 7 CFR Part 1400--\*
- the conversion is irrevocable.

**C Rules When Producers Convert to 1-PL Provisions**

When CRP participants choose to convert to the provisions of this handbook, instead of using the provisions of 5-CM:

- the date of the conversion request shall be considered as the effective date of the conversion
- the conversion shall be effective for FY in which the effective date of the conversion occurs

**17 Specific Rules for CRP (Continued)****C Rules When Producers Convert to 1-PL Provisions (Continued)**

- the payment limitation determinations for CRP participants shall be based on the crop year corresponding with FY for which the conversion is effective

**Example:** For a conversion that was effective September 30, 1990:

- make payment limitation determinations according to this handbook before the 1990 payment is issued
- the status date for the determination was April 13, 1990.
- applicable payment limitation forms and related data for converted contracts must be filed by the later of the following:
  - the applicable date for filing in this handbook
  - within 15 calendar days of the date of conversion.

**D Status Date**

See paragraph 74 to determine the status date applicable to an initial contract or succession-in-interest contract.

If there has been a revision or violation of CRP-1 that requires the producer to file a new or updated CCC-502 \* \* \*, the applicable status date shall be the date the revision or violation occurred if an earlier status date is not applicable to the producer according to paragraph 74.

**17 Specific Rules for CRP (Continued)****E Inheritance Provision**

A producer who becomes the owner of land enrolled in CRP by way of inheritance and succeeds to the CRP contract may receive payments for that contract without regard to the amount of payments received under any other contract executed before the inheritance.

**Note:** This provision also applies to an ownership interest in an entity received by way of inheritance if the entity was the owner of the land enrolled in CRP.

**F Inheritance Provision, Example 1**

**Situation:** Individual Y receives \$50,000 in annual payments from CRP contracts. Individual Z, the sole heir of Individual Y, also receives \$50,000 in annual payments from CRP contracts. Individual Y dies and Individual Z inherits Individual Y's land and becomes successor-in-interest to Individual Y's CRP contract.

**Determination:** Because the land transfer occurred by inheritance, Individual Z may receive \$50,000 in annual payments from the contracts previously in the name of Individual Y as well as the \$50,000 from the contracts executed by Individual Z before the inheritance.

**Note:** If the inheritance occurred before November 28, 1990, Individual Z could receive the \$50,000 in annual payments from the contracts previously in the name of Individual Y for 1991 and subsequent years. Individual Z may not retroactively receive annual payments for years before implementation of the 1990 Act.

**G Inheritance Provision, Example 2**

**Situation:** Individual Q indirectly receives CRP payments through Corporations R, S, and T. Individual A, an old friend of Individual Q, wills a 500-acre farm that had land enrolled in CRP to Individual Q. Individual Q becomes successor-in-interest to Individual A's CRP contract.

**Determination:** Because the land transfer occurred by inheritance, Individual Q may receive the amount of CRP annual payment to which Individual A was entitled without regard to permitted entities.

## 17 Specific Rules for CRP (Continued)

### H Inheritance Provision, Example 3

**Situation:** Son B receives \$40,000 in CRP annual payments. Father D receives \$15,000 in CRP annual payments. Father D transfers the land enrolled in CRP to Son B. Son B becomes successor-in-interest to Father D's CRP contract.

**Determination:** Son B may only receive an additional \$10,000 in CRP annual payments. Because the land transfer did not occur by inheritance, Father D did not die, the limitation is applicable.

### I Inheritance Provision, Example 4

**Situation:** Individual K receives \$30,000 in CRP annual payments. Individual L receives \$50,000 in CRP annual payments. Individual L dies. Individual K inherits the land from Individual L and becomes successor-in-interest to Individual L's CRP contract. Individual K bids additional land into CRP following the transfer of land by inheritance.

**Determination:** In this situation, Individual K may not receive CRP annual payments exceeding \$80,000. Although Individual K may receive the \$50,000 from the land that was inherited from Individual L, Individual K may not receive additional CRP annual payments in excess of the limitation from contracts executed after the inheritance unless such payments are also received because of a land transfer by inheritance.

### J Husbands and Wives

A determination of separate "persons" made according to paragraph 253 shall not increase the value of an existing CRP-1.

### \*--K Adjusted Gross Income

The \$2.5 million adjusted gross income limitation provisions do not apply to CRP contracts that were effective before October 1, 2002.--\*

**\*--18 Specific Rules for 2002 Peanut Direct and Counter-Cyclical Payments**

**A 2002 Peanut DCP**

For 2002 peanut DCP payment purposes only, determinations made according to this handbook for historic peanut producers who were:

- producers in 2002, will be based on the producer's 2002 farming operation
- not producers in 2002, will be based on the producer's last year in farming during the 1998 through 2001 crop years.--\*

## Section 2 General Administration

### 34 Overview

---

#### A

#### Introduction

This section provides details on general payment limitation administration.

---

#### B

#### In This Section

The following paragraphs are included in this section.

Paragraph	Title	Page
35	Annual Notice to Producers	2-32
36	Public Information	2-35
37	Casual Advice	2-36

---

## 35 Annual Notice to Producers

---

### A

#### When to Provide Information

Annually advise all producers of the payment limitation and payment eligibility requirements in this paragraph. Use a newsletter and all other practical means available.

**Note:** It may be appropriate to provide this information more than once during a calendar year if there is more than 1 program operating in the county for which these rules apply.

---

### B

#### What Information to Provide

Notify producers of the:

- programs that are subject to the provisions of this handbook
- payment limitation amounts
- \*--average adjusted gross income limitation--\*
- following:
  - no program benefits subject to limitation may be provided until:
    - all required forms for the specific situation are provided
    - the necessary payment limitation and payment eligibility determinations are made
  - payment limitation and payment eligibility determinations may be initiated by COC or requested by the producer
  - a farm operating plan is not required to be filed annually

**Note:** Producers are required to notify the County Office of any changes in the farming operation which would affect a "person", "actively \*--engaged in farming", cash rent tenant, average adjusted gross income, or foreign person determination.--\*

---

Continued on the next page

## 35 Annual Notice to Producers (Continued)

**B****What  
Information to  
Provide  
(Continued)**

- there are statutory provisions that require entities earning program benefits that are subject to limitation to:
  - provide the names, addresses, and ID numbers of the entities' members to COC
  - inform the entities' members of the requirements for designating "permitted entities"
- \*--all CCC-501's, CCC-502's, and CCC-526's submitted by producers are--\* subject to spot check through the end-of-year review process

**Note:** Explain what information the producer must provide to COC.

- spouses may be considered separate "persons" for payment limitation purposes if this determination is requested and the applicable requirements are met
- a determination of not "actively engaged in farming" results in the producer being ineligible for any payment or benefit requiring a determination of "actively engaged in farming"
- \*--noncompliance with the adjusted gross income provisions, either by exceeding the \$2.5 million limitation or by failure to submit the applicable certification statement, will result in the determination of ineligibility for all program benefits subject to the adjusted gross income provisions; program benefits shall be reduced in an amount that is commensurate with the direct and indirect interest held by an ineligible individual or entity in any entity, general partnership, or joint operation that receives benefits subject to the average adjusted gross income limitation.--\*

## 36 Public Information

---

### A

#### Providing Information to the Public

Provide the following to any producer who requests such information:

- a copy of this handbook according to 12-DS
- any other program provisions pertaining to payment limitations, payment eligibility, or "person" determinations.

**Note:** State Offices are encouraged to keep handbook copies on hand for this purpose.

---

**37 Casual Advice**

---

**A  
Rule**

Casual advice shall not be given on:

- possible determinations
  - how to set up a farming operation to obtain additional payments.
-

#### 50 Filing Requirements

---

##### A

##### Initial CCC-502 Filing Requirements

[7 CFR 1400.2 (e)] There is no specific deadline for filing CCC-502, CCC-526, and related forms unless otherwise provided in specific program procedure. However, before a producer can be considered eligible for benefits subject to the provisions of this handbook, the producer must have filed the appropriate forms and documentation, and determinations must have been made according to Part 5.

---

Continued on the next page

## 50 Filing Requirements (Continued)

---

### B

#### If 1 or More Producers Fail to File

**[7 CFR 1400.2 (e)]** If 1 or more producers on a contract or application for benefits fail to file the applicable CCC-502, CCC-526, and related forms, the producers not filing the applicable forms will be ineligible to receive program benefits subject to eligibility and limitation from that contract or application.

This failure to file will not effect the eligibility of other producers who meet all filing requirements.

**Note:** Shares cannot be adjusted to circumvent the ineligibility of the producer who failed to file the applicable forms and related documentation.

---

### C

#### Required Updates

**[7 CFR 1400.2 (e)]** If the producer filed a new or updated CCC-502 and CCC-526 for 2003 or a later year, the producer is not required to file or update the information or certification unless there is a change in the farming operation--\* that would affect a determination. Changes that may affect a determination include, but are not limited to, a change:

- of contract shares of a contract, which **may** reflect:
    - change of land lease from cash rent to share rent
    - change of a land lease from share rent to cash rent

**Note:** The producer would be subject to the cash rent tenant rule.
  - modification of a variable/fixed bushel rent arrangement
  - \*--in the size of the producer's farming operation by the addition or reduction of cropland that may affect the application of a cropland factor.--\*
  - in the structure of the farming operation, including any change in the member's shares
  - of contributions of farm inputs of capital, equipment, active personal labor, or active personal management
  - acquisition of farming interests not previously disclosed on CCC-502 or update, including the farming interests of a spouse or minor child
- 

Continued on the next page

## 50 Filing Requirements (Continued)

---

### C

#### Required Updates (Continued)

- increase in income that may affect the 3-year average for the determination of average adjusted gross income or other change that affects eligibility under the average adjusted income limitation.
- 

### D

#### Documenting Changes

Changes to a farming operation may be documented on 1 of the following, depending upon the nature and extent of the changes:

- a photocopy of the previously filed CCC-502

**Note:** The producer should initial and date any changes.

- CCC-502 Continuation

**Note:** CCC-502 Continuation may be used to document changes affecting owned or leased land in the producer's farming operation.

- a new CCC-502.

**Note:** A new CCC-502 to document changes to the farming operation shall only be obtained if the extent of changes makes it impractical to record the changes by updating the previously filed CCC-502.

If changes are documented using CCC-502 photocopy or CCC-502 Continuation, CCC-502U shall also be completed, signed, and dated by the producer. See paragraph 55.

**Note:** \*-If a new CCC-502 is submitted:

- applicable determinations must be made and the producer notified according to Part 5
  - flag the producer as "pending" according to 2-PL, subparagraph 44 C until all determinations are finalized.--\*
- 

Continued on next page

## 51 (Withdrawn--Amend. 5)

## 52 Documentation

---

### A

#### Introduction

This paragraph provides guidelines on documentation needed to support COC determination.

---

### B

#### Adequate Documentation

COC shall require adequate documentation to support the applicable CCC-502 and \*--CCC-526.

**Definition:** Adequate documentation is whatever documentation is required by the reviewing authority to make proper "actively engaged in farming", "person" determinations, and the determination of average adjusted gross income compliance.

---

### C

#### Documentation Not Required

The reviewing authority should avoid requiring documents that are extremely personal if the determination can reasonably be made without the documents.

- COC may accept income tax returns to make the determination if **voluntarily** provided by the producer
- COC may request income tax returns, if necessary, to verify compliance with all payment eligibility requirements.--\*

It is not anticipated that amounts paid for land leases or equipment leases will be needed unless the equipment or land is leased from another member having an interest in the farming operation.

---

Continued on the next page

## 52 Documentation (Continued)

---

### D

#### Documentation That May Be Used

Supporting documents may include legal documentation concerning:

- land ownership
- corporations

**\*--Note:** Copies of articles of incorporation, corporate meeting minutes, and stock certificates must be provided by a corporation to determine signature authority and corporate shares.--\*

- trusts

**Note:** A copy of the trust agreement must be provided by the trust unless the trust is revocable.

- partnerships
  - operating agreements
  - leases
  - financial agreements, including letters of credit
  - any other information, including income tax returns, needed to apply the \*--payment eligibility and payment limitation rules.--\*
- 

### E

#### Scrutiny of Trusts

All trusts that receive payments shall be carefully scrutinized to ensure that the trusts are legitimate entities and have not been created solely for evading payment limitation provisions.

County Offices shall:

- require trusts to provide a copy of the trust agreement unless the trust is a revocable trust
  - determine whether provisions are included in the trust agreement that would require the trust to be considered a revocable trust according to paragraph 362.
- 

Continued on the next page

52 Documentation (Continued)

---

**F**

**Determination  
Deadline**

Additional information may be requested at COC's option. However, this will not extend the 60-day period for making a determination. If the file, as submitted by the producer, does not support a favorable finding, COC shall make a determination based on the file as it exists.

---

**G**

**Returning  
Documentation**

Any legal documentation obtained should be returned to the producer as soon as possible. Keep photocopies for the payment limitation file if needed to support COC's determination.

---

**\*--52.5 FLP Participants**

---

**A**

**Information  
Exchange**

FLM or appropriate farm loan staff shall be provided copies of the following information on any program participant that is also an FLP borrower:

- new or updated CCC-502 A, B, C, or D and supporting documentation submitted
- CCC-501 A and B submitted
- the resultant CCC-503 A
- written notice of determination for payment eligibility and payment limitation purposes
- written notice of selection for End of Year Review for payment eligibility and payment limitation compliance purposes
- written notice of any determination that may adversely affect payment eligibility and payment limitation.

**Note:** This includes all farming interests of the FLP borrower, whether as an individual, or member of, or interest holder in an entity or joint operation.

--\*

---

Continued on the next page

**\*--52.5 FLP Participants (Continued)**

---

**B**

**Discrepancies**

If representations made for program payment eligibility/limitation purposes and those made for FLP purposes are found to be different, **and** have the appearance of adversely affecting payment eligibility or the application of any determination previously made, the discrepancies shall be resolved:

- by the program participant/FLP borrower to the satisfaction of COC and FLP reviewing authority
  - before any further disbursement of any program benefits subject to the regulations at 7 CFR Part 1400 and provisions of this handbook.--\*
-

I agree that the "person," "actively engaged in farming," and cash-rent tenant determinations made in a previous year will remain in effect for the current and subsequent years unless a change occurs which would affect these determinations. I understand I will receive no additional notification of these determinations unless the noted changes result in a different payment eligibility/person determination. I will promptly notify the County FSA Office of any change which would affect these determinations.</p> <p><b>NOTE:</b> Changes that may affect the determination include but are not limited to a change in the structure of the farming operation, such as shares or members; a change in lease arrangements; significant changes in inputs to the farming operation.</p>

## Section 4 General Application Rules

### 69 Overview

---

#### A

#### Introduction

This section describes rules that have general application.

---

#### B

#### In This Section

The following paragraphs are included in this section.

---

**70 Custom Farming**

---

**A**

**Applicability**

There are no specific provisions for custom farming. Make "person" and "actively engaged in farming" determinations according to Part 4 for any individual or entity receiving custom farming services.

---

## 71 Scheme or Device

---

### A

#### Introduction

To ensure producer compliance with the intent of payment limitation and payment eligibility provisions, scheme or device detection is essential.

This paragraph provides guidelines and rules for determining and detecting a scheme or device.

---

### B

#### Statutory Background

The Omnibus Budget Reconciliation Act of 1987 amended the Food Security Act of 1985 to require that when the Secretary determines that a person has adopted a scheme or device to evade, or that has the purpose of evading, the provisions of this handbook, the person shall be ineligible to receive farm program payments subject to limitation for the crop year for which the scheme or device was adopted and the succeeding crop year.

Before implementation of the Omnibus Budget Reconciliation Act of 1987, rules for determining a scheme or device were in 7 CFR Part 795.

---

### C

#### Scheme or Device Rule

Any producer who has adopted or participates in adopting a scheme or device that is designed to evade, or has the effect of evading, the rules of the payment limitation and payment eligibility provisions shall be ineligible to receive payments under the programs covered by this

**\*--handbook for all farms in which the "person" and scheme or device participant, as applicable, have an interest for the year in which the--\***  
scheme or device was adopted and the succeeding year.

---

71 Scheme or Device (Continued)

---

\*--D

**Scheme or  
Device Detection**

State and County Office personnel shall be aware of their responsibilities in detecting and reviewing suspected schemes or devices. To assist in scheme or device detection, State and County Offices, as appropriate, shall:

- compare automated multi-County producer files with information reported on CCC-502's to identify unreported farming interests
  - use other system-generated reports and queries to identify possible schemes or devices
  - closely scrutinize joint operations having individual members who are also stockholders, members, etc., of a member entity
  - request OIG's assistance through the State Office, as appropriate--\*
-

## 71 Scheme or Device (Continued)

**E****Acts That May Be a Scheme or Device**

\*--[7 CFR 1400.5 (a)] Acts, such as the following, shall be considered a--\*  
scheme or device:

- concealing information that affects the application of the payment limitation provisions
- submitting false or erroneous information
- creating fictitious entities for the purpose of concealing the interest of a "person" in a farming operation.

**F****COC or STC Determination**

This table provides required action after COC or STC determination.

<b>IF COC or State Office determines...</b>	<b>THEN...</b>
a scheme or device was adopted to evade, or that had the purpose of evading, the provisions of this handbook	<p>the State or County Office, as appropriate, shall:</p> <ul style="list-style-type: none"> <li>• obtain DD concurrence of COC's determination</li> </ul> <p><b>Note:</b> DD shall initial the determination in COC minutes.</p> <ul style="list-style-type: none"> <li>• notify all County Offices in which the scheme or device participant or "person" has an interest of the determination</li> <li>• notify the scheme or device participant or "person" of the determination</li> <li>• obtain a refund of all payments received by the scheme or device participant or "person" for the year in which the scheme or device was adopted</li> <li>• <b>not</b> make payments to the scheme or device participant or "person" in the succeeding year.</li> </ul>
the producer or "person" did not adopt or participate in adopting a scheme or device	the producer or "person" is eligible to receive program benefits.

## 72 Joint and Several Liability

---

### A

#### Rule

If 2 or more individuals or entities that are considered 1 "person" receive payments totaling more than the limitation, the individuals or legal entities are jointly and severally liable for the refund.

The amount of liability shall not exceed the total amount due under any contract to which an individual or entity is a party. See 58-FI \* \* \*.

**Note:** This liability is in addition to any liability that may arise under a criminal or civil statute.

---

## 73 (Withdrawn--Amend. 34)

## 74 Status Date

## A

**\*--Application of Status Date**

**[7 CFR 1400.100 (a)]** The status of an individual or entity on April 1 of the applicable crop, program, or fiscal year is the basis on which “person” determinations are made for the applicable crop, program, or fiscal year.

Actions taken by an individual or entity after April 1 of the applicable crop, program, or fiscal year shall:

- not increase the number of “persons” for the applicable crop, program, or fiscal year
- be used to determine whether there has been a decrease in the number of “persons” for the applicable program or fiscal year.

## B

**Examples of Application of Status Date**

**Situation:** As of April 1, two individuals are married and their status as husband and wife results in them being combined as 1 “person”. Later in the same year, the individual divorce.

**Application of Status Date:** The 2 individuals shall be combined as 1 “person” for the applicable crop, program, or fiscal year even if they subsequently divorce during the year.

**Situation:** As of April 1, an individual was a minor and was combined as 1 “person” with his/her parents. Later in the same year, the individual reaches the age of majority.

**Application of Status Date:** The individual shall be combined 1 “person” with his/her parents for the applicable crop, program, or fiscal year even through the age of majority is reached during the year.

**Situation:** As of April 1, Individual A held a majority interest in Corporation X. Later in the same year, Individual A’s interest in Corporation X is reduced to 50 percent or less. Individual B acquires a majority interest in Corporation X.

**Application of Status Date:** Individual A shall be combined as 1 “person” with Corporation X for the applicable crop, program, or FY. Individual B shall also be combined as 1 “person” with Corporation X for the applicable crop, program, or fiscal year.--\*

**75 Two or More Rules Apply**

---

\* \* \*

**A**

**Rule**

If 2 or more rules seem to be applicable, apply the rule that is most restrictive.

## 90 Determining Farming Operations

---

### A

#### Definition of Farming Operation

A farming operation is a business enterprise engaged in the production of agricultural products.

---

### B

#### Description

An individual's, entity's, or joint operation's farming operation consists of the acreage on all farms in all counties in which the individual, entity, or joint operation has an interest in the agricultural products or proceeds from the agricultural products produced. This includes all acreage in which the individual, entity, or joint operation is a producer, regardless of whether the acreage is:

- rented on a crop-share basis
- rented on a cash-lease basis
- owned by the producer.

**Note:** Exclude the owned acreage that has been cash rented to a cash-rent tenant if the landowner has no interest in any crop or crop proceeds from the acreage for the year.

**\*--Exception:** The farming operation of a landowner includes only the acreage owned by the landowner if both of the following apply:

- land owned by different landowners is combined into 1 farm with other tracts so that crops can be rotated anywhere on the entire acreage and the claimed share of the crops or crop proceeds is proportionate to size and value of the land and CAB's contributed
  - the landowner is not also a tenant on the farm.--\*
- 

### C

#### Multiple Farming Operations

An individual or entity may have more than 1 farming operation if the individual or entity has an interest in 1 or more joint operations. Each interest in a joint operation will be an additional farming operation for the individual or entity.

Two Buddies Partnership	Farm 19.

**Note:** None of the individuals or entities have any other farming interests. Pete Smith and Henry Black have no individual farming operation.

## 91 Interest in a Farming Operation

---

### A Examples of Interest in a Farming Operation

The following are considered interests in a farming operation:

- any producer who shares in the production or proceeds of the production from the farming operation
  - **\*--landowners have an interest in the farming operation containing the land owned, whether or not the landowner has an interest in the production or proceeds from the production--\***
  - landlords, including landowners, have an interest in the farming operation containing the acreage owned or leased, whether or not the landlord has an interest in the production or proceeds from the production
  - **\*--a member of a joint operation when the joint operation is a producer in the farming operation--\***
  - general partner of a limited partnership when the limited partnership is a producer in the farming operation
  - grantor of a revocable trust when the trust is a producer in the farming operation.
- 

### B Examples of No Interest in a Farming Operation

The following are not considered interests in a farming operation:

- stockholders in a corporation when the corporation is a producer in the farming operation
  - limited partners of a limited partnership when the limited partnership is a producer in the farming operation
  - members of an association when the association is a producer in the farming operation
- 

Continued on the next page

**91 Interest in a Farming Operation (Continued)**

---

**B**

**Examples of No  
Interest in a  
Farming  
Operation  
(Continued)**

- heirs to an estate when the estate is a producer in the farming operation
  - beneficiaries of a trust when the trust is a producer in the farming operation
  - grantors of an irrevocable trust when the trust is a producer in the farming operation
  - trustees and personal representatives of a trust or estate when the trust or estate, respectively, is a producer in the farming operation.
- 

**C**

**Most Restrictive  
Rule**

The application of a more restrictive rule may apply if an individual has an interest in another person's farming operation.

---

## 92 Total Value of a Farming Operation

---

### A

#### Introduction

The total value of a farming operation must be computed when determining whether:

- the contributions made by the individual or entity are significant
  - contributions are commensurate with the claimed share of profits or losses from the farming operation.
- 

### B

#### Definition

The total value of a farming operation is the total of the costs, excluding the value of active personal labor and active personal management that is contributed by a member of the farming operation, needed to carry out the farming operation for the year for which the determination is made.

**C****Example 1,  
Scenario**

Partnership ABC has 3 equal partners, A, B, and C. Partnership ABC farms 2,000 acres of cropland growing corn and various vegetables. All of the land that Partnership ABC farms has a rental value equal to \$42 per acre.

Partner A contributes land with a total rental value of \$24,000 to the partnership. Partner A cash rents this land from a landowner with no interest in Partnership ABC's farming operation. Partner A's contributions to Partnership ABC also include equipment with a rental value of \$12,000 and \$12,000 of capital. None of Partner A's contributions are acquired as the result of a loan.

Partner B contributes land with a total rental value of \$12,000 to the partnership. Partner B cash rents this land from a landowner with no interest in Partnership ABC's farming operation. Partner B's contributions to Partnership ABC also include equipment with a rental value of \$12,000 and \$24,000 of capital. None of Partner B's contribution are acquired as the result of a loan.

Partner C contributes land with a total rental value of \$12,000 to the partnership. Partner C owns this land. Partner C's contributions to Partnership ABC also include equipment with a rental value of \$12,000 and \$24,000 of capital. None of Partner C's contributions are acquired as the result of a loan.

Partnership ABC rents land from other landowners for a one-third **\*--share of the crop with a value of \$36,000. Partnership ABC--\*** contributes owned equipment with a rental value of \$21,000 and \$99,000 of capital to the farming operation.

Each of the partners share equally in the labor and management of this farming operation and no additional labor or management is hired.

**E****Example 1,  
Determination**

The rental value of all the land involved in this farming operation is \$84,000.  
 This rental value is derived by the following inputs:

- Partner A's contribution of cash-rented land with a value of \$24,000
- Partner B's contribution of cash-rented land with a value of \$12,000
- Partner C's contribution of owned land with a rental value of \$12,000
- **\*--share-rented land with a value of \$36,000 that is not attributed to any 1 partner or to the partnership.--\***

**Note:** If land is owned, a rental value that is normal for the area must be used when determining its value.

**92 Total Value of a Farming Operation (Continued)**

---

**E****Example 1,  
Determination  
(Continued)**

The total amount of capital needed by this farming operation is equal to \$159,000. This figure is arrived at by taking the total expenditures necessary to conduct this farming operation and subtracting any equipment and land costs that will be expended by the partnership. The capital is derived by the following inputs:

- Partner A's contribution of \$12,000 of capital
- Partner B's contribution of \$24,000 of capital
- Partner C's contribution of \$24,000 of capital
- Partnership ABC's contribution of \$99,000 of capital.

The rental value of all of the equipment used on this farming operation is \$57,000. This rental value is derived by the following inputs:

- Partner A's contribution of owned equipment with a rental value of \$12,000
- Partner B's contribution of leased equipment with a rental value of \$12,000
- Partner C's contribution of owned equipment with a rental value of \$12,000
- Partnership ABC's contribution of owned equipment with a rental value of \$21,000.

**Note:** If equipment is owned, a rental value that is normal for the area must be used when determining its value.

Each partner is equally providing active personal labor and active personal management; therefore, no value is affixed to these contributions in determining the total value of the farming operation.

**\*--The total value of this farming operation is equal to \$300,000.--\***

Partner A contributes land with a total rental value of \$5,000 to the partnership. Partner A cash rents this land from a landowner with no interest in Partnership ABC's farming operation.

Partner B contributes land with a total rental value of \$5,000 to the partnership. Partner B cash rents this land from a landowner with no interest in Partnership ABC's farming operation.

Partner C contributes land with a total rental value of \$5,000 to the partnership. Partner C owns this land.

Partnership ABC contributes land with a total rental value of \$69,000 to the farming operation. Partnership ABC owns this land. Partnership ABC contributes owned equipment with a rental value of \$57,000 and \$159,000 of capital to the farming operation. The capital is borrowed from a local bank and is not secured by any of the partners individually.

Partnership ABC will hire all of the labor needed to conduct this farming operation. The labor cost for this operation will be \$30,000.

Each of the partners share equally in the management of this operation and no additional management is hired.

This figure is arrived at by taking the total expenditures necessary to conduct this operation and subtracting any equipment, land, and labor costs that will be expended by the partnership. The capital for this operation is being provided by Partnership ABC.

The rental value of all of the equipment used on this farming operation is \$57,000. Partnership ABC is contributing owned equipment with a rental value of \$57,000.

**Note:** If equipment is owned, a rental value that is normal for the area must be used when determining its value.

All of the labor for this farming operation is hired by Partnership ABC and will cost \$30,000.

Each partner will equally provide active personal management; therefore, no value is affixed to this contribution in determining the total value of the farming operation.

The total value of this farming operation is equal to \$330,000.

## 93 Determining Bona Fide and Substantive Change

---

### A

#### Background

\* \* \* The Food Security Act of 1985, as amended, requires that the Secretary may not approve, for purposes of the application of payment limitations, any change in a farming operation that will increase the number of "persons", unless the Secretary determines that the change is bona fide and substantive.

---

### B

#### Rule

COC may not approve any change in a farming operation that will otherwise increase the number of "persons" to which payment limitations are applied for the \*--current year, unless a "substantive change" in the farming operation occurs for the current year.

**Note:** The comparison for substantive change purposes is always between the current year's operation and the previous year's operation.--\*

---

### C

#### Substantive Change Not Required

A substantive change is not required to be met for the current year when both of the following conditions are met:

- the change in the farming operation took effect in the previous year
- the farming operation was conducted in the previous year as submitted to COC.

\*--**Note:** Substantive change is not required if the increase in "persons" is due to the application of the procedure applicable to separate "persons" status for husbands and wives.--\*

---

Continued on the next page

## 93 Determining Bona Fide and Substantive Change (Continued)

**D**

**Substantive Change Requirements** [7 CFR 1400.109] If bona fide, the following are considered substantive changes.

Change	Requirement
Family member	The addition of a family member to a joint operation according to the "adult family member" provision as specified in paragraph 295.  <b>Note:</b> An addition will not affect the status of any other individual or entity that is added to the joint operation.
* * *	
Land rental	For a landowner only, a change from cash rent to share rent.
Cropland	An increase through the acquisition of land not previously involved in the farming operation. The increase must be approximately 20 percent or more of the total cropland involved in the farming operation if such cropland has planting history of an amount which is at least normal for the area.
Ownership	A change in ownership by sale or gift of equipment or land from an individual or entity previously engaged in the farming operation to an individual or entity who has not been engaged in this operation is considered substantive, only if the transferred amount is commensurate with the new individual's or entity's share of the farming operation.
Equipment	The addition of equipment not previously involved in the farming operation may be considered substantive, if the rental value of the new equipment contributed is commensurate with the new "person's" share of the rental value of all equipment on the farming operation.
* * *	

**Note:** Substantive changes must be legitimate "arms length" business transactions. Documents that provide evidence of a change in farming operations that are fictitious or not legally binding are not acceptable.

Continued on the next page

**93 Determining Bona Fide and Substantive Change (Continued)**

---

**E**

**Changes Not  
Substantive**

The following are **not** considered to be bona fide and substantive changes:

- a decrease in the amount of land
- the dissolution of an entity
- "paper changes."

---

**F**

**Definition of  
Paper Changes**

Paper changes are changes to the farming operation that are not substantive where the same individuals or entities created by those individuals continue to engage in farming the same land with the same equipment, usually leased from an individual or entity for which the rules would require more restrictive application of the limitation.

---

**94 Substantive Change Rule for Individuals**

**A**

**Individual  
Beginning to  
Farm**

If an individual begins to farm and is not a member of an entity or joint operation, **no** substantive change is required to be considered a separate "person".

**B**

**Member of an  
Entity**

This table provides guidance to determine when a substantive change is required for an individual beginning to farm.

<b>IF the individual owns, directly or indirectly, 50 percent or more interest in an entity that...</b>	<b>AND the individual will...</b>	<b>THEN a substantive change...</b>
produced program crops, *- <b>-or products or participated in a program subject to limitations--*</b> the previous year	operate any land that was in the farming operation of the entity as an individual or a member of a joint operation	<b>is required.</b>

**--Situation:** Individual A owns 50 percent of Corporation AB--\* **that produced crops on a 600-acre farming operation last year. This year Corporation AB and Individual A will each operate part of the land that was in the farming operation of Corporation AB.**

**Determination:** A substantive change would be required because  
\*--Individual A owns 50 percent of Corporation AB.--\*

---

**D****If Substantive Change Is Not Met**

If there is an increase in the number of "persons" in a farming operation, that results in applying the substantive change provisions, and a substantive change is not met:

- continue to recognize the "persons" for payment limitation purposes that were recognized in the previous year
- consider the "new person" who did not meet the substantive change ineligible for payment.

**Note:** The recognized "person's" shares cannot be adjusted to circumvent the ineligibility of the "new person".

## 95 Substantive Change Rule for Joint Operations

### A

#### Introduction

This paragraph provides guidelines for determining when substantive change is required for joint operations.

### B

#### New Joint Operation Formed

Use this table to determine when substantive change is required for a new joint operation.

\*--

IF...	THEN substantive change...
none of the members produced program crops, or products, or participated in a program subject to limitation in the previous year	would not be required.
some of the members produced program crops, or products, or participated in a program subject to limitation in the previous year	would be required. <b>Note:</b> See subparagraph C.
all of the members produced program crops, or products, or participated in a program subject to limitation in the previous year	would not be required.

**Note:** Substantive change would be required if a new joint operation will be farming any of the land that was farmed by an entity in which members of the new joint operation held a 50 percent or greater interest.--\*

Continued on the next page

**95 Substantive Change Rule for Joint Operations (Continued)****C****Joint Operation  
Existed in the  
Previous Year**

Use this table to determine when substantive change is required for a joint operation that existed in the previous year.

<b>IF there is an addition of 1 or more members to a joint operation that existed in the previous year and there is...</b>	<b>AND the "person"...</b>	<b>THEN substantive change...</b>
an increase in the total number of *--"persons" in the joint operation--*	causing the increase produced program crops, or products, or participated in a program subject to limitation in the previous year	would not be required.
	causing the increase did not produce program crops, or products, or participation in a program subject to limitation in the previous year	would be required.
no overall increase in the number of *--"persons" in the joint operation--* because of 1 or more of the members in the previous year leaving the joint operation	leaving the farming operation continues to farm any land that was part of the previous year's joint operation	would be required *--unless offset by a decrease in "persons" in the joint operation.--*
	leaving the farming operation does not farm any land that was part of the previous year's joint operation	would not be required.

**Notes:** If the increase in land provision is used for a substantive change, the 20 percent increase in land would be calculated from the amount of land that was in the joint operation in the previous year.

The 20 percent increase in land could be obtained in either of the following ways:

- the joint operation increases the land in the farming operation
- the individual or entity that left the joint operation, if applicable, increases the amount of land farmed.

### D

#### Other Provisions

Other than according to subparagraphs B and C, a substantive change **is** required when both of the following apply:

- at least 1 of the members of the joint operation did not produce program crops \* \* \* or participate in CRP in the previous year
- the joint operation will operate any of the land that was in the farming operation of members who did produce program crops \* \* \* or participate in CRP in the previous year.

**Note:** If the increase in land provision is used, the 20 percent increase in land shall be calculated from the amount of land that was in the previous year's joint operation.

---

### E

#### Example 1, Joint Operation Existed - Increase in Persons

**Situation:** Partnership ABC produced program crops last year. This year Individual D buys an equal share of Partnership ABC. Individual D did produce program crops last year.

**Determination:** A substantive change is not required because Individual D is an old producer; therefore, there has been no increase in "persons."

---

#### Example 2, Joint Operation Existed - Increase in Persons

**Situation:** Partnership ABC produced program crops last year. This year Individual D buys an equal share of Partnership ABC. Individual D did not produce program crops last year. Partnership ABC's farming operation last year consisted of 1,000 acres.

**Determination:** A substantive change is required. If the increase in land provision is used, the 20 percent increase is based on the 1,000 acres Partnership ABC operated last year.

### G

#### Example 1, Joint Operation Existed - No Overall Increase in "Persons"

**Situation:** Partnership ABC produced program crops last year.

- This year Individual C sells his share of Partnership ABC to Individual D. Individual D did not produce program crops last year.
- Partnership ABC's farming operation last year consisted of 1,000 acres.
- Individual C will farm 300 acres of the land that was in Partnership ABC's farming operation last year.

**Determination:** A substantive change would be required before recognizing Individual D as a "person."

- One way of doing that would be if Partnership ABC added 200 acres (20 percent of 1,000) to its farming operation that was not in Partnership ABC's farming operation last year.
  - Individual C could also meet the requirement if Individual C farmed 200 acres of land that was not in Partnership ABC's farming operation last year.

**Determination:** A substantive change would be required before recognizing Individual C as a "person." **Determination:** A substantive change would be required before recognizing Individual C as a "person."

- One way of doing that would be if Partnership BC added 120 acres (20 percent of 600) to its farming operation that was not part of the farming operation of Partnership AB.
  - Another way of meeting the substantive change would be if Partnership AB added 120 acres (20 percent of 600) to its farming operation that was not part of the farming operation last year.

#### Produced Program Crops Previous Year

**\*--If an entity produced program crops, or products, or participated in a program subject to limitation in the previous year, a substantive--\*** change is not required.

---

### B

#### Did Not Produce Program Crops Previous Year

- operate land that was in the farming operation of members who produced program crops, or products, or participated in a program subject to limitation in the previous year, a substantive change **would** be required

**Situation:** Individual A produced program crops on a 600-acre farming operation last year. Individual B produced program crops on a 400-acre farming operation last year. Individual C did not produce program crops last year.

- This year Individuals A, B, and C form a corporation with equal shares and will produce program crops on a farming operation that includes some of the land that was in Individual A's farming operation last year.
- Individuals A and B will also farm this year.

**Determination:** A substantive change would be required before Corporation ABC would be recognized as a "person" in accordance with subparagraph B. ---

**F****Example 3**

**Situation:** Individual A produced program crops on a 600-acre farming operation last year. Individual B produced program crops on a 400-acre farming operation last year. Individual C did not produce program crops last year. This year Individuals A, B, and C form a corporation with equal shares and will produce program crops on a farming operation that is composed of land that was operated in the previous year by Individual Z. Individual Z no longer farms.

**Determination:** A substantive change would not be required because none of the land operated by the corporation was operated by Individual A or B in the previous year.

---

**G****Substantive  
Change Not Met**

If there is an increase in the number of "persons" in a farming operation, that results in applying the substantive change provisions, and a substantive change is not met:

- continue to recognize the "persons" for payment limitation purposes that were recognized in the previous year
  - consider the "new person" who did not meet the substantive change ineligible for payment.
-

97 Two or More Rules Apply

---

A

**Two or More Rules Are Applicable**

If 2 or more rules appear to be applicable, apply the rule that is most restrictive on whether a substantive change is required.

---

B

**Example**

**Situation:** In the previous year, Individuals A and B had separate farming operations and both produced program crops.

For the current year, Individuals A and B form:

- Corporation AB that is composed of Individuals A and B who each have a 50 percent ownership interest
- AB Joint Operation that is composed of Individual A, Individual B, and Corporation AB, each having a one-third share.

**Determination:** Subparagraph 95 D applies and provides that if the increase in land provision is used, the 20 percent increase in land shall be calculated from the amount of land that was in the previous year's joint operation. If the most restrictive rule is not applied, no substantive change would appear to be required if the increase in land provision is used since the joint operation did not farm in the previous year. However, paragraph 96 applies and a substantive change is required.

**Section 6 "Person" Determinations****109 Overview**

---

**A****Introduction**

This section explains general provisions relating to "person" determinations.

---

**B****In This Section**

The following paragraphs are included in this section.

<b>Paragraph</b>	<b>Title</b>	<b>Page</b>
110	Defining "Person"	2-152
111	Two or More Rules Apply	2-153
112	Combined Individuals or Entities	2-154
113	Assumed Name Operations	2-155
114	Resolving "Persons"	2-156

---

## 110 Defining "Person"

---

### A

#### Definition

A "person" is:

- an individual, or an individual participating as a member of a joint operation or similar operation
- a corporation, joint stock company, association, limited stock company, limited partnership, irrevocable trust, revocable trust together with the grantor of the trust, estate, or charitable organization including any entity participating in the farming operation as a partner in a general partnership, a participant in a joint venture, a grantor of a revocable trust, or a participant in a similar entity
- a State, political subdivision, or agency thereof.

**Note:** A cooperative association of producers that market commodities \*-- shall **not** be considered the "person," and payments and benefits thereby limited for the commodities marketed for the producers.--\*

---

### B

#### Separate "Person" Requirements

For an individual or entity to be considered a separate "person," the individual or entity must:

- have a separate and distinct interest in the land or crop involved
- exercise separate responsibility for this interest
- maintain funds or accounts separate from that of any other individual or entity for this interest.

**Note:** A member of a joint operation is considered to have met these requirements if the joint operation meets these requirements.

---

111 Two or More Rules Apply

---

**A**  
**Rule**

If 2 or more rules appear to be applicable, apply the rule that is most restrictive on the number of "persons".

---

**112 Combined Individuals or Entities**

---

**A  
Rule**

When 2 or more individuals or entities are determined to be 1 "person" for payment limitation purposes:

- the determination applies to all programs subject to the provisions of this handbook
- the allowable payment may be distributed:
  - as agreed to by all parties

**Note:** The amount for each producer may not exceed the producer's commensurate share.

- by COC, with DD concurrence, if the parties cannot agree.

**Note:** COC shall distribute payments fairly and equitably.

---

## 113 Assumed Name Operations

---

### A

#### Definition

An assumed name operation is a farming operation that conducts itself using a business name.

---

### B

#### Example

Jane Smith conducts her farming operation under the name of Smith Enterprises.

---

### C

#### Making Determinations

When making determinations for an assumed name operation, the determination will be for the:

- individual if the individual owns the farming operation but uses an assumed name to conduct the operation
  - owner of the business if the farming operation is conducted under the same name as another business owned by the individual.
-

**\*--114 Resolving "Persons"**

---

**A**

**Introduction**

An entity or joint operation filing CCC-502 may have members, etc. which are entities.

---

**B**

**Required  
Determinations**

The responsibility for making "person" determinations extends to whatever level is required to resolve all entities.--\*

132	Landowner Exemption	2-177
133	Landlord	2-178.5
134	Percent of Cropland Factor	2-181

---

## 131 General Considerations

---

### A

#### Introduction

For an individual or entity to be considered "actively engaged in farming," the participant must make a significant contribution of certain farming inputs. This paragraph lists and defines these contributions.

---

### B

#### General Provisions

In general, for an individual or entity to be considered "actively engaged in farming," the requirements of this table must be met.

Item	Requirement
1	<p>Significant "left-hand" contributions to the farming operation of 1 or a combination of the following:</p> <ul style="list-style-type: none"> <li>• capital</li> <li>• land</li> <li>• equipment.</li> </ul> <p><b>Note:</b> See paragraphs 274 and 295 for exceptions.</p>
2	<p>Significant "right-hand" contributions to the farming operation of 1 or a combination of the following:</p> <ul style="list-style-type: none"> <li>• active personal labor</li> <li>• active personal management.</li> </ul> <p><b>Note:</b> See paragraph 132 for exception.</p>
3	A claimed share of the profits or losses from the farming operation that is commensurate with contributions to the farming operation.
4	Contributions that are at risk.

---

### C

#### Definition of Capital

For payment limitation purposes, capital consists of the funding \* \* \* provided by an individual or entity to the farming operation for the operation to conduct farming activities.

---

Continued on the next page

131 General Considerations (Continued)

---

**D**

**Definition of Land**

For payment limitation purposes, land is farmland consisting of cropland, pastureland, wetland, or rangeland that meets the specific requirements of the applicable program.

---

**E**

**Definition of Equipment**

For payment limitation purposes, equipment is the machinery and implements needed by the farming operation to conduct activities of the farming operation.

This includes:

- machinery and implements needed for:
    - land preparation, planting, cultivating, or harvesting of the crops involved
    - establishing and maintaining conservation cover crops or conservation use acreages
    - conducting livestock operations
  - irrigation equipment that is:
    - not of a permanent nature
    - commonly used in the area.
- 

**F**

**Definition of Active Personal Labor**

Active personal labor is defined as personally providing physical activities necessary in a farming operation.

These activities include physical activities:

- involved in land preparation, planting, cultivating, harvesting, and marketing of agricultural commodities
  - required to establish and maintain conserving cover crops or conserving use acreages
  - required in livestock operations.
- 

Continued on the next page

**131 General Considerations (Continued)**

---

**G****Active Personal Management**

Active personal management is defined as personally providing:

- the general supervision and direction of activities and labor involved in the farming operation
- services, whether performed on-site or off-site, reasonably related and necessary to the farming operation, including any of the following:
  - supervision of activities necessary in the farming operation
  - business-related actions that include discretionary decision making
  - evaluation of the financial condition and needs of the farming operation
  - assistance in structuring or preparing financial reports or analyses for the farming operation
  - consultations in or structuring of business-related financing arrangements for the farming operation
  - marketing and promoting agricultural commodities produced by the farming operation
  - acquiring technical information used in the farming operation
  - any other management function necessary to conduct the farming operation and for which the operation would ordinarily be charged a fee.

---

Continued on the next page

131    **General Considerations (Continued)**

---

**H**

**Hybrid Seed  
Producers**

The existence of a hybrid seed contract for a producer shall not be taken into account when making an "actively engaged in farming" determination with respect to the producer. However, all other "actively engaged in farming" provisions shall apply.

---

**132 Landowner Exemption**

---

**A  
Rule**

A landowner shall be considered "actively engaged in farming" with respect to the owned land if all of the following requirements are met.

Item	Requirement
1	The landowner contributes owned land to the farming operation for which the landowner receives rent or income for use of the land based on the land's production or the operation's operating results.
2	The landowner's share of the profits or losses from the farming operation is commensurate with the landowner's contribution to the operation.
3	The landowner's contributions are at risk.

---

**B  
Other Participants  
That Use This Rule**

This rule also applies to landowners who:

- \*--are individuals, including individuals with a life estate in the land--\*
  - are entities, such as corporations, trust, or estates
  - have an undivided interest in the land.
- 

Continued on the next page

**132 Landowner Exemption (Continued)**

---

**B****Other Participants  
That Use This Rule,  
Continued**

- are members of a joint operation if the joint operation holds title to the land.

**Note:** This rule applies to joint operations only if 1 of the following applies:

- the members submit documentation to show the title to the land owned by the joint operation will revert to the individual members after dissolution of the joint operation

\*--according to each member's share in the joint operation--\*

**Note:** This requirement is considered met if the documentation provides that upon dissolution of the joint operation, the land will be sold and the proceeds divided according to each member's share in the joint operation.

- if there is no documentation otherwise and the Regional Attorney advises that State law provides that upon dissolution of the joint operation the land will be sold and the proceeds divided according to each member's share in the joint operation.
-

133 Landlord

A

Rule

---

A landlord who is not a landowner shall be considered to be "actively engaged in farming" under the same rules as any other individual or entity that is not a landowner.

**Notes:** If the landlord provides leased or rented land to an operation in return for a share of the crop, the land will be considered as a contribution. Other contributions, as applicable, are required.

\*--See paragraph 172 for cash-rent tenant requirements.--\*

B

Example 1

---

**Situation:** Landowner A cash leases land to Individual B. Individual B subleases the land to Operator C. Individual B contributes land and does not contribute a significant amount of active personal labor or active personal management to the farming operation.

**Determination:** Individual B is not "actively engaged in farming." Individual B cannot be considered to be "actively engaged in farming" because of the landowner provision, since Individual B is a landlord and not a landowner. Landowner A is not "actively engaged" on this farming operation since cash rent is received for the use of the land, but may be "actively engaged" with respect to another farming operation. A separate determination will be made for Operator C.

---

Continued on the next page

133 Landlord (Continued)

---

## C

## Example 2

**Situation:** Individual D cash leases land from Landowner E. Individual D subleases the land to Producer C on a share-rent basis. Individual D contributes the land and active personal management to the farming operation.

**Determination:** Because Individual D cash rents the land from Landowner E, Individual D:

- is a cash-rent tenant.

**Note:** A cash-rent tenant is eligible to receive program payments on the cash rented land, if the cash-rent tenant provides a significant contribution of either of the following:

- active personal labor and capital, equipment, or land
  - active personal management and equipment.
- is not the landowner and cannot be considered "actively engaged in farming" because of the landowner provision.

Because Individual D has provided a significant contribution of land and management, Individual D can be considered "actively engaged in farming". However, Individual D is **ineligible** to receive program payments on the cash rented land, because the necessary contributions for a cash-rent tenant were not made.

A separate determination will be made for Producer C.

Landowner E is not considered "actively engaged in farming" for this farming operation, but may be considered "actively engaged in farming" for another farming operation.

---

## 134 Percent of Cropland Factor

---

### A

#### Introduction

In some cases, producers may only be eligible for payment for a portion of the cropland in the farming operation. Therefore, FSA shall determine the percentage of the farming operation that is eligible for payment. This is determined based on the percent of cropland.

---

### B

#### When to Use

Use "percent of cropland" factor when a producer:

- does not provide a significant contribution of active personal labor or active personal management to the entire farming operation
- is "actively engaged in farming" and eligible for payment on a portion of the land in the farming operation because of the landowner provision
- is a cash-rent tenant and is ineligible for payment for the cash-rented land.

**Note:** The automated system does not handle cases where the producer is "actively engaged" on some but not all farming operations.

---

### C

#### Applying the Factor

The "percent of cropland" factor shall be applied to all program payments earned by the producer on each farm within the farming operation.

---

Continued on the next page

## 134 Percent of Cropland Factor (Continued)

### D

#### Determining the Factor

Determine a "percent of cropland" factor according to this table. CCC-504 may be used.

Step	Action
1	List the total cropland acres for each farm in the producer's farming operation and total the acres.
2	List the cropland acres owned by the producer on each of those farms and total the acres.  <b>Note:</b> Also include cropland acres that are not cash-rented and for which the producer meets the requirements to be eligible for payment.
3	Divide the result of step 2 by the result of step 1.
4	Multiply the factor from step 3 times the producer's payments earned on each farm.
5	Pay the producer the adjusted payment allowed for each farm as determined by step 4.

**\*--F****Example 1**

In this example, Sam Brown hires all labor and management necessary to conduct the farming operation.

<p style="text-align: center;"><b>Farm 20</b> <b>Tract 1 - 100 acres</b></p> <p>Operator - Sam Brown Owner - Sam Brown Rental - N/A</p>	
<p style="text-align: center;"><b>Farm 20</b> <b>Tract 2 - 100 acres</b></p> <p>Operator - Sam Brown Owner - Pete Smith Rental - Cash lease</p>	

**Result:**

The farming operation for Sam Brown is the entire acreage on Farm 20. There is no farming operation for Pete Smith because he does not have an interest in any crop or crop proceeds.

Because Sam Brown does not provide a significant "right hand" contribution to the farming operation, he may only be considered "actively engaged in farming" under the landowner exemption for that portion of the farming operation represented by land he owns.

Sam Brown owns 50 percent of the cropland in his farming operation. Therefore, payments to Sam Brown would be subject to a percent of cropland factor of 50 percent.--\*

**\*--G****Example 2**

This example is the same as example 1, except that the tracts are not combined as 1 farm. In this example, Sam Brown hires all labor and management necessary to conduct the farming operation.

<p style="text-align: right;"><b>Farm 21</b> <b>100 acres</b></p> <p>Operator - Sam Brown Owner - Sam Brown Rental - N/A</p>
--

<p style="text-align: right;"><b>Farm 22</b> <b>100 acres</b></p> <p>Operator - Sam Brown Owner - Pete Smith Rental - Cash lease</p>
--

**Result:**

The farming operation for Sam Brown is the entire acreage on Farm 21 and Farm 22. There is no farming operation for Pete Smith because he does not have an interest in any crop or crop proceeds.

Because Sam Brown does not provide a significant "right hand" contribution to the farming operation, he may only be considered "actively engaged in farming" under the landowner exemption for that portion of the farming operation represented by land he owns.

Sam Brown owns 50 percent of the cropland in his farming operation. Therefore, payments to Sam Brown would be subject to a percent of cropland factor of 50 percent.--\*

**\*--H****Example 3**

In this example, Sam Brown hires all labor and management necessary to conduct the farming operation.

<p style="text-align: center;"><b>Farm 23</b> <b>100 acres</b></p> <p>Operator - Sam Brown Owners - Sam Brown and Pete Smith (undivided joint interest) Rental - Cash lease</p>
---

**Result:**

Because Sam Brown does not provide a significant "right hand" contribution to the farming operation, he may only be considered "actively engaged in farming" under the landowner exemption for that portion of the farming operation represented by land he owns.

Because Sam Brown has an undivided ownership interest in the entire acreage in his farming operation, the percent of cropland owned is 100 percent. Accordingly, Sam Brown is "actively engaged in farming" on 100 percent of his farming operation and is eligible to receive 100 percent of the payment earned.--\*

Example 4

In this example, Sam Brown and Pete Smith each have a 50 percent share in the partnership. The partnership and the members do not have any other farming interests not indicated. Sam Brown shares in the pro rata share of all crops, regardless of where the crops are planted. The partnership agreement stipulates that upon dissolution, the land ownership will revert to the members according to their current shares of the partnership. The Brown and Smith partnership hires all labor and management necessary to conduct the farming operation.

<p style="text-align: center;"><b>Farm 24</b> <b>Tract 1 - 100 acres</b></p> <p>Operator - Brown and Smith, a general partnership Owner - Sam Brown Rental - .3333 crop share</p>
<p style="text-align: center;"><b>Farm 24</b> <b>Tract 2 - 100 acres</b></p> <p>* * *</p> <p>Owner - Brown and Smith, a general partnership Rental - N/A</p>

**Result:**

The partnership's farming operation is the entire acreage in Farm 24.

\*--Sam Brown's farming operation is the acreage in tract 1.

Because the members of the partnership do not provide a significant "right-hand" contribution to the farming operation, the members of the partnership are only considered to be "actively engaged in farming" under the landowner exemption for that portion of their farming operation represented by owned land. Therefore, a percent of cropland factor of 50 percent would apply to payments made to the partnership.

A percent of cropland factor of 100 would apply to Sam Brown since he is considered to be "actively engaged in farming" on his entire farming operation.--\*

**Example 5**

This example is similar to example 4, except that the tracts are not combined as 1 farm. In this example, Sam Brown and Pete Smith are members of Brown and Smith Partnership. Neither the partnership nor the members have any other farming interests not indicated. The partnership agreement stipulates that upon dissolution, the land ownership will revert to the members according to their current shares of the partnership. Brown and Smith Partnership hires all labor and management necessary to conduct the farming operation.

Owner - Brown and Smith, a general partnership

Rental - N/A

**Result:**

The partnership's farming operation consists of Farm 25 and Farm 26. Sam Brown's farming operation consists of the acreage in Farm 25, only. Because neither member of the partnership provides a significant "right hand" contribution to the farming operation, the members of the partnership may not be considered "actively engaged in farming" on the entire farming operation under the individual or joint operation provisions. The members of the partnership, as landowners of Farm 26, are considered "actively engaged in farming" under the landowner exception.--\*

**Example 5  
(Continued)**

Sam Brown, as individual landowner of farm 25, is considered "actively engaged in farming" under the landowner exception. This is 100 percent of Sam Brown's individual farming operation. Sam Brown's interest in the partnership is a separate farming operation.

The partnership owns 50 percent of the cropland in its farming operation. Therefore, the members of the partnership are "actively engaged in farming" on 50 percent of the partnership's farming operation and it is entitled to receive 50 percent of its earned payment on each farm in the farming operation.

**K**

**Example 6**

In this example, Brown, Smith, Black, and Jones Partnership is made up of the 4 individual landowners. The partnership and the members of the partnership do not have any other farming interests. Each farm is of equal size and value. The contributions of each partner are commensurate and at risk. Each of the landowners contribute their own land to the partnership, so no rent will be paid. All payments go to the partnership.

The partnership hires all labor and management necessary to conduct the farming operation

**Farm 30****100 acres**

**Result:**

The farming operation for the partnership consists of all the acreage in farms 27, 28, 29, and 30. Because the members do not provide "right hand" contributions, the members of the partnership are not "actively engaged in farming" under the individual or joint operation provisions. However, each individual is "actively engaged in farming" with respect to the actual land owned under the landowner exception.

Because the members of the partnership are not "actively engaged in farming" on the entire farming operation, only that portion earned with respect to the owned land may be paid. The percent of cropland owned by each owner is 25 percent. Accordingly, a 25 percent of cropland factor would be applied to the partnership's payment on each farm.--\*

## 150 Significant Contribution of Capital, Equipment, and Land

### A

#### Introduction

When a significant contribution of capital, equipment, or land is required, use the rule in this paragraph to determine what is considered "significant."

### B

#### Rules for Significant Contributions

This table shows the general rules for determining when a significant contribution is provided to a farming operation by an individual or entity.

Item	Rule
Capital	The capital must have a value equal to at least 50 percent of the individual's or entity's commensurate share of the total capital necessary to conduct the farming operation, excluding any outlays of capital for land or equipment.
Equipment	The equipment must have a rental value equal to at least 50 percent of the individual's or entity's commensurate share of the total rental value of the equipment necessary to conduct the farming operation.
Land	<p>The land must have a rental value equal to at least 50 percent of the individual's or entity's commensurate share of the total rental value of the land necessary to conduct the farming operation.</p> <p><b>Note:</b> Share rented land is a contribution of the landlord, not the share renter.</p>
Any combination of capital, equipment, and land	The combined contribution of capital, equipment, and land must have a value equal to 30 percent of the individual's or entity's commensurate share of the total value of the farming operation.

151 Specific Rules for Capital

---

**A**

**Introduction**

For capital to be a significant contribution to the farming operation, the capital contributed must meet the requirements of this paragraph.

---

**B**

**General Rule**

The capital must be contributed directly to the farming operation from a fund or account separate and distinct from that of any other individual or entity with an interest in the farming operation.

\*--Capital contributions to a farming operation **do not** include:

- the value of labor or management
  - outlays for land or equipment. --\*
- 

**C**

**Direct**

**Out-of-Pocket Input**

The capital may be a direct out-of-pocket input of a specified sum by the individual, entity, joint operation, members of a joint operation, or combined State producer.

## 151 Specific Rules for Capital (Continued)

### D

#### Borrowed Capital

Capital used as a significant contribution may be borrowed. The rules in this table apply to borrowed capital.

IF the farming operation is conducted by...	THEN borrowed capital must...
<p>any of the following:</p> <ul style="list-style-type: none"> <li>• an individual</li> <li>• a joint operation, but the capital is contributed by a member of the joint operation rather than by the joint operation itself</li> <li>• an entity</li> </ul>	<ul style="list-style-type: none"> <li>• be contributed directly to the farming operation by the applicable individual, entity, or member</li> <li>• not have been acquired as a result of a loan made to, guaranteed by, or secured by: <ul style="list-style-type: none"> <li>• any other individual, joint operation, or entity that has an interest in the farming operation</li> <li>• the individual, joint operation, or entity by any other individual, joint operation, or entity that has an interest in the farming operation</li> <li>• any other individual, joint operation, or entity in whose farming operation this individual, joint operation, or entity has an interest.</li> </ul> </li> </ul>
<p>a joint operation in which the capital is contributed by the joint operation rather than by any members</p>	<ul style="list-style-type: none"> <li>• be contributed directly to the farming operation by the joint operation</li> <li>• not have been acquired as a result of a loan made to, guaranteed by, or secured by: <ul style="list-style-type: none"> <li>• any individual, entity, or joint operation that has an interest in the *--farming operation, except members of the joint operation to which the loan is made</li> </ul> <p><b>Note:</b> Refer to the example in subparagraph 296 C. --*</p> <li>• the joint operation by any individual, entity, or other joint operation that has an interest in the farming operation</li> <li>• any individual, entity, or other joint operation in whose farming operation this joint operation has an interest.</li> </li></ul>

**152 Specific Rules for Equipment****A****Introduction**

To be credited as a significant contribution to the farming operation, owned or leased equipment must meet the requirements of this paragraph.

**B****Leased Equipment**

The equipment may be leased from any individual, entity, or joint  
\*--operation, but use the following table to determine if restrictions apply.

<b>IF the equipment is leased from...</b>	<b>THEN...</b>
another individual, entity, or joint operation that has an interest in the farming operation	the producer must: <ul style="list-style-type: none"> <li>• be able to prove to COC that the equipment was leased at a fair market value</li> <li>• make the payment within the time determined by COC to be reasonable and customary for the area, taking into consideration whether the equipment is leased by the hour, day, or acre, or on an annual basis.</li> </ul>
a joint operation that has 1 or more members in common with the producer to whom the equipment is leased	
an individual, entity, or joint operation not otherwise indicated in this table	the restrictions provided in this table do not apply.

--\*

Continued on the next page

152 Specific Rules for Equipment (Continued)**C****Financing Rules for Equipment**

The restrictions on financing for equipment in this table apply to both owned and leased equipment contributed for credit as a significant contribution.

<b>IF the farming operation is conducted by...</b>	<b>THEN the equipment must...</b>
<p>any of the following:</p> <ul style="list-style-type: none"> <li>• an individual</li> <li>• a joint operation, but the equipment is contributed by a member</li> <li>• an entity</li> </ul>	<ul style="list-style-type: none"> <li>• be contributed directly to the farming operation by the applicable individual, entity, or member</li> <li>• not have been acquired as a result of a loan made to, guaranteed by, or secured by: <ul style="list-style-type: none"> <li>• any other individual, joint operation, or entity that has an interest in the farming operation</li> <li>• the individual, joint operation, or entity by any other individual, joint operation, or entity that has an interest in the farming operation</li> <li>• any other individual, joint operation, or entity in whose farming operation this individual, joint operation, or entity has an interest.</li> </ul> </li> </ul>
<p>a joint operation in which the equipment is contributed by the joint operation</p>	<ul style="list-style-type: none"> <li>• be contributed directly to the farming operation by the joint operation</li> <li>• not have been acquired as a result of a loan made to, guaranteed by, or secured by: <ul style="list-style-type: none"> <li>• any individual, entity, or joint operation that has an interest in the *--farming operation, except members of the joint operation to which the loan is made</li> </ul> <p><b>Note:</b> Refer to the example in subparagraph 296 C.--*</p> <li>• the joint operation by any individual, entity, or other joint operation that has an interest in the farming operation</li> <li>• any individual, entity, or other joint operation in whose farming operation this joint operation has an interest.</li> </li></ul>

152 Specific Rules for Equipment (Continued)

---

**D**

**Effects of Borrowed  
Capital on  
Equipment  
Contribution**

If any capital was borrowed by the individual, entity, or joint operation from any other individual, entity, or joint operation with an interest in the farming operation, the cash-leased equipment will not be considered as a significant contribution unless the individual, entity, or joint operation can prove to COC that sufficient capital was available from another source to pay the cash lease.

---

**E**

**Occasional  
Exchange of  
Equipment**

The occasional exchange of equipment, including labor, with a neighbor will not affect the contribution determination if each producer has adequate equipment, through ownership or lease, to conduct his or her own farming operation in a manner normally acceptable for the area.

---

153 Specific Rules for Land

---

**A**

**Introduction**

To be considered a significant contribution to the farming operation, owned or cash leased land must meet the requirements of this paragraph.

---

**B**

**Leased Land**

The land may be leased from any individual, entity, or joint operation.

If the land is leased from another individual, entity, or joint operation that has an interest in any crop or crop proceeds in the farming

\*--operation, the producer must:

- be able to prove to COC that the land was leased at a fair market value
- make the payment within the time determined by COC to be reasonable and customary for the area.--\*

**Note:** Share-rented land is a contribution of the landlord, not the share renter.

---

**D**

**Effects of Borrowed  
Capital on Land  
Contribution**

If any capital was borrowed by an individual, entity, or joint operation from any other individual, entity, or joint operation with an interest in the farming operation, cash leased land will not be considered as a significant contribution unless the individual, entity, or joint operation can prove to COC that sufficient capital was available from another source to pay the cash lease.

---

**154 Significant Contribution of Active Personal Labor or Management**

---

**A****Introduction**

[7 CFR 1400.3] When a significant contribution of active personal labor or active personal management is required, use the rules in this paragraph to determine what is considered "significant."

---

**B****Rules on Significant Contribution**

This table shows the general rules for determining when a significant contribution is provided to a farming operation by an individual or entity.

Item	Rule
Active personal labor	<p>The active personal labor must be an amount that is the smaller of:</p> <ul style="list-style-type: none"> <li>•*--1,000 hours per either FY or crop year--*</li> <li>• 50 percent of the total hours that would be required to conduct a farming operation comparable in size to this individual's or entity's commensurate share in the farming operation.</li> </ul>
Active personal management	The contribution of active personal management must be critical to the profitability of the farming operation, taking into consideration the individual's or entity's commensurate share in the farming operation.
Any combination of labor and management	Combined contributions of active personal labor and active personal management must have a critical impact on the profitability of the farming operation in an amount at least equal to the significant contribution of either consideration when taken alone.

**Note:** If a member of a joint operation receives a guaranteed payment for any part of a contribution of labor or management, exclude all of the specific type of contribution for which payment is received.

---

**155 Specific Rules for Active Personal Labor or Management**

---

**A****Introduction**

It is difficult to measure a significant contribution of management. The required hours of labor will be different in 1 type of farming operation than in another. In some cases, it is difficult to distinguish between labor and management.

---

**B****Basis for Decisions**

Decisions must be based on COC's best judgement considering:

- the requirements in this section
- the intent of these provisions is to provide program benefits to bona fide farmers, personally providing meaningful inputs on the farm.

**Note:** COC's are given enough discretion to make the subjective decisions required.

---

**C****Requiring Proof**

If necessary, COC may require proof of who provides:

- labor equal to 50 percent or more of the individual's or the entity's commensurate share of the labor required

**Note:** Proof of labor exceeding 1,000 hours is not required.

- management input critical to the overall profitability of the farming operation
  - a satisfactory contribution of a combination of labor and management.
-

## 156 Inputs for Commensurate Contributions

### A

#### Introduction

For a farming input to be considered toward satisfying the requirements of commensurate contributions, the requirements of this paragraph must be met.

### B

#### Rules for Commensurate Contributions

After the requirements for significant contributions have been met, apply the rules in this table when determining commensurate contributions.

Farming Input	General Rule	Requirements	
		IF the contribution was acquired as a result of a loan to...	THEN the loan must...
<ul style="list-style-type: none"> <li>Land</li> <li>Capital</li> <li>Equipment</li> </ul>	Include if contributed directly to the farming operation by the individual or entity.	<ul style="list-style-type: none"> <li>the farming operation in which the individual or entity has an interest</li> <li>the individual, entity, or farming operation: <ul style="list-style-type: none"> <li>by the farming operation or any of its members, beneficiaries, or related entities</li> <li>that was guaranteed or secured by the farming operation or any of its members, beneficiaries, or related entities.</li> </ul> </li> </ul>	<ul style="list-style-type: none"> <li>bear the prevailing interest rate</li> <li>have a repayment schedule normal for the area.</li> </ul>
<ul style="list-style-type: none"> <li>Labor</li> <li>Management</li> </ul>	Include all contributions of labor and management, including hired labor and hired management.	<p><b>*--If a member of a joint operation receives a guaranteed payment for any part of a contribution of labor or management, exclude all of the specific type of contribution for which payment is received.--*</b></p> <p><b>Note:</b> "Draws" or advances for a member that have an effect on the member's share of the partnership or proceeds of the partnership are not considered a guaranteed payment.</p>

# 157 Determining Commensurate Contributions

## A

### Introduction

Use the guidelines in this paragraph to determine whether contributions are commensurate with shares.

## B

### General Rule

Total contributions that are "within reason" of being equal to the claimed share of profits and losses shall be considered commensurate.

**Note:** COC's shall not establish a specific tolerance for "within reason."

## C

### Determining Contributions

Use the steps in this table to determine each individual's or entity's contributions to a farming operation.

\*--

Step	Action
1	Determine the total amount of each farming input needed to conduct the farming operation.
2	Determine the type and amount of farming inputs provided by the individual or entity that meet the requirements in paragraph 156.
3	Determine the percentage of each input required to conduct the farming operation provided by the individual or entity.
4	<p>Does the individual or entity provide the same percentage of all inputs required to conduct the farming operation?</p> <ul style="list-style-type: none"> <li>If yes, consider the individual or entity as providing that percentage of that percentage of the farming inputs required to conduct the farming operation.</li> <li>If no, determine the value of the inputs provided by the individual or entity relative to the total amount of farming inputs required to conduct the farming operation.</li> </ul>
5	Determine whether the individual's or entity's contributions to the farming operation are commensurate with the individual's or entity's claimed share of the farming operation. See subparagraph 157 D.

## 157 Determining Commensurate Contributions (Continued)

**D****Determining  
Commensurate  
Shares**

Use the steps in this table to determine whether contributions to a farming operation are commensurate with the claimed share of the profits or losses.

Step	Determination
1	<p>Is the producer's farming operation participating in more than 1 program?</p> <ul style="list-style-type: none"> <li>• If yes, go to step 2.</li> <li>• If no, go to step 4.</li> </ul>
2	<p>Are the producer's total contributions to the entire farming operation commensurate with the claimed shares of all programs for the entire farming operation?</p> <ul style="list-style-type: none"> <li>• If yes, go to step 5.</li> <li>• If no, go to step 3.</li> </ul>
3	<p>Are the producer's contributions to <b>each</b> of the programs commensurate with the claimed shares of each program separately?</p> <ul style="list-style-type: none"> <li>• If yes, go to step 5.</li> <li>• If no, do not continue.</li> </ul> <p><b>Note:</b> Determine the producer to be <b>not</b> "actively engaged" for the farming operation.</p>
4	<p>Are contributions by the producer that COC considers pertinent to the farming operation commensurate with the claimed share of profits or losses from the farming operation?</p> <ul style="list-style-type: none"> <li>• If yes, go to step 5.</li> <li>• If no, do not continue.</li> </ul> <p><b>Note:</b> Determine the producer to be <b>not</b> "actively engaged" for the farming operation.</p>
5	Determine the producer to be "actively engaged in farming" if all other provisions are satisfied.

**158 Blended Shares**

---

**A****Introduction**

Producers may have different shares of \* \* \* crops and land uses, possibly on different farms, within a farming operation.

---

**B****When to Use**

Use this procedure to blend the different shares of \* \* \* crops and land uses to determine the producer's overall share of the farming operation.

---

**C****Determining  
Blended Shares**

Follow this table to determine the producer's overall shares of the farming operation. CCC-504 may be used.

Step	Action
1	*--List acres of crops and land uses on farms in which the producer has a share. --*  * * *
2	Add the acres of the listed crops and land uses.
3	Multiply the acres of each of the listed crops and land uses by the producer's percent share of that crop or land use.
4	Add the results of step 3.
5	Divide the result of step 4 by the result of step 2 to determine the producer's blended share of the farming operation.

**159 Determining Contributions "At Risk"**

---

**A**

**Introduction**

In addition to other requirements for an individual or entity to be considered "actively engaged in farming", the contributions made by the individual or entity must be "at risk".

---

**B**

**General Rule**

For a producer's contribution to be considered "at risk", there must be a possibility that the producer could suffer loss.

---

**C**

**Specific Rules for "At Risk"**

Apply the rules in this table when determining whether contributions are "at risk".

IF the producer is...	THEN...
an individual	the individual's contributions to the farming operation must be at risk.
a joint operation	the members' contributions to the farming operation must be at risk.
an entity	the entity's contributions to the farming operation must be at risk.

**Section 8 Cash-Rent Tenant****171 Overview**

---

**A****Background**

The Omnibus Budget Reconciliation Act of 1987 amended the Food Security Act of 1985 to provide restrictions on payments to cash-rent tenants.

---

**B****In This Section**

The following paragraphs are included in this section.

Paragraph	Title	Page
172	Cash-Rent Tenant Rule	2-238
173	Cash-Rent Tenant Example	2-240

---

**172 Cash-Rent Tenant Rule**

---

**A****Introduction**

A cash-rent tenant must meet the requirements of this paragraph to be eligible to receive payment for programs that require application of the cash-rent tenant rule. See paragraph 16.

---

**B****Applicability**

\*--[7 CFR 1400.401 (a)] The cash-rent tenant rule applies to any producer--\* that rents land from another producer for cash or a crop share guaranteed as the amount of the commodity to be paid in rent.

The provisions also apply to tenants who rent land for 0 dollars or who farm the land in exchange for compensation other than cash, such as:

- controlling weeds on land not owned
  - barter arrangements.
- 

**C****Rule**

\*--[7 CFR 1400.401 (a)] Any cash-rent tenant shall be ineligible to receive--\* payment unless the cash-rent tenant makes:

- a significant contribution to the farming operation of active personal labor
- if labor is not provided, significant contributions to the farming operation of active personal management and equipment.

**Notes:** A cash-rent tenant must also meet all applicable requirements to be considered "actively engaged in farming."

See paragraph 134 if the producer is eligible to receive payment for a portion of the farming operation represented by the amount of cropland that is not cash rented from another producer.

## 172 Cash-Rent Tenant Rule (Continued)

**D****Specific Rules for Equipment**

Use the rules in this table if a significant contribution of equipment is necessary to meet the requirements of the cash-rent tenant rule.

<b>IF the cash-rent tenant...</b>	<b>THEN...</b>
provides the harvesting equipment	the rental value of harvesting equipment is included when determining the total rental value of the equipment necessary to conduct the farming operation.
meets both of the following requirements: <ul style="list-style-type: none"> <li>• custom harvesting is used in the cash-rent tenant's farming operation</li> <li>• the custom harvester has no interest in the farming operation</li> </ul>	the rental value of harvesting equipment is not included when determining the total rental value of the equipment necessary to conduct the farming operation. <p><b>Note:</b> The rental value of harvesting equipment would still be considered in making "actively engaged in farming" determinations.</p> <p><b>Example:</b> Individual A, a cash-rent tenant, owns or leases all equipment for the farming operation except equipment needed for harvesting. Harvesting is custom hired. The custom harvester has no interest in the farming operation.</p> <p>The rental value of harvesting equipment shall not be included in determining the total rental value of equipment needed to conduct the farming operation for purposes of the cash-rent tenant rule.</p>
leases the equipment from the landowner	*--the lease and payment must meet the requirements of subparagraph 152 B.--*
leases the equipment from the same individual or entity that is providing hired labor to the farming operation	both of the following conditions must be met: <ul style="list-style-type: none"> <li>• the contracts for the lease of the equipment and for the hired labor must be 2 separate contracts that reflect the fair market value of the leased equipment and the hired labor</li> <li>• the cash-rent tenant must exercise complete control over the use of a significant amount of the equipment during the current crop year.</li> </ul>

**173 Cash-Rent Tenant Example**

---

**A  
Example**

**Situation:** Individual A cash leases land from Landowner B. Individual A subleases the land to Producer C on a share-rent basis. Individual A contributes the land and active personal management to the farming operation.

**Determination:** Because Individual A cash rents the land from Landowner B, Individual A:

- is a cash-rent tenant
- is not the landowner and cannot be considered "actively engaged in farming" because of the landowner provision.

Because Individual A has provided a significant contribution of land and management, Individual A can be considered "actively engaged in farming". However, Individual A is **ineligible** to receive program payments on the cash rented land, because the necessary contributions for a cash-rent tenant were not made.

A separate determination will be made for Producer C.

Landowner B is not considered to be "actively engaged in farming" for this farming operation, but may be considered "actively engaged in farming" for another farming operation.

198 Entity Responsibilities

---

**A**

**Introduction**

The Omnibus Budget Reconciliation Act of 1987 requires the entity to provide the information in subparagraph B. These requirements ensure that USDA can adequately control compliance with permitted entity provisions.

---

**B**

**Responsibility for  
Providing  
Information**

The entity receiving payment is responsible for obtaining the name, address, and ID number of each member, individual and entity, including individuals and entities in each lower level of embedded entity.

---

**C**

**Responsibility for  
Notifying Members**

Each entity must notify each individual member, including members of embedded entities, of the:

- requirements and limitation of the "permitted entities" provisions
  - final date for members to designate "permitted entities".
-

**199 Notification Exceptions**

---

**A****Introduction**

The notification requirements for entities apply to all entities receiving payment, including embedded entities, unless an exception in this paragraph applies.

---

**B****Exceptions**

Notification requirements do not apply if the entity:

- is publicly traded on 1 of the following stock exchanges:
  - New York Stock Exchange
  - American Stock Exchange
  - Pacific Stock Exchange
  - National Association of Stock Dealers Automated Quotations (NASDAQ)
- has more than 100 members
- is tax exempt under section 501(C)(3) of the Internal Revenue Code.

**Notes:** Approval by IRS shall be indicated by providing COC with a copy of either of the following:

- IRS determination letter notifying the organization or entity of approval as a tax exempt entity for the year
- copy of the organization's or entity's most recently filed IRS-990.

Documentation not effective for the current year may be accepted if COC is satisfied the status for the current year is the same as supported by the documentation.

**Note:** If the entity meets 1 of the exceptions stated in this subparagraph, it must also meet the requirement in subparagraph C.

---

Continued on the next page

## 199 Notification Exceptions (Continued)

## C

**Requirement if  
Entity Qualifies  
for Exception**

If an exception in subparagraph B applies, a responsible representative of the entity must certify member ownership interest according to this table.

IF...	THEN...
no member holds 5 percent interest in the entity	<ul style="list-style-type: none"> <li>enter on applicable CCC-502, section 5, the statement, "No member holds more than 5 percent ownership interest in this entity."</li> <li>have the entity representative initial the statement and sign CCC-502C or CCC-502D</li> <li>CCC-501A and CCC-501B are not required.</li> </ul>
a member holds more than 5 percent interest in the entity	<ul style="list-style-type: none"> <li>the entity must provide membership information for those members with more than 5 percent interest</li> <li>the entity is <b>not</b> required to provide the membership information for the balance of its members</li> </ul> <p><b>Note:</b> On the applicable CCC-502, enter the statement, "Except as listed above, no other member holds more than 5 percent ownership interest in this entity."</p> <ul style="list-style-type: none"> <li>the representative of the entity must initial the statement and sign CCC-502C or CCC-502D</li> <li>members and embedded entities, if applicable, shall be entered on CCC-501A.</li> </ul> <p><b>Note:</b> Designation as a "permitted entity" is not required by members with less than 10 percent interest unless COC determines the interest a substantial beneficial interest * * *.</p>

**200 Required Information**

---

**A****Rule**

Each entity that submits a contract for a program or an application for payment that is subject to permitted entity designations or attribution must provide COC the name, ID number, and address of each individual and embedded entity that holds or acquires any interest, directly or indirectly, in the entity earning payment. This information will be recorded on CCC-501A. See paragraph 201.

**Notes:** Joint operations are not entities.

See paragraph 199 for notification exceptions.

---

**B****Information  
Deadline**

\*--[7 CFR 1400.502] Provide the information to COC at the time CCC-502C--\* or CCC-502D is filed.

If the required information is not filed in the County Office \* \* \* according to paragraph 50, the entity will be ineligible to receive program payments.

**Note:** \* \* \* If an entity participates only in programs not subject to permitted entity designations, CCC-501A is not required. However, embedded membership information, if applicable, is required on CCC-502's to resolve "person" determinations.

---

**\*--201 Completing CCC-501A, Member's Information--\***

---

**A**

**Who Must  
Complete  
CCC-501A**

Each corporation, limited partnership, estate, trust, or similar entity that submits a contract for payment that is subject to the limitation must provide the member's information required on CCC-501A.

**Exception:** CCC-501A is not required if all of the first level members are individuals.

**Note:** New CCC-501A's are not required to be filed in subsequent years if CCC-502 is updated according to paragraph 53.

---

**B**

**Filing  
Responsibility**

The entity that is earning payment is responsible for obtaining and providing the required information to COC.

---

**C**

**Deadline for  
Submitting  
CCC-501A**

The entity earning payment shall provide the completed CCC-501A to COC at the time CCC-502C or CCC-502D is filed.

---

**D**

**Filing and  
Distribution**

File the original in the entity's payment limitation folder and give the second copy to the payment entity.

## 215 General Permitted Entity Requirements

---

### A

#### Introduction

Persons holding, directly or indirectly, a substantial beneficial interest in an entity that receives a payment subject to "permitted entity" provisions must designate that interest for the share to be paid.

**Notes:** See paragraph 16 for program applicability.

A joint operation is not an entity.

---

### B

#### General Rule

The following table explains the general "permitted entity" rule.

<b>IF a person...</b>	<b>THEN that person may not receive additional payments, directly or indirectly, from holding substantial beneficial interest in more than...</b>
receives payments subject to "permitted entity" designations directly or as a member of a joint operation	<b>2</b> entities which also receive payments.
does <b>not</b> receive payments subject to "permitted entity" designations directly or as a member of a joint operation	<b>3</b> entities which receive payments.

**Notes:** One set of "permitted entities" applies to all programs subject to "permitted entity" designations.

\*--Individuals may refuse or refund payment as an individual and be allowed to designate 3 entities through which to receive payment.--\*

---

Continued on the next page

## 215 General Permitted Entity Requirements (Continued)

---

### C

#### Substantial Beneficial Interest

A substantial beneficial interest is an ownership interest of either of the following:

- 10 percent or more in an entity

**Note:** In determining whether this interest equals at least 10 percent, all interests in the entity that are owned by an individual or entity, directly or indirectly, shall be taken into consideration.

**Example:** A corporation owns the entity.

•\*--less than 10 percent in an entity if both of the following apply:

- any individual or entity has a direct or indirect interest of less than 10 percent in more than 1 entity earning payment
- COC determines that the arrangement was established for the purpose of circumventing the "permitted entity" provisions of the program.

**Note:** This determination applies to all interests of the "person" that are less than 10 percent.

---

### D

#### Required Information

The entity receiving payment must provide COC the name, address, and ID number of each individual and entity in each lower level of embedded entity.

**Note:** Record this information on CCC-501A. See paragraph 201.

A current CCC-502 is required for all program participants.

**Note:** CCC-502 may be required for an embedded entity if COC considers the information necessary for "person" and "actively engaged in farming" determinations for the entity receiving payment.--\*

---

Continued on the next page

**215 General Permitted Entity Requirements (Continued)**

---

**E****Who Must Designate**

"Permitted entity" designations must be made by individuals holding, directly or indirectly, a substantial beneficial interest in the entity.

The responsibility for "permitted entity" designations follows to each embedded entity until either all shares are represented by individuals or the fifth level is reached. If an entity has no individuals at any level or, in the fifth level, 1 or more of the members is still an entity:

- the entity must designate for itself
- members beyond the fifth level will be disregarded, insofar as "permitted entity" designations are concerned.

**Example:** If the combined State producer has an interest in an entity receiving payment which is not combined as 1 "person" with the combined State producer, that interest must be designated by the combined State producer to be paid.

**Note:** Use the drawing, conducted according to paragraph 256, to determine "permitted entity" order, if necessary.

**Notes:** This does not relieve the responsibility for making "person" determinations to whatever level is required to resolve all entities.

See paragraph 216 for designation of embedded entities.

---

Continued on the next page

**215 General Permitted Entity Requirements (Continued)**

---

**F****Notification by  
Members of  
Permitted  
Entities**

If an individual or entity, as applicable, holds substantial beneficial interest, directly or indirectly, in 1 or more entities or embedded entities, the individual or entity shall:

- designate the "permitted entities" of his or her choice on CCC-501B.

**Note:** Total designations for all programs shall not exceed the allocation of permitted entities. Designations must be made no later than the final date allowed by applicable program procedure in order to be effective for that program.

- notify COC's in the counties where the member has earnings, if any, plus each county where the designated "permitted entity" has earnings.

**Note:** See paragraph 220 for results of nondesignation and paragraph 275 for incapacitated individual rule.

---

Continued on the next page

**215 General Permitted Entity Requirements (Continued)**

---

**G****Perpetual  
Designation**

Once a designation is filed with COC, it will remain in effect for succeeding years, unless it is changed by the producer. Designation of permitted entities may not be made or changed later than the final date allowed by the applicable program procedure for submitting required documentation.

---

**H****Permitted Entity  
Designations for  
Trusts**

Trustees of a trust shall not be allowed to designate "permitted entities" on CCC-501B for the individual beneficiaries of the trust, unless FSA-211 is on file authorizing the trustee to designate "permitted entities" for the individual beneficiary.

---

**I****Designating  
More Than  
Allowable  
Number of  
Permitted  
Entities**

Do not make payments to any individual or entity that designates more than the allowable number of "permitted entities." Payments must be withheld from the individual, entity, and all parent entities. COC may allow the producer to delete the excess designations if all of the following apply:

- COC determines that the excess designation was inadvertent and not intentional
  - COC determines the deletion does not serve to change a legitimate designation that was later found to be undesirable
  - COC's determination is recorded in the minutes.
- 

**J****Recording a  
Redesignation**

A redesignation shall be recorded by:

- drawing a line through the old designation on CCC-501B and have the member initial
  - recording the new designation on the same line as the previous designation
  - obtaining the member's signature and current date
  - updating the permitted entity selections in the automated system.
-

**\*--216 Designation of Embedded Entities**

---

**A**

**Rule**

If an individual or entity, as applicable, has an interest in an embedded entity, designation of that interest will count as 1 of the "permitted entities" for that individual or entity.

---

**B**

**Example for Designating "Permitted Entities"**

This is an example for designating "permitted entities" for embedded entities.

Level	Corporation	Stockholder	Percent of Stock
1	A	Individual A Individual B Corporation B	33 33 34
2	B	Individual A Individual C Corporation C	33 33 34
3	C	Individual A Individual D Corporation D	33 33 34
4	D	Individual A Individual E Corporation E	33 33 34
5	E	Individual A Individual F Corporation F	33 33 34

**Note:** In this example, only Corporation A is earning program benefits.--\*

---

Continued on the next page

**\*--216 Designation of Embedded Entities (Continued)**

---

**C**

**Example of  
Designations,  
First Level**

Only Individuals A and B may designate "permitted entities". If both individuals designate Corporation A as 1 of their "permitted entities", this accounts for 66 percent of the possible payment to the corporation.

---

**D**

**Example of  
Designations,  
Second Level**

Because only individuals may designate "permitted entities," Corporation B must look to its stockholders to make the designations.

If:

- Individual A (as a member of Corporation B) designates Corporation A as a "permitted entity":
    - this represents the second selection for Individual A
    - the share of Corporation A that may be paid is 77.22 percent (66 percent plus 33 percent times 34 percent equals 77.22 percent)
  - Individual C (as a member of Corporation B) designates Corporation A as a "permitted entity":
    - this represents the first selection for Individual C
    - the share of Corporation A that may be paid is 88.44 percent (66 percent plus 66 percent times 34 percent equals 88.44 percent).--\*
- 

Continued on the next page

**\*--216 Designation of Embedded Entities (Continued)**

---

**E**

**Example of  
Designations, Third  
Level**

Again, Corporation C (in the second level) cannot designate, so the share of Corporation A that is represented by Corporation C's share of Corporation B must be designated by the members of Corporation C.

If:

- Individual A (as a member of Corporation C) designates Corporation A as a "permitted entity":
  - this represents the third selection for Individual A
  - the share of Corporation A that may be paid is 92.25 percent (66 percent plus 66 percent times 34 percent, plus 33 percent times 34 percent times 34 percent equals 92.25 percent)
- Individual D (as a member of Corporation C) designates Corporation A as a "permitted entity":
  - this represents the first selection for Individual D
  - the share of Corporation A that may be paid is 96.07 percent (66 percent plus 66 percent times 34 percent, plus 66 percent times 34 percent times 34 percent equals 96.07 percent).--\*

---

Continued on the next page

**\*--216 Designation of Embedded Entities (Continued)**

---

**F****Example of Designations, Fourth Level**

Again, the members of Corporation D must designate for the corporation.

- Individual A (as a member of Corporation D) may not designate another entity because 3 have already been designated.
  - If Individual E (as a member of Corporation D) designates Corporation A as a "permitted entity":
    - this represents the first selection for Individual E
    - the share of Corporation A that may be paid is 97.37 percent (66 percent plus 66 percent times 34 percent, plus 66 percent times 34 percent times 34 percent, plus 33 percent times 34 percent times 34 percent equals 97.37 percent).
- 

**G****Example of Designations, Fifth Level**

Corporation E may not designate and must look to its members.

- Individual A (as a member of Corporation E) may not designate another entity because 3 have already been designated.
  - If Individual F (as a member of Corporation E) designates Corporation A as a "permitted entity":

**B****Example for  
Individuals  
Combined as 1  
"Person"**

**Scenario:** Producers A and B are combined as 1 "person" for payment limitation purposes.

Producer B has an interest as a stockholder in 3 corporations.

Producer A and the 3 corporations are "actively engaged in farming" and have program earnings.

**Solution:** If Producers A and B are combined, the combined "person" has earnings as an individual and is only allowed to select 2 other permitted entities. Because the 3 corporations are not a part of the combined "person," only those shares designated as "permitted" may be paid.

- The combined "person" may use its 2 "permitted entities" to designate Producer B's interest in 2 of the 3 corporations.
- Producer B's share of 1 of the corporations must remain unpaid.

The other shares of the 3 corporations must be designated by the other stockholders of the corporations for those shares to be paid.

## C

**Example for  
Individuals  
Combined as  
1 "Person"**

**Scenario:** Corporation 3 has 3 stockholders. Member X owns 25 percent of the stock and Minor M owns 25 percent of the stock. Producer Y owns the remaining 50 percent of the stock.

The corporation is "actively engaged in farming." Neither Member X nor Minor M has any earnings as individuals. Member X and Minor M are combined as 1 "person."

**Solution:** In this example, Member X and Minor M are combined as 1 "person" and together have 1 allocation of "permitted entity" \*--designations to spend. Since neither individual has earnings as an--\* individual, the combined "person" may select 3 "permitted entities."

- Corporation 3 is not a part of the combined "person," so all shares must be designated to be paid.
- Member X and Minor M are considered as 1 "person;" therefore, 1 "permitted entity" designation will cover both shares.
- The combined "person" may elect to use 1 of its 3 "permitted entity" designations to cover Member X's and Minor M's 50 percent share of the earnings of the corporation.

Producer Y must also designate its share of the corporation for 100 percent of the payment to be issued to Corporation 3.

**D****Example for Entities Combined With Individuals**

**Scenario:** Corporation X has 2 stockholders. Producer A owns 51 percent of the stock and Producer C owns 49 percent.

Producer A and Corporation X are combined as 1 "person" for payment limitation purposes.

Producer A and Corporation X are "actively engaged in farming" and have program earnings.

**\*--Solution:** If Producer A and Corporation X are combined, the--\* combined "person" is considered to have earnings as an individual and is only allowed to select 2 other "permitted entities."

Producer A's earnings as an individual and Producer A's share (51 percent) of the corporation's earnings are considered as earnings of the individual. Producer A is allowed 2 other selections. Producer C would have to spend 1 "permitted" for the other 49 percent of the corporation to be paid.

If none of the individuals have earnings as an individual, the combined "person" may designate 3 "permitted entities."

In designating "permitted entities," if 2 or more combined individuals have stock or membership in an entity that is not a part of the combined "person," all these individuals' share in that entity may be covered by 1 "permitted" designation.

**E****Example for  
Entities  
Combined With  
Entities**

**Scenario:** Corporation 1 has 3 stockholders. Producer A owns 50 percent of the stock, Producer B owns 25 percent, and Producer C owns 25 percent.

Corporation 2 has 2 stockholders. Producer A owns 50 percent of the stock and Producer B owns 50 percent.

Corporations 1 and 2 are combined as 1 "person" for payment limitation purposes.

**Solution:** In this example, none of the individuals (Producers A, B, and C) are combined with either Corporation 1 or 2. Therefore, each share within the corporations must be designated by the individual stockholders for the combined "person" to receive payment.

If any of the individuals (Producers A, B, and C) elect their respective corporation as a "permitted entity," they will have 2 remaining "permitted entity" designations.

## Part 3 Foreign Person Provisions

### 233 Overview

---

#### A

#### Introduction

This part provides instructions and requirements identifying a foreign individual or entity, and determining eligibility for program benefits.

---

#### B

#### In This Part

The following paragraphs are included in this part.

Paragraph	Title	Page
234	Applicability of Foreign Person Rule	3-2
235	Foreign Individual Identification	3-4
236	Foreign Entity Identification	3-6
237	Payment Eligibility	3-8

---

**\*--234 Applicability of Foreign Person Rule--\***

---

**A**

**Introduction**

Before making any "person" or "actively engaged in farming" determinations, it must be established whether individuals or entities, projected to share in applicable program benefits, are "foreign persons".

---

**B**

**Program**

**Applicability**

Apply the provisions in this part to:

- any type of payment, loan, and benefit made for 1989 and subsequent crop years

**\*--Note:** Refer to paragraph 16 for program applicability.--\*

- \* \* \* CRP contract approved after December 21, 1987. If a CRP contract was approved after December 20, 1987, but before August 1, 1988, the person may elect to have provisions of this part apply.

**Note:** Unless otherwise specified, all other provisions of this handbook are applicable in determining payment eligibility for "foreign persons". See paragraph 16 for applicability to specific programs.

---

**\*--234 Applicability of Foreign Person Rule (Continued)--\***

---

**C**

**Person Applicability**

The provisions in this part are applicable to "foreign persons" as defined in paragraphs 235 and 236.

**Note:** The provisions in this part are **not** applicable to a citizen of the U.S., a lawful alien, or entity that is **not** subject to this part, who is:

- in lawful possession, through a lease or otherwise, of a farm owned by an individual or entity who is subject to this part
- successor-in-interest to a program contract or agreement for a farm owned by an individual or entity who is subject to this part.

**D**

**COC Determination**

COC shall make the initial determination of "foreign" or "nonforeign" status for individuals, corporations, or other similar entities based on documentation provided.

---

**235 Foreign Individual Identification**

---

**A**

**Definition**

A foreign individual is someone who is not:

- a citizen of the U.S.
  - a lawful alien possessing a valid Alien Registration Receipt Card (Form I-551 or I-151).
- 

**B**

**Proof of Citizenship**

If COC questions the citizenship of an individual, acceptable proof of citizenship must be provided, and may include:

- a birth certificate
  - nationalization and citizenship papers
  - a certificate of citizenship
  - verification through the nearest office of Immigration and Naturalization Service.
-

**Alien Registration  
Receipt Card**

Shown are the front and back views of the 2 Alien Registration Receipt Cards currently in use.

- Special attention must be taken to ensure that proper identification of lawful aliens is made.
- Note visual inspection of this card on the applicable CCC-502.
- Request to photocopy the receipt card if there is any question of its validity.

## 236 Foreign Entity Identification

---

A

### Definition

A foreign entity is a corporation, trust, estate, or other similar organization, that has more than 10 percent of its beneficial interest held by individuals who are not:

- citizens of the U.S.
  - lawful aliens possessing a valid Alien Registration Receipt Card (Form I-551 or I-151).
- 

B

### Determining Beneficial Interest

In determining whether beneficial interest is held, the beneficial ownership shall be based on the higher amount of interest on either of the following dates:

- the date applicable program contract or agreement is executed
- the beginning harvest date for the commodity as determined by STC.

**Note:** All interest in an entity, including interest in an embedded entity, shall be taken into account.

---

## 236 Foreign Entity Identification (Continued)

---

### C

#### Entity Ownership Share

Use this table to determine an individual's or entity's ownership interest in a foreign entity.

IF ownership is...	THEN the ownership percentage held by an individual or entity shall be based on...
of 1 class of stock or other similar unit	their outstanding share of ownership compared to the total outstanding unit of ownership.
of more than 1 class of stock or other similar unit	the fair market value of all outstanding stock.  <b>Note:</b> To determine the fair market value, follow paragraph 313.

**Note:** The value of different classes of stock or other unit of ownership can be determined by COC, STC, or DAFP, but shall be determined by the earliest level before referring to the next higher level of authority.

---

### D

#### Less Than 10 Percent Interest

DAFP may determine that an ownership interest of 10 percent or less shall be considered beneficial interest.

---

### E

#### Entity's Responsibility

The entity shall inform COC of any increase in ownership by a member that occurs after the beneficial interest has been determined.

**Note:** If there has been an increase in ownership after a payment, loan, or benefit has been made, the entity must refund the payment, loan, or benefit.

---

**\*--237 Foreign Person Payment Eligibility--\***

---

**A****Introduction**

This paragraph provides the requirements to determine a "foreign person" eligible  
\*--to receive payments, loans, or benefits subject to the foreign person rule.

**Note:** Refer to paragraph 16 for applicability of the foreign person rule.--\*

---

**B****Contribution Requirements**

In addition to the requirements for "person" and "actively engaged", the following  
\*--significant contributions must be provided by an individual or entity considered to be a "foreign person".

<b>Foreign Person--*</b>	<b>Who Must Make the Contribution</b>	<b>What Significant Contribution Must Be Provided</b>
Individual	Individual	<ul style="list-style-type: none"> <li>• Land</li> <li>• Capital</li> <li>• Active personal labor</li> </ul>
Entity	Each foreign individual who is a stockholder or other type of member	Active personal labor *--for the entity

**Note:** The eligibility determination will apply to all program benefits associated with payments, loans, and benefits subject to the foreign person rule,--\* with respect to any commodity produced, or land set aside from production for that crop year.

---

**\*--C****Active Personal Labor Exception for CRP**

Labor that is custom hired may be excluded when determining both the amount of labor necessary to conduct the farming operation and whether the foreign person has provided a significant contribution of active personal labor if both of the following apply:

- the foreign person receives only CRP payments
- COC determines and State Office concurs that such labor is always custom hired in the county.

**Note:** Exceptions shall be producer specific and documented on CCC-503A or attachment.--\*

---

238 Requesting Benefits for Nonforeign Shares

A

**Introduction**

Entities that have been determined ineligible for payment, loan, or benefit because of the foreign person rule may receive the amount of payment that represents the percentage interest of the entity which is owned by U.S. citizens or lawful aliens.

**\*--Note:** This provision is also applicable to foreign stockholders, etc. of an entity if some, but not all, of the foreign individuals provide a significant contribution of active personal labor.--\*

B

**Requesting Payment**

To receive the eligible portion of payment, loan, or benefit, the entity must:

- provide a written request for payment to COC that includes the percentage of foreign ownership (see subparagraph C)
- receive an approval determination letter from COC (see subparagraph D).

**A****History of Rule**

The Agricultural Act of 1970 and subsequent Acts required the Secretary to issue regulations defining the term "person". The regulations provided that a husband and wife are considered 1 "person" for payment limitation purposes.

The Omnibus Budget Reconciliation Act of 1987 amended the Food Security Act of 1985 to provide that a husband and wife may be considered separate "persons" if the husband and wife can show that each spouse brought separate farming operations into the marriage and have maintained the separate operations.

The United States District Court for the District of Columbia issued an order on April 1, 1988, that required "person" determinations to be made without regard to the marital status of the individuals involved in the farming operation. This court order was reversed by the United States Court of Appeals for the District of Columbia Circuit on June 2, 1989.

The Food, Agriculture, Conservation, and Trade Act of 1990 provided that, at the option of the Secretary, spouses could be considered separate "persons" if:

- the spouses do not hold, directly or indirectly, a substantial beneficial  
\*--interest in more than 1 entity receiving payment, including the--\*  
spouses themselves
- all other requirements to be considered separate "persons" are met.

## 253 Husband and Wife (Continued)

**B****"Person" Rule**

A husband and wife are considered 1 "person" for payment limitation purposes, unless either of the following rules applies.

Rule	Requirements
Separate farming operations before marriage	<p>Both spouses were separately engaged in unrelated farming operations before their marriage and the farming operations of both spouses have been maintained separately and distinctly after their marriage.</p> <p><b>Notes:</b> Do not combine spouses solely because a joint tax return was filed.</p> <p style="padding-left: 40px;">*--The farming operations for each spouse must have been established and conducted separately in at least the previous crop year.--*</p> <p>Generally, community property States allow married couples to maintain separate property and interests. However, State Offices in community property States shall contact the Regional Attorney to determine whether the farming operations of spouses who had separate farming operations before their marriage are presumed to be separate after marriage or whether some action must be taken.</p> <p><b>Example:</b> See an example in subparagraph 253.5 C.</p>
Interest in no more than 1 entity	<p>Neither spouse receives payment:</p> <ul style="list-style-type: none"> <li>• as an individual, including as an individual in a joint operation, and also holds, directly or indirectly, a substantial beneficial interest in an entity receiving payment as a separate "person"</li> <li>• by holding, directly or indirectly, a substantial beneficial interest in more than 1 entity receiving payment as a separate "person," if payment is not received as an individual.</li> </ul> <p><b>Examples:</b> See examples in subparagraphs 253.5 A and 253.5 B.</p> <p><b>Note:</b> Do not combine spouses solely because community property laws consider spouses to have an interest in any entity in which the other spouse has an interest.</p>

**Note:** Do not determine spouses to be separate "persons", unless this determination is requested. Notify spouses of their status as a combined "person" if they are not determined to be separate.

**253 Husband and Wife (Continued)**

---

**\*--C--\*****Interest in Estate**

With respect to any interest in an estate, for 2 program years after the program year in which the individual died, a husband and wife shall not be considered as having an interest in an entity for determining "persons."

**Note:** This provision is also applicable to estates of duration greater than 2 program years after the program year in which the individual dies if the requirements in subparagraph 333 C are met.

---

**\*--D--\*****Parents of Minor Children**

Parents of minor children with farming interests are combined as 1 "person" with the minor children with the following exceptions:

- if the parents of a minor child are divorced, the minor child will be combined with the parent, or parents, having legal custody
- if the parents otherwise qualify as separate "persons" according to this paragraph, the minor children shall be combined as 1 "person" with the parent receiving the larger amount in payments, directly or indirectly.

**Note:** If the parents receive equal amounts in payments, the parents shall designate which parent shall be combined with all minor children as 1 "person." The combination of minor children with a parent shall not result in the parent being considered as having an interest in more than 1 entity for the "person" rule for spouses.

See paragraph 254 for additional minor child exception.

**A****Example 1**

**Situation:** Husband A and Wife B have a joint farming operation comprised of 500 acres of owned land. In addition, Wife B has 25 percent interest in Corporation X, which is participating in CRP and earning annual payments.

- Husband A and Wife B jointly own all the equipment and provide all the capital.
- Husband A contributes at least 50 percent of Husband A's commensurate share of active personal labor and contributes a significant contribution of active personal management.
- In this situation, Husband A's and Wife B's share of the profits or losses from the farming operation are commensurate with their contributions and the contributions are at risk.

**Determination:** Husband A and Wife B are considered to be "actively engaged in farming." However, Husband A and Wife B are considered 1 "person" for payment limitation purposes because Wife B also receives payments indirectly \*--through Corporation X, which is a separate "person" from Wife B.--\*

- Husband X and Wife Y jointly own all the equipment and provide all the capital on the individual farming operation.
- Husband X contributes at least 50 percent of X's commensurate share of active personal labor and contributes a significant contribution of active personal management.
- Wife Y provides a significant contribution of active personal management.
- In this situation, Husband X's and Wife Y's share of the profits or losses from the farming operation are commensurate with their contributions to the farming operation and the contributions are at risk.

- Wife B owns land that was given to her by her father before her marriage to Husband A.
- The farming operations have been kept separate and distinct during the marriage. Both individuals have been determined to be "actively engaged in farming."

**Determination:** Husband A and Wife B would be considered separate "persons" for payment limitation purposes because each had separate farming operations before marriage which have remained separate and distinct. Separate determinations would be made for Individual C and Corporation X.

254 Minor Child

---

**A****Definition of  
Minor Child**

\*--[7 CFR 1400.106 (c)] A minor child is an individual that is not 18--\*  
years of age on or before the status date of the current year.

**Note:** Court action conferring majority on such person does not change this  
person's status as a minor child.

---

**B****Rules for Minor  
Child**

\*--[7 CFR 1400.106 (a)] A minor child:--\*

- is combined as 1 "person" with each parent or court-appointed person who is responsible for the child
- that is a beneficiary of a trust or heir of an estate, is combined with each parent or court-appointed person who is responsible for the child.

**Exception:** If the parents are considered to be separate "persons" according to paragraph 253, the minor child shall be combined as 1 "person" with the parent receiving the larger amount in payments.

**Notes:** A conservatorship does not necessarily mean the appointee is responsible for the child. A conservatorship means the appointee has control of certain assets of the child's.

See subparagraph 253 D for minors with divorced parents.

---

**C****Exception to  
Rule**

\*--[7 CFR 1400.106 (c)] A minor may be considered a separate--\*

Either of the following must be met for the minor to remain as a separate person:

- the minor meets all of the following:
    - has established and maintains a separate household from the parent or court-appointed person
    - personally carries out the farming activities in his or her operation
    - maintains a separate accounting for his or her farming operation
  - the minor meets all of the following:
    - does not live in the same household as his or her parents
    - is represented by a court-appointed person responsible for the minor

**C****Individual  
Operations**

[7 CFR 1400.4] If individual Native Americans have their own operation plus interest--\* in the tribal venture operation, the individual must certify that his or her total payments do not exceed the limitation. This should be completed on CCC-502 or attached to CCC-502.

---

**D****Entity  
Operations  
Involving Native  
Americans**

Corporations, trusts (revocable or irrevocable), and estates having Native Americans as members are subject to the same rules as all other entities.

---

**E****Examples**

The following are examples to clarify procedure for filing CCC-502's involving \*--Native American tribal ventures.--\*

Example 1 - Situation -- Native American tribal venture "AB" farms land owned by the tribal venture. BIA has certified that payments exceeding the applicable payment limitation, with respect to the land owned by the tribal venture, will not accrue directly or indirectly to any individual Native American including the spouse or minor children of the Native American. Individual Native Americans of the tribal venture farm land owned by third parties.

Determination -- BIA certification is effective only for the land owned by the tribal venture. Each individual Native American farming land owned by third parties must certify that they will not receive payments exceeding the applicable payment limitation with respect to the earnings from:

- the tribal venture's farming operation
  - their individual farming operation.
- 

Continued on the next page

**E****Examples  
(Continued)**

Example 2 - Situation -- Native American tribal venture "CD" farms land that is owned by the tribal venture and land that is leased to the tribal venture. The tribal venture provides all the capital and equipment, but only a few members of the tribal venture contribute a significant amount of active personal labor or active personal management to the farming operation on the leased land.

BIA has certified that payments exceeding the applicable payment limitation, with respect to the land owned by the tribal venture, will not accrue directly or indirectly to any individual Native American.

Some members of the tribal venture lease land and farm as individuals, contributing significant amounts of leased equipment, active personal labor, or active personal management to the farming operation on the individually leased land.

Determination -- BIA's certification is applicable only for the land that is owned by the tribal venture. The tribal venture is considered to be actively engaged in farming, with respect to land that is owned, and may earn payments exceeding the applicable payment limitation.

The land that is leased by the tribal venture must qualify under the same provisions that apply to joint operations. Therefore, for land leased to the tribal venture, each member of the tribal venture must contribute a significant amount of active personal labor or active personal management to the farming operation to be considered actively engaged in farming. The tribal venture must complete the necessary forms for COC to determine whether the members of the tribal venture are actively engaged with respect to the leased land.

Each individual receiving payment as an individual must certify that they will not receive payments exceeding the applicable payment limitation with respect to the earnings from:

- the tribal venture's farming operation
- their individual farming operation.

The individual Native American must also complete the necessary forms for COC to determine whether the individual is actively engaged in farming.

**256 States, Political Subdivisions, and Agencies**

---

**A****Rule**

All State agencies, divisions, or political subdivisions are combined as 1 "person" for payment limitation purposes with the State.

**Example:** A city would be combined as 1 "person" with the State in which the city is located.

**Note:** Combined State producers shall not be denied the opportunity to participate in programs unless specifically ineligible for that program.

---

**B****Exceptions to Rule**

**Exception 1:** Payments issued to public schools with respect to land owned by public school districts or by the State and used to support public schools are not limited. This is considered an exempt entity and is separate from the combined State, political subdivisions, and agency entity.

**\*--Notes:** If a public school receives payment, directly or indirectly, from land which is neither owned by the public school nor by the State and used to support public schools, the payment is **not** exempt from limitation and must be included with payments made to the combined State producer or designated as a "permitted entity," as applicable.

The term "public school" includes State universities.--\*

**Exception 2:** Payments made to States under a State conservation enhancement agreement are not limited.

Dear Producer:

A State, including political subdivisions and agencies thereof, is collectively considered as 1 "person" for payment limitation purposes and therefore may not receive payments or "permitted entity" designations exceeding the amount afforded 1 "person". To be eligible for payment, each "person" must be determined "actively engaged in farming" and in compliance with highly erodible land conservation and wetland conservation provisions.

If you intend to participate in (program subject to limitation), you must enroll by (end of signup). No later than (end of signup), all combined State producers should develop a method for disbursing program payments subject to limitation and selecting "permitted entity" designations and inform the control County Office (give office name and address). If no method is given, the control County Office will conduct a drawing, open to the public, on (second Friday after signup) at 10:00 a.m., for selecting the order in which participating combined State producers will receive payments subject to limitation and "permitted entity" designations.

If a drawing is conducted, you will be notified of the results.

Sincerely,

County Executive Director

**\*--272 "Person" Determinations - Individuals--\***

---

**A**

**Rule**

An individual producer is considered a separate "person" if the producer:

- has a separate and distinct interest in the land or crop involved
  - exercises separate responsibility for this interest
  - maintains funds or accounts separate from that of any other producer.
- 

**B**

**Programs Not  
Requiring  
Determination of  
"Actively  
Engaged"**

If a program requires a determination of "persons" but not a determination of "actively engaged in farming," the following is also required to be eligible for payments or benefits:

- the claimed share of the profits or losses of the farming operation must be commensurate with the contributions to the farming operation
  - contributions at risk.
-

## 273 “Actively Engaged” Determinations - Individuals

### A

#### Rule

An individual shall be considered to be “actively engaged in farming” if all of the requirements on this table are met.

Item	Requirement
1	The individual makes a significant contribution to the farming operation of both of the following: <ul style="list-style-type: none"> <li>capital, equipment, land, or a combination thereof</li> <li>active personal labor, active personal management, or a combination thereof.</li> </ul>
2	The individual’s share of the profits or losses from the farming operation are commensurate with the individual’s contribution to the farming operation.
3	The individual’s contributions are at risk.

### B

#### Other Participants That Use This Rule

This rule also applies to an individual who is:

- a partner in a general partnership
- a participant in a joint venture.

### \*--C

#### Military Personnel

[7 CFR 1400.213] COC may determine an individual who is called to active duty in the military during the program year "actively engaged in farming" according to this table.

IF the individual is called to active duty in the military...	THEN COC...
before the determination is made	must determine that the individual was making a conscious effort to be, and would have been determined to be “actively engaged in farming” if not for being called to active duty in the military.
after the determination is made	shall allow the determination to be in effect for the program year.

--\*

## 274 Sharecropper

**A  
Rule**

A sharecropper shall be considered "actively engaged in farming" if all of the requirements in this table are met.

Item	Requirement
1	The sharecropper makes a significant contribution of active personal labor to the farming operation for which the sharecropper receives a specified share of the crop produced on the farm.
2	The sharecropper's share of the profits or losses from the farming operation is commensurate with the contribution to the operation.
3	The sharecropper's contributions are at risk.

**\*--Note:** To be considered "actively engaged in farming" under this provision, the individual may:

- not receive wages for labor and be considered a sharecropper for this purpose
- be provided housing and "draw" cash advances to be deducted later from proceeds of the crop.--\*

**B  
Example**

**Situation:** Individual Y provides labor for Landowner Z on 500 acres of rice in exchange for a share of the crop. Individual Y only contributes active personal labor to the farming operation. Landowner Z provides Individual Y with housing. Individual Y also receives a cash advance that will be set off from the proceeds of the crop after harvest.

**Determination:** Individual Y is considered to be "actively engaged in farming" since Individual Y is a sharecropper. Landowner Z is considered to be "actively engaged in farming" since Z is a landowner.

**275 Incapacitated Individual****A****Introduction**

This paragraph describes the requirements for an individual who dies or becomes incapacitated during the program year to be determined "actively engaged in farming."

**B****Rules**

COC may determine an individual who dies or becomes incapacitated during the program year "actively engaged in farming" according to this table.

<b>IF the individual dies or becomes incapacitated ...</b>	<b>THEN COC ...</b>
before the determination is made	must determine that the individual was making a conscious effort to be, and would have been determined to be, "actively engaged in farming," if not for the individual's death or incapacitation.
after the determination is made	shall allow the determination to be in effect for the program year.

**Notes:\***--This rule is also applicable to an entity if COC determines that the individual who died or who became incapacitated would have qualified the entity as "actively engaged in farming."

The following year, the individual, the individual's estate, or the entity, as applicable, must meet all of the necessary--\* requirements to be "actively engaged in farming" for that year.

Continued on the next page

**275 Incapacitated Individual (Continued)**

---

**C****Specific Rule for  
Estates**

If an individual's death during the current year results in an estate and the estate succeeds the individual on the current year program contract, the estate, if otherwise eligible to receive payments under the provisions of this paragraph, may be paid without designation as a "permitted entity" for the current year by any of the heirs.

---

**\*--276 Case Examples - Individuals--\***

---

**A****Example 1**

**Situation:** Individual Z, a producer, rents 1,500 acres of land on a share-rent basis. Individual Z owns the equipment and contributes at least 50 percent of the producer's commensurate share of active personal labor and contributes 100 percent of the farming operation's management. In this situation, Individual Z's share of the profits or losses from the farming operation are commensurate with Individual Z's contributions to the operation and the contributions are at risk.

**Determination:** Individual A is considered to be "actively engaged in farming."

---

**B****Example 2**

**Situation:** Individual A rents land on a share-rent basis. Individual A contributes a significant amount of leased equipment and a significant amount of active personal management to the farming operation. Capital is borrowed from another producer on the farm at the prevailing interest rate. The labor needed for Individual Z's farming operation is hired. Individual A's share of the profits or losses from the farming operation are commensurate with individual A's contribution to the operation and the contributions are at risk.

**Determination:** Individual A is considered to be "actively engaged in farming" since Individual A contributes a significant amount of both equipment and active personal management. A contribution of capital, equipment, or land is used to meet the significant contribution.

## Section 3 Joint Operations

### 291 Overview

---

*A*

#### Introduction

This section describes determinations and procedures that relate to joint operations.

---

*B*

#### In This Section

The following paragraphs are included in this section.

Paragraph	Title	Page
292	Defining Joint Operation	4-76
293	"Person" Determination - Joint Operations	4-77
294	"Actively Engaged" Determinations - Joint Operations	4-78
295	Family Member	4-79
296	Case Examples - Joint Operations	4-85
297	Completing CCC-502B	4-87
298-310	Reserved	

---

## 292 Defining Joint Operation

---

A

### Definition

A joint operation is a general partnership, joint venture, or other similar business organization in which 2 or more individuals or entities pool their resources, such as land, labor, capital, management, and equipment to conduct the operation.

---

## 293 "Person" Determinations - Joint Operations

---

### A

#### Rule

\*--[7 CFR 1400.3 (b)] Each member who shares in the income from a--\* joint operation is considered a "person," not the joint operation itself. However, members of a joint operation may request to be jointly treated as a "person" according to subparagraph C.

**Note:** The members of a joint operation will be considered as having met the requirements to be considered a separate "person," according to paragraph 110, if the joint operation meets the requirements.

---

### B

#### Programs Not Requiring Determination of "Actively Engaged"

\*--[7 CFR 1400.6] If a program requires a determination of "persons,"--\* but not a determination of "actively engaged in farming," the following is also required to be eligible for payments or benefits, unless the members agree to be jointly treated as 1 "person" according to subparagraph C:

- the claimed share of the profits or losses of the farming operation must be commensurate with the contributions to the farming operation
  - contributions at risk.
- 

### C

#### One "Person" Joint Operation

\*--[7 CFR 1400.3] The members of a joint operation may all agree to--\* be jointly treated as 1 "person" and meet the requirements to be "actively engaged in farming" through the combined contributions of the members.

**Notes:** The members shall indicate their agreement to be jointly treated as 1 "person" on CCC-502B, item 18.

This provision does not negate any requirements that apply under a contract or application for the producer to be eligible for payment.

---

## 294 "Actively Engaged" Determinations - Joint Operations

---

### A

#### Rules

Members of a joint operation can become "actively engaged in farming"  
\*--in 1 of the following ways:--\*

- by meeting the requirements for an individual according to paragraph 273
- \*--by all members agreeing to be jointly treated as 1 "person" according to subparagraph 293 C.--\*
- by meeting all of the requirements in this table.

Item	Requirement
1	Contributions to the farming operation of <b>both</b> of the following are made: <ul style="list-style-type: none"> <li>• the member <b>or</b> the joint operation makes a significant contribution of capital, equipment, or land, or a combination thereof</li> <li>• the member makes a significant contribution of active personal labor or active personal management, or a combination thereof.</li> </ul>
2	The member must provide satisfactory evidence that his or her contributions of land, labor, management, equipment, or capital to the joint operation are commensurate with the member's claimed share of the profits or losses of the joint operation.
3	The member's contributions to the farming operation are at risk.

---

### B

#### Contributions Not Commensurate

For a member of a joint operation whose contributions of inputs are not equal to his or her claimed share:

- if the contribution is less than commensurate, that member is not considered "actively engaged in farming" and ineligible to receive any payment earned by the joint operation
  - if the contribution is at least commensurate, that member may receive his or her share of the payment earned by the operation, but this share cannot be increased because of the ineligibility of another member.
-

## 295 Family Member

---

*A*

### **Definition**

A family member is an individual to whom another member in the farming operation is related as lineal ancestor, lineal descendant, or sibling, including spouses of those family members who do not make a significant contribution to the farming operation themselves.

The term "family member" shall include:

- great grandparent
- grandparent
- parent
- child, including legally adopted children
- grandchild
- great grandchild
- sibling of the family members in the farming operation
- spouse of family members, if the family member does not make a significant contribution of active personal labor or active personal management to the farming operation as an individual.

*B*

### **Making the Determination**

In making the determination, COC shall consider the makeup of the operation at the time the determination is made.

---

*Continued on the next page*

**295 Family Member, Continued**

---

*C***Rule**

An individual who is an adult family member shall be considered "actively engaged in farming" for a joint operation conducted by persons, a majority of whom are individuals who are family members, if all of the requirements on this table are met.

Item	Requirement
1	The family member makes a significant contribution of active personal management or active personal labor, or combination thereof, to the farming operation.
2	The family member's share of the profits or losses from the farming operation is commensurate with the family member's contribution to the operation.
3	The family member's contributions are at risk.

*D***Example 1**

**Situation:** In 1990, Partnership AB consists of 2 unrelated individual members. In 1991, Individual C, an adult son of A, will join the partnership.

- Individuals A and B each will provide a significant contribution of active personal labor and active personal management.
- Individual C will provide a significant contribution of active personal labor.
- The partnership will provide all of the capital and equipment. The land is share leased by the partnership from 5 different landowners.

---

*Continued on the next page*

## 295 Family Member, *Continued*

---

*D*

### **Example 1,** *Continued*

**Determination:** Based on the contributions of each member, Individuals A, B, and C are each considered to be "actively engaged in farming", if COC determines the contributions are at risk and claimed shares are commensurate with the contributions of each member.

In this example, Individual C is "actively engaged in farming" because of the family member provision, since the joint operation consists of 3 "persons", a majority of whom are individuals that are family members. The determination that a majority of the "persons" of the joint operation are individuals that are family members shall be made, considering the structure of the joint operation, on the status date.

---

*E*

### **Example 2**

**Situation:** Father A has been farming owned land and rented land for approximately 15 years. Son B, an adult, is starting to farm with his father. Son B contributes a significant amount of active personal labor. Father A contributes all of the farming operation's capital, equipment, and active personal management.

**Determination:** Father A and Son B are both considered to be "actively engaged in farming" and would be considered to be 2 "persons."

---

*Continued on the next page*

## 295 Family Member, *Continued*

---

*F*

### Example 3

**Situation:** In 1990, Partnership CD consisted of Individual C and Grandfather D. In 1991, however, Grandson E is brought into the farming operation.

- Individual C contributes all the capital and a significant amount of active personal management.
- Grandfather D contributes the use of a significant amount of equipment, owned land, and active personal management.
- Grandson E will provide all the active personal labor.

**Determination:** Individual C, Grandfather D, and Grandson E will each be considered to be "actively engaged in farming". COC will consider whether the claimed shares are commensurate with each partner's contribution to the farming operation.

---

*G*

### Example 4

**Situation:** Father Y has a large farming operation, part of which he owns and part of which he share leases. In 1989, Son Z subleases 3 farms from Father Y and farms them as a separate farming operation.

- Father Y provides Son Z with all the needed capital and equipment.
- Son Z contributes a significant amount of both active personal labor and active personal management to the farming operation.

**Determination:** Son Z is not considered to be "actively engaged in farming". Son Z does not qualify with respect to the family member provision since he was not brought into a family farming operation. If Father Y had formed a joint operation with his son, Son Z would have been considered to be "actively engaged in farming" with respect to the family member provision. A separate "actively engaged" determination would need to be made for Father Y.

---

*Continued on the next page*

**295 Family Member, Continued**

---

*H***Example 5**

**Situation:** ABC Partnership is a family held partnership consisting of Father A, Son B, and Daughter C. In 1991, Father A brings Son-in-law D into the farming operation.

- Daughter C, who is married to Son-in-law D, does not provide a significant amount of active personal labor or active personal management to the farming operation.
- Son B contributes a significant amount of capital, active personal labor, and active personal management.
- Father A originally contributed his owned equipment to the partnership and contributes some capital and a significant amount of active personal management.
- Son-in-law D contributes a significant amount of both active personal labor and active personal management to the farming operation.

**Determination:** Father A, Son B, and Son-in-law D are considered to be "actively engaged in farming". Daughter C is not considered to be "actively engaged in farming". Son-in-law D was brought into the farming operation using the family member provision. If Daughter C made a significant contribution of active personal labor or active personal management, Son-in-law D would not have been considered to be "actively engaged in farming" with respect to the family member provision.

---

*Continued on the next page*

## 295 Family Member, *Continued*

---

*I*

### Example 6

**Situation:** Mother A, Daughter B, and Son C are partners in a family partnership. Son D, a minor, becomes a partner in 1991.

- Mother A contributes a significant amount of both capital and active personal management.
- Daughter B contributes a significant amount of both capital and active personal management.
- Son C contributes a significant amount of equipment, active personal labor, and active personal management.
- Son D contributes a significant amount of active personal labor.

**Determination:** Mother A, Daughter B, and Son C are considered to be "actively engaged in farming". However, Son D is not considered to be "actively engaged in farming" because of the family member provision since he is not an adult family member.

---

## 296 Case Examples - Joint Operations

---

A

### Example 1

**Situation:** Partnership AB farms 2,000 acres of land. The partnership owns the equipment and the individual partners provide at least 50 percent of their commensurate share of active personal labor and a significant amount of active personal management. Each partner's share of the profits or losses from the farming operation are commensurate with the partner's contribution to the operation and each partner's contributions are at risk.

**Determination:** Partners A and B are considered to be separate "persons" actively engaged in farming.

---

B

### Example 2

**Situation:** Partnership CD farms 2,000 acres of land. Each of the individual partners contributes a significant amount of both capital and active personal management to the farming operation. Labor is hired. Equipment and land are rented from third parties. Each partner's share of the profits or losses from the farming operation are commensurate with the partner's contribution to the operation and each partner's contributions are at risk.

**Determination:** Partners C and D are considered to be separate "persons" actively engaged in farming.

---

*Continued on the next page*

**296 Case Examples - Joint Operations, *Continued***

---

\*--C

**Example 3**

**Situation:** Partnership EFG farms 2,000 acres of land. The contributions of capital, land, and equipment are acquired as a result of loans from a banking institution. The bank requires that all partners sign to guarantee the loan. The individual partners provide at least 50 percent of their commensurate share of active personal labor and a significant amount of active personal management. Each partner's share of the profits or losses from the farming operation are commensurate with the partner's contributions to the operation and each partner's contributions are at risk. None of the partners have any other farming interests.

**Determination:** Partners E, F, and G are considered to be separate "persons" actively engaged in farming. The fact that the contributions of capital, land, and equipment are guaranteed by the members does not prevent the contributions from being considered for a significant contribution. Refer to subparagraphs 151 D, 152 C, and 153 C.--\*

Leased equipment includes equipment provided by a custom farmer. It will be necessary to provide a copy of the equipment lease if the equipment is being leased from an individual or entity that shares in the production or proceeds of the production in the farming operation.</p>
18	<p>If any of the contributions of capital, equipment, or land were acquired as the result of a loan, check the *--applicable box and provide the requested information in item 18 B.--*</p> <p>You will be required to provide the detail information if the loan was made by or guaranteed by an individual or entity with an interest in this farming operation. If that is the case, identify which contribution the loan relates to, the individual or entity who made the contribution, the individual or entity who guaranteed the loan, and what type of interest the individual or entity has in your farming operation.</p>
19	<p>Enter your best estimate of the percentage and/or hours of the total amount of labor required for your farming operation that will be provided by sources other than the joint operation or any member of the joint operation, such as unpaid family and friends.</p>

313 "Person" Determinations - Corporations, Limited Partnerships, Limited Liability Companies, and Other Similar Entities

---

**A  
Rule**

A corporation, including a subchapter S corporation, limited partnership, ~~limited liability company, limited liability partnership, or other similar entity in which the liability of any member is limited, is considered a "person" if~~ it:

- has a separate and distinct interest in the land or crop involved
- exercises separate responsibility for this interest
- maintains funds or accounts separate from that of any other individual or entity for this interest.

~~Notes:~~ The entity is considered the "person," not the members of the entity.

If all partners in a limited partnership are both general and limited partners, consider the partnership either a limited partnership or a general partnership, whichever results in the most restrictive rule.

B

#### Exceptions to Rule

This table shows exceptions to the general rule.

IF the entity has...	THEN...
<p>1 stockholder, partner, or member owning * * * more than 50 percent of the entity</p> <p><b>Note:</b> Include stock owned by other individuals or entities that are combined with the stockholder as 1 "person."</p>	<p>the stockholder, partner, or member and the entity are combined as 1 "person."</p>
<p>2 or more stockholders, partners, or members that own * * * more than 50 percent of the interest in each of 2 or more corporations, limited partnerships, limited liability companies, or other similar entities with farming interests</p> <p><b>Notes:</b> Include stock owned by other individuals or entities that are combined with the stockholder as 1 "person."</p> <p>The term "farming interests" includes land owned by an entity that is cash-leased to another producer and used for the production of agricultural products.</p>	<p>the entities are combined as 1 "person."</p>

**Note:** For "person" determinations involving:

- FCB's and related associations, see paragraph 257
- clubs, societies, fraternal, and religious organizations, see paragraph 258.

### 313 "Person" Determinations - Corporations, Limited Partnerships, \*--Limited Liability Companies, and Other Similar Entities, *Continued*--\*

C

#### Stock Held by Other Entities

For stock held by other entities that have minor children as heirs, beneficiaries, or members, consider the share of stock attributable to the minor child as being owned by the minor's parents.

**Note:** If the minor child is considered a separate "person" according to paragraph 254, the minor's share of stock will not be considered owned by the minor's parents.

D

#### Stock Transfers After the Status Date

Handle voluntary stock acquisitions after the status date by determining the percentage share of outstanding stock owned by a stockholder according to this table.

Step	Action
1	Determine the amount of outstanding stock owned by the stockholder as of the status date of the crop year.
2	Determine the amount of stock voluntarily acquired after the status date but before harvest of the last program crop that is normal for the area.
3	Add the results of steps 1 and 2. If total exceeds 50 percent of the corporation's stock, the stockholder and the corporation are combined as 1 "person."

**Note:** Voluntary acquisition of stock after the status date does not reduce the ownership share of any other stockholder for payment limitation purposes.

*Continued on the next page*

**313 “Person” Determinations - Corporations, Limited Partnerships, Limited Liability Companies, and Other Similar Entities (Continued)**

---

**E****Classes of Stock**

For corporations with more than 1 class of stock, such as preferred and common, the ownership percentage of stock, or unit of ownership, shall be determined by the fair market value of outstanding stock.

**\*--Note:** The value can be determined by COC, STC, or DAFP or designee,--\* but should be determined at the earliest level before referring to the next higher level of authority.

---

**F****Fair Market Value Factors**

To determine the fair market value of stock, or unit ownership, the following available factors shall be considered:

- current market quotations for each class of stock
  - relevant factors affecting the value of each class of stock
  - rights and privileges of each class of stock
  - any other information that would assist in the determination.
- 

**G****Programs Not Requiring Determination of "Actively Engaged"**

If a program requires a determination of "persons" but not a determination of "actively engaged in farming," the following is also required to be eligible for payments or benefits:

- the claimed share of the profits or losses of the farming operation must be commensurate with the contributions to the farming operation
  - contributions at risk.
-

## 314 "Actively Engaged" Determinations - Corporations, Limited Partnerships, Limited Liability Companies, and Other Similar Entities

### A Rules

A corporation, limited partnership, limited liability company, association, or other similar entity shall be considered to be "actively engaged in farming" if all of the requirements in this table are met.

Item	Requirement
1	The entity * * * separately makes a significant contribution of capital, equipment, or land, or a combination thereof.
2	<p>*--Stockholders, partners, or members that make contributions of active personal labor and/or active personal management, have a combined interest of at least 50 percent, and collectively make a significant contribution to the farming operation.--*</p> <p><b>Note:</b> The contribution of labor or management may be considered a contribution whether or not the member is compensated for the contribution. However, if a member is compensated for the contribution, the compensation must be fair and reasonable, considering the:</p> <ul style="list-style-type: none"> <li>• type and amount of the service performed</li> <li>• prevailing salary paid in the area for the service.</li> </ul>
3	The entity's share of the profits or losses from the farming operation is commensurate with the contribution to the farming operation.
4	The entity's contributions are at risk.

**Specific Rules for  
Associations**

The following specific rules apply to associations.

- Clubs, societies, fraternal organizations, and religious organizations shall be considered to be associations, unless specified otherwise with supporting documentation.
- The members of an association shall be considered as having equal shares, unless specified otherwise.
- The members of associations shall be the actual members and not the board of directors.

**Examples:** The members of a church are the individual members.

The members of the Boy Scouts of America are the individual boy scouts.

---

**\*--315 Case Examples - Corporations, Limited Partnerships, Limited Liability Companies, and Other Similar Entities--\***

---

A

**Example 1**

**Situation:** Corporation XYZ rents 3,000 acres of land for one-fourth share of the crop.

- Corporation XYZ contributes a significant amount of capital to the operation.
- Stockholders, owning a total of 50 percent of Corporation XYZ, contribute a significant amount of active personal labor.
- The corporation's share of the profits or losses from the farming operation are commensurate with the corporation's contributions to the operation, and the contributions are at risk.

**Determination:** Corporation XYZ is considered to be "actively engaged in farming" and is 1 "person" for payment limitation purposes.

---

*Continued on the next page*

**\*--315 Case Examples - Corporations, Limited Partnerships, Limited Liability Companies, and Other Similar Entities, *Continued*--\***

---

*B*

**Example 2**

**Situation:** Corporation AB consists of Father A and Son B, each having a 50 percent share.

- Father A is a retired farmer who created the corporation for tax reasons and to aid in the transfer of the farm to Son B. The corporation contributes a significant amount of capital and equipment to the farming operation.
- Son B contributes a significant amount of both active personal labor and active personal management to the farming operation; however, most of the labor is provided by hired laborers.
- Father A lives on the farm and contributes a token amount of active personal management.

**Determination:** Since Son B has at least 50 percent of the corporation, his significant contribution of active personal labor and active personal management would be enough to qualify the corporation as being "actively engaged in farming." Since the corporation provides at least 1 of the required contributions of capital, equipment, or land and Son B, 1 of the corporation's stockholders who has a 50 percent ownership interest, contributes active personal labor and active personal management, Corporation AB is considered to be "actively engaged in farming" and is considered to be 1 "person" for payment limitation purposes.

---

*Continued on the next page*

**\*--315 Case Examples - Corporations, Limited Partnerships, Limited Liability Companies, and Other Similar Entities, *Continued*--\***

---

*C*

**Example 3**

**Situation:** Corporation GH consists of Husband G owning 25 percent of the stock of the corporation and Wife H owning 30 percent of the stock in the corporation.

- Corporation GH provides all the capital, equipment, and land for the farming operation.
- Husband G and Wife H provide a significant amount of both active personal labor and active personal management.

**Determination:** Corporation GH is "actively engaged in farming" since Husband G and Wife H provide a significant amount of both active personal labor and active personal management. Since Husband G and Wife H collectively own more than 50 percent of the stock of the corporation, Husband G, Wife H, and Corporation GH are considered to be 1 "person" for payment limitation purposes.

---

*D*

**Example 4**

**Situation:** Father J conducts an individual farming operation on owned land. Corporation JKL conducts a farming operation on owned land. Father J also owns 50 percent of the stock of Corporation JKL and Trust KL (an irrevocable trust for the benefit of Father J's 2 minor children) owns 50 percent of the stock.

**Determination:** Father J and Corporation JKL are considered to be "actively engaged in farming" because of the landowner provision. However, Father J and Corporation JKL are considered to be 1 "person" for payment limitation purposes because Father J owns more than 50 percent of the stock of the corporation, including stock owned by an irrevocable trust for the benefit this individual's minor children.

---

*Continued on the next page*

**\*--315 Case Examples - Corporations, Limited Partnerships, Limited Liability Companies, and Other Similar Entities, *Continued*--\***

---

*E*

**Example 5**

**Situation:** Individuals M, N, and O own stock in 2 corporations and each has a separate and distinct farming operation on land that they individually own.

- Corporation MN has stockholders M and N, owning 60 and 40 percent of the stock, respectively.
- Corporation MO has stockholders M and O, owning 70 and 30 percent of the stock, respectively.
- Corporations MN and MO each have a separate and distinct farming operation on land owned by each individual corporation.

**Determination:** Individuals M, N, and O, and Corporations MN and MO are considered to be "actively engaged in farming" because of the landowner provision. Because Individual M owns more than 50 percent interest in both corporations, Individual M is considered to be 1 "person" with both corporations. Individuals N and O are considered to be separate "persons" on their individual farming operations and are considered to be "actively engaged in farming" because of the landowner provision.

---

*F*

**Example 6**

**Situation:** Corporation X has stockholders A, B, C, and D owning 30 percent, 20 percent, 15 percent, and 35 percent, respectively. Corporation Y has stockholders A, B, C, and E owning 10 percent, 20 percent, 25 percent, and 45 percent, respectively. Each corporation farms land owned by the corporation.

**Determination:** Corporations X and Y are both considered to be "actively engaged in farming" because of the landowner provision. However, Corporation X and Corporation Y are considered to be 1 "person" for payment limitation purposes since the same 2 or more stockholders own more than 50 percent of the stock in each of the 2 corporations having farming interests.

332 "Person" Determinations - Estates

**A**

**Rule**

\*--[7 CFR 1400.104] An estate may be considered a separate "person" from--\* the heir or heirs, if the estate:

- has a separate and distinct interest in the land or crop involved
- exercises separate responsibility for this interest
- maintains funds or accounts separate from that of any other individual or entity for this interest
- \*--meets the requirements of subparagraph B.--\*

**B**

**Guidelines for  
Determining  
Separate**

Use this table to determine whether an estate is a "person" separate from the heir or heirs.

*--IF the heirs of the estate would...--*	THEN the estate is considered...
* * * have been 1 "person" with the deceased individual if the individual was still living	1 "person" with such heir.
* * * not have been 1 "person" with the deceased individual if the individual was still living	a separate "person" from the heir or heirs.

Continued on the next page

### 332 "Person" Determinations - Estates (Continued)

---

#### C

##### Minor Heirs

If the estate has 1 or more minor heirs and the minor does not qualify as a separate "person" according to paragraph 254, the minor child's interest is considered to be the parent's interest.

**\*--Example:**      **Situation:** General Partnership A consists of Individual B and Estate C, each with a 50 percent share.

Estate C consists of Individual D and Individual E, each with a 50 percent share. Individual E is the minor child of Individual B.

**Result:** Individual E's interest in the estate would be considered to be the interest of Individual B. Accordingly, Individual B would be required to designate Individual E's interest in the estate as a "permitted entity" in order for the interest to be paid.--\*

---

#### D

##### Programs Not Requiring Determination of "Actively Engaged"

If a program requires a determination of "persons" but not a determination of "actively engaged in farming," the following is also required to be eligible for payments or benefits:

- the claimed share of the profits or losses of the farming operation must be commensurate with the contributions to the farming operation
  - contributions at risk.
-

### 333 "Actively Engaged" Determinations - Estates

---

#### A

##### General Rule

For 2 program years after the program year in which an individual dies, the individual's estate shall be considered to be "actively engaged in farming" if all of the requirements in this table are met.

Item	Requirement
1	The estate separately makes a significant contribution of capital, equipment, or land, or a combination thereof.
2	The personal representative (Executor, Administrator, etc.) or heirs of the estate collectively make a significant contribution of active personal labor or active personal management, or combination thereof, to the farming operation.
3	The estate's share of the profits or losses from the farming operation are commensurate with the contribution to the farming operation.
4	The estate's contributions are at risk.

**Note:** See paragraph 275 for incapacitated individual rule.

---

#### B

##### Rule for Estates of More Than 2 Years

Following the period of 2 program years after the program year in which an individual dies, the deceased individual's estate shall not be considered to be "actively engaged in farming" unless, on a case-by-case basis, COC determines that the estate is still active and is being kept active for reasons other than for obtaining program payments.

**\*--Note:** COC determination shall be made annually based on information provided by an authorized representative of the estate.--\*

---

Continued on the next page

**\*--333 "Actively Engaged" Determinations - Estates (Continued)--\***

---

**C**

**Determinations  
for Estates of  
More Than 2  
Years**

For estates of duration greater than 2 program years after the program year in which an individual dies, COC must determine that:

- the estate has proven that it is still active for the current year, and the Administrator, Executor, etc., is still making required reports to the court
- the estate is being kept active for the current year for reasons other than for obtaining program payments.

**Note:** The producer should provide any other information that establishes a basis for the required determination.

---

**D**

**DD Review of  
Estates of More  
Than 2 Years**

For estates of duration greater than 2 program years after an individual dies, DD must:

- review findings of COC
  - concur with the determination for the estate to be recognized.
-

## A

**Example 1**

**Situation:** E Estate is formed upon the death of Individual E in February 1991. Individual B is the sole heir of the estate and provides a significant amount of active personal management. E Estate provides equipment and rented land. All labor is hired. Individual B also has individual farming interest. All contributions are commensurate and are at risk.

**Determination:** E Estate is considered to be "actively engaged in farming" since the heir (Individual B) has provided a significant amount of active personal management and the estate has provided equipment and land.

- Although Individual B is the sole heir of the estate, Individual B and the estate are not considered to be 1 "person" because, prior to the death, Individuals E and B would not have been combined as 1 "person."
- Therefore, Individual B may be considered to be a separate "person" from E Estate and will be eligible for payment if Individual B is determined to be "actively engaged in farming" with respect to the separate farming operation.

---

Continued on the next page

**\*--334 Case Examples - Estates (Continued)--\***

---

**B****Example 2**

**Situation:** C Estate was formed in October 1991 upon the death of Individual C. The heirs are Individuals E, F, and G, each having a one-third interest.

- Before the death of Individual C, Individual C owned equipment and all of the acreage farmed was cash leased. Individual E will serve as executor for the estate.
- For 1992, C Estate will cash lease land. C Estate will contribute a significant amount of cash rented land, owned equipment, and capital for the farming operation.
- Individual E will provide a significant amount of active personal management with the estate hiring all labor.
- All contributions are commensurate and are at risk.

**Determination:** C Estate is considered to be "actively engaged in farming." The heirs may also be considered to be separate "persons" with respect to other farming operations if all conditions are met for such operation.

---

Continued on the next page

## C

**Example 3**

**Situation:** Y Estate is formed in August 1990 upon the death of Individual Y.

- Before death, Individual Y had been determined to be "actively engaged in farming" and had entered into a contract to participate in the 1990 ARP.
- Y Estate will continue to farm the acreage that was leased to Individual Y, as a successor-in-interest. Y Estate will hire any labor and management that is needed for the farming operation.

**Determination:** Y Estate is considered to be "actively engaged in farming" because Individual Y was determined to be "actively engaged in farming" and had executed a contract to participate in the program before death. However, to continue to be "actively engaged in farming" for the following year, the heirs or personal representative of the estate will have to provide a significant amount of active personal labor or active personal management, and the estate will have to provide a significant amount of capital, equipment, or land.

**\*--335 Completing CCC-502D, Farm Operating Plan for Payment Eligibility Review for an Estate or Trust--\***

---

**A**

**Introduction**

The following forms are required for both estates and trusts:

- CCC-501A (see paragraph 201)
  - CCC-502D.
- 

**B**

**Who Should Complete CCC-502D**

CCC-502D should only be completed by estates and trusts.

---

**C**

**When to File**

File CCC-502D with COC no later than the date specified in paragraph 50.

---

**D**

**Supporting Data**

COC shall require adequate supporting data to make proper "actively engaged in farming" and "person" determinations according to paragraph 52.

---

**E**

**Related Forms**

If any member of this entity is another entity or a joint operation, that entity or joint operation will be required to provide CCC-502B, CCC-502C, or CCC-502D depending on the type of entity that is a member.

The entity completing CCC-502D will be required to submit CCC-501A for itself and every entity that is a member of itself. Each **individual** who has direct or indirect interest in the entity filing CCC-502D and wants to receive payment through that entity shall file CCC-501B with COC.

## 362 Revocable and Irrevocable Trusts

---

### A

**Types of Trusts** For payment limitation purposes, there are 2 types of trusts.

Type	Characteristics
Revocable trust	<ul style="list-style-type: none"> <li>Can be modified or terminated by the grantor or the assets revert to the grantor after a specific period of time</li> <li>Does not meet the criteria for an irrevocable trust</li> </ul>
Irrevocable trust	<ul style="list-style-type: none"> <li>May not be modified or terminated by the grantor</li> <li>The grantor does not have any future, contingent, or remainder interest in the corpus of the trust</li> <li>For trusts established after January 1, 1987, does not provide for the transfer of the corpus of the trust to the remainder beneficiary in less than 20 years from the date the trust is established, except in cases where the transfer is contingent upon the remainder beneficiary achieving at least the age of majority or upon the death of the grantor or income beneficiary.</li> </ul> <p><b>Note:</b> All other trusts not meeting these requirements shall be considered revocable trusts.</p>

### B

#### Scrutiny of Trusts

All trusts that receive payments shall be carefully scrutinized to ensure that the trusts are legitimate entities and have not been created solely for the purposes of evading payment limitation provisions.

County Offices shall:

- require producer to provide a copy of the trust agreement unless the trust is a revocable trust
  - determine whether provisions are included in the trust that would require the trust to be considered a revocable trust for payment limitation purposes.
-

**363 "Person" Determinations - Trusts**

---

**A****General Rule**

\*--[7 CFR 1400.103] For payment limitation purposes, a trust is eligible to be--\* considered a separate "person" from any other individual or entity, if the trust:

- has a separate and distinct interest in the land or crop involved
  - exercises separate responsibility for this interest
  - maintains funds or accounts separate from that of any other individual or entity for this interest.
- 

**B****Revocable Trust  
Combined With  
Grantor**

Revocable trusts are combined with the grantor of the trust.

**Note:** See subparagraph D to determine whether the beneficiary should also be combined with the grantor and the revocable trust.

---

**C****Trusts With  
Minor  
Beneficiaries**

For trusts with 1 or more minor children as beneficiaries and the minor does not qualify as a separate "person" according to paragraph 254, the minor child's interest is considered to be the parent's or court-appointed person's interest.

**Note:** If the minor child is the sole beneficiary or if all the minor children are under the same parent or court-appointed person's care, the trust, the minor, and the parent or court-appointed person are combined as 1 "person."

---

Continued on the next page

## 363 "Person" Determinations - Trusts (Continued)

**D****Guidelines for  
Determining  
"Person"**

Use this table to determine whether a trust is a separate "person" from the beneficiary or beneficiaries.

<b>IF the trust has...</b>	<b>THEN the trust...</b>
only 1 beneficiary	is combined as 1 "person" with the beneficiary.
<ul style="list-style-type: none"> <li>• 2 or more beneficiaries that are not combined as 1 "person"</li> <li>• farming interests separate and distinct from all individuals or entities including the beneficiaries</li> </ul>	<p>is a separate "person" from the beneficiaries.</p> <p><b>Note:</b> See subparagraph C if all beneficiaries are minors.</p>
<p>1 or more beneficiaries and these beneficiaries have more than 50 percent interest in this trust and 1 or more other trusts</p> <p><b>Note:</b> Include interests of beneficiaries combined as 1 "person."</p>	<p>is combined with all other trusts that have these common beneficiaries holding more than 50 percent interest.</p> <p><b>*--Note:</b> Combine only similar trusts, that is, irrevocable trust with another irrevocable trust.--*</p>

**E****Programs Not  
Requiring  
Determination of  
"Actively  
Engaged"**

If a program requires a determination of "persons" but not a determination of "actively engaged in farming," the following is also required to be eligible for payments or benefits:

- the claimed share of the profits or losses of the farming operation must be commensurate with the contributions to the farming operation
- contributions at risk.

## 364 "Actively Engaged" Determinations - Trusts

## A

## Rule

\*--[7 CFR 1400.205] An irrevocable or revocable trust shall be considered to--\*  
be "actively engaged in farming" if all of the requirements in this table are met.

Item	Requirement
1	The trust separately makes a significant contribution of capital, equipment, or land, or a combination thereof.
2	Income beneficiaries that make contributions of active personal labor or active personal management, have a combined interest of at least 50 percent, and collectively make a significant contribution to the farming operation.
3	The trust's share of the profits or losses from the farming operation is commensurate with the contribution to the farming operation.
4	The trust's contributions are at risk.
5	<p>The trust has provided a tax ID number of the trust unless the trust is a revocable trust and the grantor is the sole income beneficiary or all grantors and beneficiaries of the revocable trust are combined as 1 "person".</p> <p><b>*--Note:</b> A single ID number may not be used to pay both a trust and an individual in the same year.--*</p>
6	The trust has provided a copy of the trust agreement to COC, unless the trust is a revocable trust.

**\*--365 Case Examples - Trusts--\***

---

**A****Irrevocable  
Trust Example 1**

**Situation:** EF Trust meets the requirements to be considered an irrevocable trust for payment limitation purposes. The trust, with Individuals E and F each having an interest of 50 percent, contributes a significant amount of capital to the farming operation. Each beneficiary contributes a significant amount of active personal management. All labor is hired. The land and equipment are leased. The trust's share of the profits or losses from the farming operation are commensurate with the trust's contributions to the operation and the contributions are at risk. Individual E also has another farming interest as an individual.

**Determination:** EF Trust is considered to be "actively engaged in farming" since the trust provides capital, and the beneficiaries contribute a significant amount of active personal management. The trust is considered to be 1 "person" for payment limitation purposes. Individual E may also be considered a separate "person" with respect to Individual E's individual farming operation.

---

**B****Irrevocable  
Trust Example 2**

**Situation:** Individual G is a 100 percent income beneficiary of G Trust which meets the requirements to be considered an irrevocable trust for payment limitation purposes. G Trust contributes a significant amount of both equipment and capital to the farming operation. Individual G contributes at least 50 percent of the operation's active personal labor. G Trust leases all land and hires all management and 50 percent of the labor. Individual G also has farming interests as an individual.

**Determination:** G Trust is considered to be "actively engaged in farming." Individual G and G Trust are considered to be 1 "person" for payment limitation purposes because Individual G is the sole income beneficiary of the trust.

---

Continued on the next page

**\*--365 Case Examples - Trusts (Continued)--\***

---

**C****Irrevocable  
Trust  
Example 3**

**Situation:** Testamentary Trust Z and Trust Y meet the requirements to be considered an irrevocable trust for payment limitation purposes. Trust Z has beneficiaries A, B, and C, and is the owner and operator of a farming operation. Trust Y has beneficiaries A, B, and C. The corpus of the Trust Y consists of stocks, bonds, notes receivables, urban real estate, and cropland that is share leased to a separate individual.

**Determination:** Testamentary Trust Z and Trust Y are considered to be "actively engaged in farming" under the landowner provision. However, Testamentary Trust Z and Trust Y are considered to be 1 "person" for payment limitation purposes because the same 2 or more beneficiaries have more than a 50 percent interest in 2 or more irrevocable trust.

---

**D****Irrevocable  
Trust Example 4**

**Situation:** The terms of a late husband's will made certain specific bequests of cash and nonfarm property to persons other than his widow. The balance of the estate, including farmland, is distributed to a testamentary trust. The widow has the sole right to the income of the trust during her lifetime. At the time of her death, the trust is to be terminated and the property distributed to her heirs.

**Determination:** Since the widow has the sole right to income of the trust during her lifetime, she is considered the sole beneficiary and therefore, 1 "person" with the trust for payment limitation purposes. The trust would be considered to be "actively engaged in farming" because of the landowner provision.

**\*--365 Case Examples - Trusts (Continued)--\***

---

**E****Revocable Trusts  
Example 1**

**Situation:** ST Trust is a revocable trust with Individuals S and T as beneficiaries, each having an interest of 50 percent.

- Individual U is the grantor.
- ST Trust contributes a significant amount of both capital and equipment to the farming operation.
- The beneficiaries each contribute a significant amount of active personal management to the operation.
- All land is leased and all labor is hired.
- The trust's share of the profits or losses from the farming operation are commensurate with its contribution to the operation and the contributions are at risk.

**Determination:** ST Trust is considered to be "actively engaged in farming." ST Trust and Individual U are considered to be 1 "person" for payment limitation purposes because Individual U is the grantor of a revocable trust.

**Situation:** BP Trust is a revocable trust with Individual B and Minor P as beneficiaries.

- Grandfather G is the grantor.
- Individual B contributes a significant amount of active personal management to the farming operation.
- The trust provides all the capital and land.
- The trust also hires a person to provide the labor required for the farming operation.
- Minor P does not provide any contribution to the farming operation.

**Determination:** BP Trust is considered to be "actively engaged in farming." One beneficiary provides the required contribution of active personal management and the trust provides the required contribution of capital and land. BP Trust and Grandfather G are considered to be 1 "person" for payment limitation purposes because Grandfather G is the grantor of the revocable trust.

**395 COC Requirements to Make a Timely Determination**

---

**A****Introduction**

COC shall make the initial determinations of "actively engaged in farming" and "persons" within the deadlines established according to paragraph 393.

**Note:** See paragraph 425 for required State Office determination.

---

**B****Definition**

A default determination assumes all individuals or entities are "actively engaged in farming" and the "person" determination is the determination sought by the applicant.

---

**C****Rule**

If COC does not make the initial determinations within the 60 calendar day time limit, the applicant shall receive a "default determination." COC must still make determinations of "actively engaged in farming" and "person." If the correct determination is different:

- FSA will honor the "default determination" for the current year if the farm operation plan is followed exactly
- the proper determination will apply if the farm operation plan is not followed exactly
- the proper determination will apply the following year if the operation is exactly the same.

**Note:** See paragraph 652 for end-of-year review requirements for default determinations.

## 396 Redelegating Authority

---

### A

#### Introduction

COC may redelegate their authority to CED to make "actively engaged in farming" and "person" determinations in certain circumstances.

---

### B

#### Circumstances for Redlegation

COC's authority to make "actively engaged in farming" and "person" determinations may be redelegated to CED when the cases delegated are of a routine nature.

**413 Responsibilities of County Office Receiving CCC-502**

---

**A**

**Overview**

This paragraph explains the basic responsibilities of a County Office that receives CCC-502 from a multiple county producer.

---

**B**

**Responsibilities**

Counties receiving CCC-502 for a multiple county producer shall follow this table.

Step	Action
1	Immediately photocopy all forms and supporting documentation submitted.
2	Prepare a letter advising other County Offices involved of: <ul style="list-style-type: none"> <li>the filing date</li> <li>which county is the control county.</li> </ul>
3	Mail the letter with a set of the photocopied documents to each County Office where the producer has a farming interest.

---

**C**

**Determination  
Deadline**

COC must make \* \* \* determinations and notify the producer within 60 calendar days after the producer files CCC-502. The 60 calendar day period begins on the date CCC-502 is filed, regardless of whether or not the office receiving the filing is the control county.

415 Interaction Between Counties

A

**Overview**

Counties with multiple county producers shall remain in close contact. This paragraph provides the interaction that must take place between counties.

B

**Control County Responsibilities**

The control county shall:

- notify the producer of the determination within 60 calendar days of the producer filing date

**Note:** The control county shall not delay notification to the producer to obtain the concurrence of other COC's.

- notify COC's involved with the multiple county producer of the determinations.

C

**Other County Responsibilities,  
\*--Initial  
Determination**

COC's in noncontrol counties receiving notification of an initial determination by the control county COC for a multiple county producer shall respond according to this table.

IF COC's in noncontrol counties...	THEN the noncontrol county shall...
agree with the determination	<ul style="list-style-type: none"> <li>• notify the control county of the concurrence in writing</li> <li>• update eligibility flags according to 2-PL.</li> </ul>
do not agree with the determination made by the control county	<ul style="list-style-type: none"> <li>• immediately contact the control county to resolve the differences</li> <li>• involve DD's and State Offices if needed to resolve the differences</li> <li>• notify the control county of concurrence in writing and update eligibility flags according to 2-PL when the differences have been resolved.</li> </ul>

**Note:** If the original determination is changed for any reason, the control county shall immediately repeat the procedures in this paragraph.--\*

## 425 Required State Office Determinations

---

### A

#### Rule on Required State Office Determinations

\*--[7 CFR 1400.2] State Office review and determination are:--\*

- required for initial "person" and "actively engaged in farming" determinations for joint operations with 6 or more members
- not required when both of the following apply:
  - the State Office made "person" and "actively engaged in farming" determinations for the joint operation in a previous year
  - \*--the producer certifies minor changes in the farming operation and COC determines that the changes will not affect the “person” or “actively--\* engaged in farming” determinations previously made by the State.

**Notes:** State Offices are not required to make initial determinations for Indians receiving payment through affiliation with BIA or on lands owned by or held in trust for an Indian tribal venture.

Complex cases must be reviewed by STC.

COC's shall not make or recommend a determination.

---

**B****Related Farming Operations**

If State Office is required to make "person" and "actively engaged in farming" determinations for a producer and the producer is also involved in another farming operation as an individual or member of a joint operation or entity:

- CCC-502's for the other farming operations are not required to be sent to the State Office for determination

**Exception:** If there is reason to believe the additional CCC-502's would change the determination, the State Office may require CCC-502's for the other farming operations.

- the applicable control COC for the other farming operations shall:
  - make the "actively engaged in farming" and "person" determinations for that farming operation according to paragraph 414
  - notify the producer.

**C****Sending File to  
State Office**

If a State Office determination is required according to this paragraph, County Offices shall send, by fastest means possible, new or updated CCC-502's with supporting documentation to State Office no later than 3 workdays following the day the forms were received in the County Office.

Supporting documentation shall include:

- \*--a copy of the production flexibility contract or summary of shares--\*

claimed by the producer

- a copy of CCC-502's or summary of the producer's shares for other farming operations in which the producer has an interest as an individual or member of a joint operation or entity as required by the State Office.

Supporting documentation may also include:

- copy of cash or share leases
- legal documentation concerning:
  - land ownership
  - corporations
  - trusts
  - partnerships
- additional documentation as required by the State Office.

**434 Annual File Edit of Payment Limitation Review Register**

---

**A****Introduction**

\*--The Payment Limitation Review Register:

- is subject to an annual file edit

**Note:** If a producer filed CCC-502 in a previous year, the annual file edit will create a new current year register for the producer. All fields in the register will be blank except the "Date Last Year 502" field, which will receive information from the previous year "Date Current 502" field.

- shall be maintained for the current and prior year.
- 

**B****Start-of-Day  
Additions and  
Deletions**

To add a producer to the Payment Limitation Review Register, the user must wait for the next start-of-day operation after the producer becomes an active producer in the name and address file.

If a producer is not considered an active producer in the name and address file, the user will not be able to access the Payment Limitation Review Register for that producer. A producer made inactive in the applicable year's name and address file will be deleted from the Payment Limitation Review Register during the next start-of-day operation.--\*

## Subsection 5 Notifying Producers of Determinations

### 462 Overview

---

#### A

#### Introduction

This subsection provides instructions for notifying producers of payment eligibility and limitation determinations.

---

#### B

#### In This Subsection

The following paragraphs are included in this subsection.

Paragraph	Title	Page
463	Notifying Producers of Determinations	5-92
464	"Persons" and "Actively Engaged in Farming" Determinations	5-93
465	Reduced Payments Determinations	5-94
466	Default Determination	5-95
467	Proper Determination	5-96
468	Notification Letters	5-98

---

**463 Notifying Producers of Determinations**

---

**A****Introduction**

County Offices shall notify producers of COC's payment limitation determinations as soon as possible after the determinations are made.

---

**B****Rule**

County Offices shall notify producers of COC's determinations not later than 60 calendar days after the date the applicable CCC-502 was filed.

**\*--Note:** A producer notification letter is only needed for updates to an existing CCC-502 if the previous determinations have changed.--\*

---

**C****Types of  
Notifications**

County Offices shall mail the following types of letters to producers:

- notification of reduced payments
  - notification of default determinations
  - notification of proper determination after default determination
  - notification of COC determinations of "actively engaged in farming" and "persons"
  - notification to foreign persons determined ineligible for benefits
  - notification of COC approval of payment to an entity with more than 10 percent foreign ownership.
- 

**D****Additional  
Information  
Requests**

If COC requests additional information because of insufficient information, County Offices shall prepare a letter to the participant requesting the additional information.

**Note:** County Offices shall allow producers 15 calendar days to provide the requested information. This does not extend the 60 calendar day time limit for COC to make initial determinations.

---

**464 "Persons" and "Actively Engaged in Farming" Determinations**

---

**A****Notification  
Requirements**

Notification letters informing participants of COC's determination shall include the following:

- the "actively engaged in farming" determination
  - the "person" determination
  - the statement, "This determination is based on the facts as submitted. You are responsible for promptly notifying the County Office of any change which would affect these determinations. Any unrevealed circumstances could require the application of a more restrictive rule."
  - \*--notification to commodity program and CRP contract participants, that determinations will remain in effect for the current and later years unless a change occurs that would affect the determinations
  - a statement that the determinations may be appealed within 30 calendar days of notification if the determination is adverse.--\*
-

**465 Reduced Payments Determinations**

---

**A**

**Reduced  
Payment  
Notification**

County Offices shall notify each entity for which the payment will be reduced because of the "permitted entity rule" within 75 calendar days after the final signup date. This notification will be to each entity and individual with a direct or indirect interest in the entity receiving a payment.

**Note:** Members of the entity are allowed to adjust among themselves the proceeds designated by the entity or entities.

---

**B**

**Notification  
Example**

See paragraph 219 for completing CCC-501C.

---

**466 Default Determination****A****Rule**

Every participant shall receive a determination not later than 60 calendar days after submitting CCC-502. If COC cannot make an initial determination within the required 60 calendar day period, the producer will receive and be notified of a "default determination".

**B****Notification**

This is an example of a letter notifying the producer of a default determination.

**Example**

\*--

[Letterhead]	Riverside County FSA Office Box 123 Anytown, CA 92201  Date
<p>Ms. Becky Montana, President Montana Farms, Inc. P.O. Box 3 Anytown, CA 92201</p> <p>Dear Ms. Montana:</p> <p>The Orange County FSA Committee did not complete its review within 60 calendar days of the date CCC-502 was filed in the county office. Therefore, you will receive the determination that you sought for 200__ provided the information given accurately reflects your farming operation. <u>Montana Farms, Inc.</u>, will be considered (<i>insert the correct determination response</i>). For example - a "person" for payment limitation purposes, separate and distinct from any other individual or entity.</p> <p>If it is subsequently determined that the farming operation was not conducted as indicated on the CCC-502, the determination sought by you will no longer automatically apply, and a more restrictive determination may be applied.</p> <p>[Give appeal rights according to 1-APP.]</p>	
<p>Sincerely,</p> <p>Tom Jones County Executive Director</p>	

--\*

**467 Proper Determination**

---

**A  
Rule**

A "default determination" does not relieve COC from making a proper determination. If the proper determination is different from the "default determination," notify the producer:

- of the proper determination
- \*--that FSA will honor the "default determination" for the current year if the operating plan is followed exactly.

**Note:** The proper determination will apply:

- for the current year, if it is determined that the farm operating plan is not followed exactly as presented--\*
- for the following year, if the operation is exactly the same in the following year.

Date

Ms. Sandra Fields  
P.O. Box 3  
Anytown, CA 92680

Dear Ms. Fields:

By letter dated \_\_\_\_\_, we notified you that \_\_\_\_\_ is (are) considered to be a "person" for (year), separate and distinct from any other individual or entity.

The Orange County FSA Committee has completed a more thorough review of the farm operating plan for (year) and found the original determination to be incorrect. If there are no changes in your operation for (year) and subsequent years, this revised determination will be effective for those years.

Based on the information submitted, the Committee determined that \_\_\_\_\_.

Based on these understandings, the Committee has determined that \_\_\_\_\_.

As stated above, this revised determination does not affect the determination given you earlier for this year. However, the determination will be effective for (year) if no changes are made for that year.

This revised determination is based on the facts as submitted. Any unrevealed circumstances could require the application of a more restrictive rule.

[Give appeal rights according to 1-APP.]

Sincerely,

F. Amos  
County Executive Director

## Letter for an Entity

This is an example of a letter notifying the producer of COC determination for an entity.

✱

[Letterhead]

Grant County FSA Office  
Canyon Blvd.  
John Day, OR 97845

Date \_\_\_\_\_

Mr. Red Ott, President  
Juniper Valley Farms, Inc.  
John Day, OR 97845

Dear Mr. Ott:

The Grant County FSA Committee has completed its review of your farm operating plan for (year) for Juniper Valley Farms, Inc. Based upon the information submitted, the committee understands that Juniper Valley Farms, Inc., is a properly chartered corporation having 2 stockholders owning no more than 50 percent of the stock. Corporate interests are as follows:

Individual/Entity	ID Number	Percent Interest
Red Ott	544 45 7854	50
Susan Farr	544 45 7855	50

Based on these understandings and the information submitted on CCC-502, Farm Operating Plan for Payment Eligibility Review and CCC-501B, Designation of "Permitted Entities", the committee has determined the following:

- the corporation is "actively engaged in farming"
- the corporation is considered a "person" for payment limitation purposes, separate and distinct from any other individual or entity
- both stockholders designated the corporation as a permitted entity; therefore, 100 percent of any payment earned, within the applicable payment limitation, will be paid
- these determinations will remain in effect for the current and subsequent years and you will not be required to file a farm operating plan unless a change occurs that would affect the determination.

This determination is based on the facts as submitted. You are responsible for promptly notifying County FSA Office of any change that would affect these determinations. Any unrevealed circumstances could require the application of a more restrictive rule.

[Give appeal rights according to 1-APP.]

Sincerely,

Jean Juniper  
County Executive Director

	Date
Ms. Samantha Johnson, President Johnson Farms, Inc. Box 3 Anytown, NE 68841	(Underlined areas represent language to be developed specific to each case)
Dear Ms. Johnson:	
The Booker County FSA Committee has completed its review of the farm operating plan for <u>(year)</u> for <u>Johnson Farms, Inc.</u>	
From the information submitted, the committee understands that <u>Johnson Farms, Inc. is a properly chartered corporation having three stockholders. The stockholders and their share of outstanding stock are as follows:</u>	
Individual/Entity	ID Number Percent Interest
<u>Samantha Johnson</u>	<u>462 53 4890</u> <u>33</u>
<u>Herb Johnson</u>	<u>483 34 5674</u> <u>33</u>
<u>Jim Smith</u>	<u>386 45 9923</u> <u>34</u>
<u>Herb and Samantha Johnson are husband and wife and together own more than 50 percent of the outstanding stock. Therefore, Mr. and Ms. Johnson are considered as one "person", together, with the corporation. All earnings of Samantha Johnson, as an individual; Herb Johnson, as an individual; and all earnings of the corporation, must be charged against one limitation.</u>	
<u>Jim Smith is considered as a separate "person" for earnings he has as an individual.</u>

**D**  
**Letter for a**  
**Combined Entity**  
**(Continued)**

\*--

Based on these understandings, the Committee has determined that Johnson Farms, Inc., is actively engaged in a farming operation and there are 2 "persons" for payment limitation purposes. They are:

- 1 Samantha Johnson, as an individual  
Herb Johnson, as an individual  
Johnson Farms, Inc., a corporation.
- 2 Jim Smith, as an individual.

This determination is based on the facts as submitted. You are responsible for promptly notifying County FSA Office of any change that would affect these determinations. Any unrevealed circumstances could require the application of a more restrictive rule.

**469 Shell Documents for Notification Letters**

---

**A****Introduction**

Use shell documents to mail a large number of letters with the same information to different producers. When establishing these letters, do the following:

- update the Payment Limitation Review Register after COC's determination, if applicable
  - create a query containing producer information from the Payment Limitation Review Register
  - prepare shell documents for specific purposes.
- 

**B****Updating the Register**

Update the Payment Limitation Review Register after COC's determination and before mailing the notification letters, if applicable. Follow this table to update the register.

<b>IF the producer...</b>	<b>THEN follow paragraph...</b>	<b>* * *</b>
was entered on the register for the first time in the current year	437.	* * *
filed CCC-502 in a prior year and filed a new CCC-502 because of changes to farming operation	438.	* * *

---

Continued on the next page

**469 Shell Documents for Notification Letters (Continued)****C****Rule**

Enter the date the letter is to be mailed in the "Date Notified" field before printing the shell documents.

"Code Letter" is the notification letter code that will be assigned to a specific letter.

**D****Creating Query**

Create a query that contains the producer's information as recorded on the Payment Limitation Review Register. Follow this table when creating the query.

Step	Action
1	Access the Query Screen.
2	<p>ENTER "A.MA.R?M" for the file name. Enter the last digit of the applicable year to process where the question mark is placed.</p> <p><b>*--Example:</b> ENTER "A.MA.R2M" if the 2002 Payment Limitation Review Register--* data is needed.</p> <p><b>Note:</b> Change "A" to "B", etc., for each additional county on system, if applicable.</p>
3	ENTER "QRPRADJ1" for the library name.
4	<p>On the Select and Sequence Fields Screen, include the field names that will be used in the shell document.</p> <p><b>Notes:</b> At a minimum, ENTER "FORMAT" as a field name.</p> <p>Other field names may be used in the body of the letter, such as "COC DTE".</p>
5	<p>On the Select Records Screen, enter the following:</p> <ul style="list-style-type: none"> <li>• <b>*--COC Notice Date</b>      EQ      020304</li> <li>•    Type of Letter          EQ      06.</li> </ul> <p><b>Note:</b> Replace the "020304" and "06" with the numbers that were entered on the--* Payment Limitation Review Register.</p>

Continued on the next page

**469 Shell Documents for Notification Letters (Continued)**

---

**E****Shell Document**

Shell documents are letters that can be used with queries. Shell documents allow County Offices to mail the same letter to many producers with different addresses. When using shell documents, do the following:

- prepare shell documents for the specific needs of the County Office using the sample letters in paragraph 468 as a guide
- \*--include the "Code Letter" number assigned for different shell documents in the shell document name

**Note:** See the definition of "Code Letter" in paragraph 436.

**Example:** If the "Code Letter" number for a letter to be mailed to an individual is "01", the document name might be "NOTIF01".

- change the "Code Letter" number in the query each time a notification letter with a different format is used
- change the "Date COC Action" in the query each time the date of the notification changes

**Note:** See the definition of "Date COC Action" in--\* paragraph 436.

- see DW/36 Online Information Tutorial, Sections 11.4.1.4.1 and 11.4.1.4.2, for help in merging the query with the shell document.

## Section 4 DD Responsibilities

### 514 Overview

---

#### A

##### Introduction

DD's are responsible for monitoring all COC determinations for correctness and timeliness. DD's shall also monitor County Office actions resulting from the COC determinations.

---

#### B

##### Responsibilities

DD's shall:

- verify that needed determinations are being made
  - review a sufficient number of COC payment limitation determinations to ensure that the determinations are correct
  - ensure that determinations are made within the 60 calendar day period by reviewing with the County Office the proper procedure to record the filing of CCC-502's on either the manual or automated CCC-503B.
- 

#### C

##### Reviewing Procedure

DD's shall ensure that COC's and County Offices are correctly implementing procedure for "actively engaged in farming" and "person" determinations.

DD's shall review the following procedure with COC's and County Offices each year.

Procedure	Reference
"Actively engaged" determinations	Part 2, Section 7

530	STC Responsibilities	5-186
531	State Office Specialist Responsibilities	5-189

---

**530 STC Responsibilities**

---

**A**

**Introduction**

STC has authority over COC's, County Offices, DD's, and State Office specialist to implement the payment limitation program.

---

**B**

**Responsibilities**

STC shall:

- assign a State program specialist the program responsibility
  - resolve questioned COC determinations
  - establish a date by which end-of-year reviews must be completed
  - establish a date for submitting end-of-year review report
  - determine whether COC's followed procedure to determine that an interest of less than 10 percent will be considered substantial beneficial interest
  - be responsible for reviewing \* \* \* cases involving initial determinations of "persons" and "actively engaged in farming" for \* \* \* joint operations consisting of 6 or more members.
- 

Continued on the next page

**530 STC Responsibilities (Continued)**

---

**C**

**STC Authority**

STC may take any action authorized or required to be taken by COC which is not taken by that committee. STC may also:

- correct, or require COC to correct, any action taken by that committee which is not according to the provisions of the program
  - require COC to withhold taking any action which is not according to this handbook.
- 

**D**

**Assigning  
Program  
Specialist**

STC shall assign a State program specialist the overall responsibility for the day-to-day administration of payment limitation determinations.

---

**E**

**Questioned COC  
Determinations**

STC shall resolve determinations that are questioned by DD. STC shall complete this responsibility by reviewing material submitted by DD according to paragraph 517.

---

Continued on the next page

**530 STC Responsibilities (Continued)**

---

**F****End-of-Year  
Reviews**

STC shall specify a date by which all end-of-year reviews must be completed within the State. STC shall take into consideration the following:

- different dates may be established for specific areas within the State
- an action, such as marketing of a crop, may not be completed at the time of the review

**Note:** Do not consider the determination incorrect simply because the action is not completed by the established date.

- some factors to be considered may require verification beyond the STC-established completion date

**Note:** The end-of-year review should be completed to the extent that followup actions are known and scheduled.

- the date final payments will be made.

**Note:** This paragraph shall be supplemented by each State Office to specify dates by which end-of-year reviews shall be completed.

---

\* \* \*

**531 State Office Specialist Responsibilities**

---

**A**

**Introduction**

The State Office specialist is assigned the overall responsibility for the day-to-day operation of the payment limitation program within the State. The State Office specialist shall:

- provide training
  - provide technical assistance
  - accumulate reports.
- 

**B**

**Training**

The State Office specialist shall train COC, DD, and County Offices in the procedures of the payment limitation program. Each year, the State Office specialist shall assess training needs within the State and provide training as necessary.

---

**\*--C**

**Technical Assistance**

The State Office specialist shall provide technical assistance to all--\* levels within the State by:

- assisting with reviews of any determination questioned by DD
  - obtaining assistance of OIG, if appropriate, for scheme or device determination
  - following up on DD reports of improper or insufficient COC determinations
-

---

**C**

**Technical Assistance  
(Continued)**

- preparing cases, as necessary, for STC determinations
- selecting a sufficient number of CED's and program assistants to serve as members of district teams to conduct end-of-year reviews.

**Notes:** Review team members shall **not** participate in the review of producers who operate in the same county that employs the review team member.

The State Office specialist shall oversee progress and adequacy of findings by requiring reports, as appropriate.

---

**D**

**Accumulating Reports**

The State Office specialist shall:

- monitor the number of "default determinations" made by each County Office
- be prepared to provide a cumulative report of the total number of "default determinations" in the State to DAFP, if requested
- require a report of end-of-year reviews from each County Office on CCC-502EYR, according to paragraph 706.

---

**531 State Office Specialist Responsibilities (Continued)**

---

**E  
Required  
Determinations**

State Offices shall:

- make initial determinations of "persons" and "actively engaged in farming" for  
\* \* \* joint operations receiving payment with 6 or more members  
  
\* \* \*
- **not** make "person" determinations for all other farming operations in which  
the producer is involved as an individual or member of a joint operation or  
entity.

**Notes:** The State Office shall only determine whether the producer is a  
combined or separate "person" from any other individual or entity.

The control County Office shall make all other "person" and  
"actively engaged in farming" determinations according to  
paragraph 414.

**Example:** Producer is 1 of 6 members of a general partnership. The producer  
also is a stockholder of a corporation.

The State Office shall only determine whether the producer is a  
combined or separate "person" from the corporation or any  
other individual or entity.

The designated control County Offices shall make all other  
"person" and "actively engaged in farming" determinations for  
the corporation.

**Priority of  
Determinations**

Determinations shall be sorted to prioritize determinations involving newly filed CCC-502's and operations with payments exceeding \$40,000.

If the volume of determinations prevents timely determinations in all cases, producers shall receive a default determination according to paragraph 466.

---

**G**

**Required Action  
for  
Determinations**

State Offices shall:

- notify applicable producers of determinations made according to this handbook
  - notify designated control county for the producer of determinations
  - maintain CCC-503B for determinations made by State Office
  - conduct end-of-year reviews for determinations required to be made by State Office.

**\*--Part 6.5 AGI****626 Overview****A Introduction**

This part provides instructions and uniform methods for State and County Offices to determine:

- the adjusted and average AGI for program participants
- acceptable certifications from program participants
- compliance with AGI requirements for payment eligibility
- commensurate reductions of payments if AGI requirements are not met
- program payments and benefits subject to AGI requirements
- data-sharing compliance information with other agencies.--\*

**627 Average AGI Limitation****A Rule**

\*--[7 CFR 1400.600] An individual or entity shall not be eligible to receive--\*  
certain program benefits during a crop, program, or FY if **both** of the following apply:

- the average AGI of the individual or entity exceeds 2.5 million
- less than 75 percent of the average AGI is derived from farming, ranching, or forestry operations.

**\*--628 Applicability of Average AGI Limitation****A Applicability to Programs and Benefits**

[7 CFR 1400.600 (c)] Effective for FY's 2003 through 2007, program benefits--\* subject to this provision include the following:

- direct and counter-cyclical payments
- marketing loan gains
- LDP's
- conservation and environmental quality incentive programs as specified under the following:
  - Farm Security and Rural Investment Act of 2002, Title II
  - Food Security Act of 1985, Title XII.

**\*--Note:** This includes all benefits, cost-share payments, easements, and rental payments under programs such as:

- Conservation Reserve Program
- Conservation on Private Grazing Land
- Conservation Security Program
- Desert Terminal Lakes
- Environmental Quality Incentives Program
- Farm and Ranchland Protection Program
- Grasslands Reserve Program
- Great Lakes Basin Program for Soil Erosion and Sediment Control
- Wetlands Reserve Program
- Wildlife Reserve Program
- any other program that this provision is made applicable by statute and regulation.--\*

**\*--628 Applicability of Average AGI Limitation (Continued)--\***

**A Applicability to Programs and Benefits (Continued)**

**Exceptions:** The following are not subject to this provision:

- benefits earned by States, counties, and other municipalities, and Indian Tribes
- CRP contracts and other multi-year agreements approved and effective before October 1, 2002
- payments to vendors for technical services or assistance provided in conjunction with programs under the following:
  - Farm Security and Rural Investment Act of 2002, Title II
  - Food Security Act of 1985, Title XII.

## 629 AGI Definitions and Determinations

### A Definitions

[7 CFR 1400.601] AGI is for an:

- individual, the amount reported to IRS on the appropriate tax filing documents as AGI
- entity, the comparable measure as provided in this handbook.

Average AGI for the individual or entity is the average of AGI, or comparable measure, of the individual or entity over the 3 tax years immediately preceding the year for which benefits are requested.

**Note:** Exclude any year(s) that the individual or entity did not have income or had AGI considered as zero.

Income from farming, ranching or forestry operations is income derived from producing crops, livestock, or unfinished raw forestry products.

**Note:** Include income from:

- sale of land (including easement rights and development rights) used for farming, ranching, and forestry operations
- sale of farm water rights
- rental of land used for farming, ranching, and forestry operations
- commercial hunting fees on land used for farming, ranching, and forestry
- sale of farm equipment subject to depreciation expense as reported to the IRS
- Federal agriculture and conservation program payments.

Exclude income from the following:

- processing, packaging, or packing
- transporting
- commission from marketing for others
- investment income even if invested funds came from farming, ranching, or forestry.

**629 AGI Definitions and Determinations (Continued)****\*--A Definitions (Continued)**

Income from fishing includes amounts received from catching, taking, harvesting, cultivating, or farming aquatic resources such as fish, shellfish, crustacea, and other aquatic forms of animal or vegetable life. (IRS Publication 595, Tax Highlights for Commercial Fisherman.)

**B Sources of Income Data**

Income from farming, ranching, and forestry operations is:

- recorded on the IRS Schedule F, Form 4835, or comparable form, as allowed by applicable tax code
- reflected in and attached to Form 1040 or other appropriate income tax return filed by the individual or entity with the IRS for tax purposes.

Income from fishing is:

- is recorded on the IRS Schedule C, or Schedule C-EZ, or comparable form as allowed by applicable tax code
- reflected in and attached to Form 1040 or other appropriate income tax return filed by the individual or entity with the IRS for tax purposes.

**C Determinations**

Income reported by the individual or entity to the IRS on the Schedule C, Schedule C-EZ, Schedule F, Form 4835, or a comparable form, will be acceptable to FSA as income derived from farming, ranching, forestry, and fishing operations for AGI compliance purposes.

The reviewing authority shall defer to these information sources for AGI compliance determinations for questionable cases.--\*

**630 Certification of Average AGI****A Certification**

To comply with the AGI requirement for the applicable crop year, an individual or entity shall provide one of these items:

- a statement by a certified public accountant or an attorney that the average AGI does not exceed the limitation
- CCC-526
- \*--the appropriate document or form when AGI certification is part of the application for a specific program. (See Exhibit 6.)--\*

An individual or entity with multi-county farming interests is required to submit only 1 average AGI certification; and it may be submitted in any County Office in which an interest is held. However, the control County Office shall make any required AGI compliance determinations. This data shall be shared in the same manner as other payment eligibility and payment limitation determinations. If AGI compliance determination is adverse, the producer notification shall be issued from the committee of the control County Office with associated appeal rights. See 1-APP.

Certifications are required for all individual and entities, including embedded entities to the fifth level to determine compliance.

**Notes:** Use CCC-502's as a guide to determine the certifications required.

Substantial beneficial interest rules do not apply.

POA may be used to complete certification statements.

Lack of required certification will result in payment ineligibility.

The certification must be submitted according to the deadlines established by the applicable programs and before issuing any benefit subject to these provisions.

## 630 Certification of Average AGI (Continued)

## B Example of CCC-526 (Continued)

CCC-526 (Page 3 of 3) (10-15-03)

## AVERAGE ADJUSTED GROSS INCOME

The Farm Security and Rural Investment Act of 2002 included average adjusted gross income as a payment eligibility requirement. Any individual or entity requesting certain 2003 through 2007 program payments will be subject to this provision. Any individual or entity that is determined to have an average adjusted gross income, as defined, that is less than 75 percent from farming, ranching or forestry operations and that exceeds \$2.5 million will be ineligible for any covered benefit during the applicable year.

## DEFINITIONS AND OTHER INFORMATION

**Average Adjusted Gross Income** means the average of the adjusted gross income or comparable measure of the individual or entity over the preceding 3 tax years. For instance, if 2003 program benefits are requested, the tax years for average adjusted gross income determination would be 2002, 2001 and 2000.

**Entity** means a corporation, joint stock company, association, limited partnership, charitable organization, or similar entity, including any such entity or organization participating in the operation as a partner in a general partnership, a participant in a joint venture, a grantor in a revocable trust, or as a participant in a similar entity, as determined by the Secretary.

The manner in which the Adjusted Gross Income can be determined for an entity can be found in the regulations at 7 CFR Part 1400.

**Commensurate Reduction** means that any covered benefit issued to an entity, general partnership, or joint venture shall be reduced by an amount that is commensurate with the direct or indirect ownership interest the entity, general partnership, or joint venture of each individual who does not comply with the adjusted gross revenue requirement.

**Certification of Compliance** means that an individual or entity shall provide either a certification by a certified public accountant that the average adjusted gross income does not exceed the requirement; or provide information and documentation regarding the adjusted gross income through other procedures established by the Secretary.

**Income from farming, ranching or forestry** means income derived from producing crops, livestock, or unfinished raw forestry products.

**Special Rules for Certain Individual and Entities** are applicable to those entities that are not required to file a tax return, and individuals and entities that did not have taxable income in one or more tax years used to determine the 3-year average. Please consult with personnel at your local FSA office or service center for more information.

## EXAMPLES

**Situation 1** - Joe Smith requests benefits from the Direct and Counter-Cyclical Payment Program and from a Conservation Reserve Program contract approved effective for 2003. Mr. Smith's average adjusted gross income exceeds \$2.5 million and was all from farming and livestock operations.

**Determination** - At least 75 percent of the average adjusted gross income was received from farming, ranching and forestry operations. Therefore, Mr. Smith complies with the adjusted gross income requirement and is eligible for the program benefits requested.

**Situation 2** - Grace Jones is a share rent landowner and requests benefits from the Direct and Counter-Cyclical Payment Program on a contract with her tenant. Ms. Jones' average adjusted gross income was less than \$2.5 million and over 75 percent was from non-agricultural interests.

**Determination** - Less than 75 percent of the average adjusted gross income was from farming, ranching and forestry, but the amount was less than \$2.5 million. Therefore, Ms. Jones is eligible for the program benefits requested.

**Situation 3** - William Davis is a share rent landowner and requests benefits from the Direct and Counter-Cyclical Payment Program on a contract with his tenant. Mr. Davis' average adjusted gross income was greater than \$2.5 million and over 75 percent was from non-agricultural sources.

**Determination** - Less than 75 percent of the average adjusted gross income was from farming, ranching and forestry, and exceeds \$2.5 million. Therefore, Mr. Davis is ineligible for the program benefits requested.

**Situation 4** - Mark Johnson is a 25 percent stockholder in Johnson Farms, Inc. Johnson Farms requests benefits from the Direct and Counter-Cyclical Payment Program. The average adjusted gross income for Johnson Farms was all from farming and ranching. The average adjusted gross income for each of the stockholders was mostly from non-agricultural sources and the amounts were less than \$2.5 million with the exception of Mark.

**Determination** - Any program benefit issued to an entity, general partnership, or joint operation shall be reduced by an amount commensurate with the direct or indirect ownership interest of an individual or entity who has an average adjusted gross income in excess of \$2.5 million. Therefore, Johnson Farms is eligible for the benefits requested, but reduced by the 25 percent, which represents the interest held by Mark.

--\*

**631 Rules for Special Cases****\*--A Acceptable Documentation**

For an individual or entity that does not have tax records or is not required to file tax returns, acceptable forms of documentation of AGI may include, but are not limited to the following:

- financial statements
- annual public financial disclosures
- annual budgets and statement of operations
- other documentation as deemed acceptable by the reviewing authority.

**B Churches, Clubs, Fraternal Organizations, Societies, and Similar Associations**

Individuals who attend a church or belong to a club, fraternal organization, association, or similar type of entity that is requesting payments or benefits:

- do not hold an ownership interest in the entity
- are not required to submit an AGI certification for the entity to meet AGI provision.

**C Multi-year Contracts and Agreements**

For program contracts and agreements that extend more than 1 crop, program, or fiscal year, the average AGI determination will:

- be based on the 3 tax years preceding the year for which the contract or agreement is approved
- apply for the entire term of the contract or agreement.--\*

**631 Rules for Special Cases (Continued)****\*--D Succession-in-Interest**

The average AGI limitation does not apply to multi-year contracts, such as a CRP contract, that were effective before October 1, 2002. The average AGI provision was not part of the original contract or agreement when executed.

If succession occurs to a multi-year contract or agreement that was effective:

- **before** FY 2003, the successor(s) **will not** be subject to AGI provisions on this contract or agreement
- for FY 2003 or subsequent years, the successor(s) **will** be subject to AGI provisions on this contract or agreement.--\*

**\*--632 Determination of AGI and Average AGI****A Determining Adjusted AGI--\***

Determine AGI according to the following table.

<b>IF certification is by...</b>	<b>THEN AGI is the...</b>
an individual filing a separate tax return	amount reported as AGI on the final Federal tax return for the individual for the applicable year.
an individual filing a joint tax return	full amount reported as AGI on the final Federal tax return for the applicable year.  <b>Exception:</b> A certification is provided by a certified public accountant or an attorney that specifies what the amounts would have been if separate tax returns would have been filed for the applicable year.
a corporation, including subchapter S corporation	total taxable income plus the amount of charitable contributions as reported on the final Federal tax return for the applicable year.
a limited liability partnership, limited partnership, limited liability company, or similar type of organization	income from trade or business activities plus the amount of guaranteed payments to the members as reported on the final Federal tax returns for the applicable year.
an estate or trust	adjusted total income plus charitable deductions as reported on the final Federal tax return for the applicable year.
a tax-exempt or non-profit organization	unrelated business taxable income as reported to IRS less any income that CCC determines to be from noncommercial sources.

**Note:** See Exhibit 10 for examples of IRS tax return forms.

**\*--632 Determination of AGI and Average AGI (Continued)**

**B Determining Average AGI (Continued)**

Determine the average AGI according to the following table:

<b>IF determination is for an:</b>	<b>THEN average AGI is:</b>
<ul style="list-style-type: none"> <li>individual</li> <li>entity in business in existence for all of the applicable 3-year period</li> </ul>	<p>the average of AGI, including losses for the 3 tax years immediately preceding the applicable crop, program, or fiscal year.</p> <p><b>Note:</b> This includes entities not required to file a Federal tax return, or an entity that did not have taxable income in 1 or more years of the applicable 3-year period.</p>
entity not in business for all of the applicable 3-year period	the average AGI, including losses, for only those years in the base period that the new entity was in business.

--\*

**\*--632 Determination of AGI and Average AGI (Continued)****C Rule for “New” Entity**

A new entity shall not be considered “new” to the extent that it takes over an existing operation and has any elements of common ownership or interests with the preceding entity, or individuals and entities, with an interest in the “old” entity.

**The income of the “old” entity will be averaged with the income of the “new” entity for the base period if any of the elements of commonality are present.**

**Example for 2003:** Twin Farms Corporation (TFC) is comprised of John Smith (50 percent) and John Smith (50 percent).

The average AGI from the years 2000, 2001, and 2002 for TFC was \$3 million and less than 75 percent was derived from farming, ranching, or forestry operations.

TFC was determined ineligible for 2003 program benefits as a result of exceeding the average AGI limitation. TFC had \$3 million in AGI for 2003.

**Example for 2004:** Smith LLC is comprised of John Smith (5 percent), Joe Smith (5 percent), and TFC (90 percent).

Smith LLC takes over the farming operation previously represented as that of the TFC.

The average AGI for Smith LLC for 2004 payment eligibility purposes will be \$3 million, the average of AGI of Smith LLC and TFC for the years 2001, 2002, and 2003. Smith LLC is ineligible for 2004 program benefits subject to the average AGI limitation.--\*

**633 Selecting Cases for Review****A Selecting Cases**

Reviews for compliance with AGI requirement may:

- be initiated by COC or STC representative
- be selected on a nation-wide basis by DAFP.

**B Verifying Compliance**

Information necessary to verify compliance includes but is not limited to the following:

- Federal and State income tax returns
- financial statements
- balance sheets
- reports prepared for other government agencies
- information prepared for a private lender
- other credible information of income for the qualification period.

**Note:** Federal and State income tax information may be requested by the reviewing authority if that is the only means to establish compliance with AGI provisions.

The reviewing authority shall make every effort to safeguard the confidentiality of the information provided.

**Note:** Information provided by program participants to verify compliance with the provisions of this part shall not be subject to any requests submitted under FOIA.

**C Notification of Selection**

Program participants selected for review shall be notified in writing of:

- the nature and reason for the review
- suggested sources and types of information most helpful
- the established deadline to submit the information
- consequences of failing to timely provide the requested information.

**633 Selection of Cases for Review (Continued)**

**D Failure to Provide Information**

Failure to timely provide correct and accurate information to establish compliance with AGI requirement will result in any of the following:

- ineligibility for all program payments subject to this requirement for the applicable year
- required refund of all such program benefits affected
- possible civil suit or criminal prosecution.

If requested information is not timely provided:

- notify the program participant of the ineligibility for payments from the affected programs
- include appeal rights according to 1-APP.

**634 Commensurate Reduction****A Commensurate Reduction of Payments**

**\*--[7 CFR 1400.603]** Any payment and benefit earned by an entity or joint--\* operation shall be reduced by an amount that is commensurate with the direct and indirect interest of any member or shareholder who either:

- is determined to have an average AGI in excess of the limitation
- fails to timely submit a certification statement.

Ownership interest in an entity shall be reviewed to the fifth level, if applicable, to determine applicable commensurate share reductions.

**Note:** If at the fifth level the ownership interest is not held by an individual, then that share represented by such interest is not be eligible for payment or benefits.

The reduction in payment and benefits applies to:

- the crop, program, or fiscal year
- all program payments and benefits to which AGI applies.

## 635 Average AGI and NRCS Program

### A Data-sharing with NRCS

NRCS:

- administers some programs for which payments and benefits subject to the average AGI limitation are issued
- has the responsibility of program coordination and delivery.

FSA has the responsibility for the data collection and determination of AGI compliance for those program participants.

Upon request from NRCS, FSA will supply AGI compliance data for the participants specified in that request.

If the participant is on FSA records as a program participant in FSA administered programs, FSA will provide the following:

- AGI certification statement submitted by that producer
- a cover letter that states whether this individual or entity was considered in compliance with AGI, based on the information provided
- screen print of the eligibility file that shows the 'value' set for the corresponding AGI compliance determination for the producer.

This certification will be continuous for subsequent years unless the participant revises such certification, or FSA determines otherwise.

If a statement is not on file:

- FSA will request such certification from the such program participant
- FSA will make the corresponding AGI compliance determination
- provide same notice as specified above.

**636-649 (Reserved)**

**\*--Part 7 End-of-Year Reviews****650 Overview**

---

**A****Introduction**

The initial determinations required by this handbook are made by the reviewing authority based on the producer's certification of the farming operation as represented on CCC-502 and supporting documents.

To maintain the integrity of payment limitation and payment eligibility provisions, end-of-year reviews are conducted to ascertain that farming operations were carried out as represented when initial determinations were made.

**A****Introduction**

Producers selected for an end-of-year review may be chosen for the following reasons:

- a judgmental selection by DAFP
  - a required spot check
  - an additional case selected for review by the reviewing authority.
- 

**B****Judgmental Selection**

A judgmental selection is performed on a nationwide basis to select producers for review using criteria including, but not limited to:

- the restructure of a farming operation in the past year by the addition of a new partner, deletion of a partner, change in stockholders, etc.
  - the formation of a new farming operation in the past year
  - a comparison of farming operations to determine whether an individual is involved in more than 1 operation
  - farming operations earning more than a specified dollar amount.
-

**D****Additional Cases**

In addition to those cases which are judgmentally selected, or otherwise required to be selected, the following cases will also be selected for end-of-year review:

- any case which the reviewing authority has reason to believe the farm operating plan was not followed as represented
- any cases considered necessary by a State Office representative to maintain program integrity.

**E****Timing  
End-of-Year  
Reviews**

Complete end-of-year reviews by the date established by STC, according to paragraph 530.

**F****Waiver

State Offices may waive judgmentally selected end-of-year reviews under the following circumstances:

- farming operations involving **only** a husband and wife
- **\*--farming operation was previously reviewed in the last 3 years, did not--\*** receive an adverse determination, and the reviewing authority has no reason to believe there has been changes which affect the original determination
- farming operation is an entity with no embedded entities and members do not have other farming interests receiving program payments
- farming operations with **all** land meeting the landowner exemption
- farming operation did not participate in any program in the year selected.

**Notes:** State Offices shall include the number of any waived judgmentally selected reviews in the remarks sections of the final CCC-502EYR.

Any waiver request not within State Offices' approval authority may be sent to DAFP, along with adequate justification to support the request.

**653 Producer Notification**

**B****Producer  
Notification**

Producers who are required to submit documents shall be notified about their selection for an end-of-year review no later than 90 calendar days before the end-of-year review completion date established by STC according to paragraph 530.

The notification letter shall contain the following:

- purpose of the end-of-year review
- documents required to be submitted
- the requirement to submit documents to the County Office within 30 calendar days
- actions that will be taken if documents are not submitted
- notification that the producer will receive results of the end-of-year

*Wandering Brook, Inc.  
Fred Friendly, President  
777 Lucky Day Road  
Some City, State 55555*

Dear Mr. Friendly:

Your farming operation has been selected for a 200X payment limitation and payment eligibility end-of-year review.

End-of-year reviews are conducted annually on a number of farm operating plans submitted by producers. Initial payment limitation and payment eligibility determinations are made based on the producer's certification of how the farming operation will be conducted for the year.

To ensure overall program integrity, it is necessary that actual farming operations be reviewed and documented. Accordingly, your farming operation will be reviewed to determine whether the farming operation was carried out in 200X as represented on the CCC-502, Farm Operating Plan for Payment Eligibility Review, on which the initial payment limitation and payment eligibility determinations were based.

*[Delete the following paragraphs that are not applicable to the producer.]*

To verify capital contributions, documents and information are required as follows:

- operating loan documents
- income and expense ledgers
- canceled checks for expenditures, such as:
  - fertilizer
  - seed
  - fuel
  - equipment leases and purchases
  - land leases and purchases
  - hired labor and management
  - any other farming operation expenditures.

- sales contracts
- property tax statements
- canceled checks associated with land.

To verify equipment contributions, documents and information are required as follows:

- equipment listings
- lease agreements
- purchase contracts
- canceled checks associated with equipment.

To verify labor contributions, documents and information are required as follows:

- documentation of who provided actual labor contributions and type of labor
- employee time sheets or books, if applicable
- canceled checks for hired labor, if applicable.

To verify management contributions, documents and information are required as follows:

- documentation of who provided actual management contributions and specific duties
- canceled checks for hired management
- documents showing signature of individual involved in management, such as:
  - canceled checks for significant purchases
  - loan documents
  - lease and purchase agreements
  - sales documents.

Other documents and information necessary to make a complete review includes, but is not limited to, the following:

Please provide the requested information to this office within 30 calendar days of the date of this letter. We will photocopy and return the documents and written information you submit. Copies of the documents and information will be forwarded to the individual(s) who will be conducting the actual review and documenting their findings. The *(Any County FSA Committee or State FSA Office, as applicable)* will then make determinations based on findings-of-fact supported by the documents and information you provide. Therefore, it is important that you provide complete and accurate documentation.

You may also be contacted for an interview to obtain additional information and clarification concerning contributions to the farming operation and transactions about the farming operation. During the interview, you may be requested to provide access to additional records.

Upon completion of the review, you will be notified of the results of the review and any further action required.

If, within 30 calendar days of the date of this letter, you have **not** provided adequate documentation for the reviewing authority to make its findings and determinations, you will be:

- determined ineligible for the 200X crop, program or fiscal year benefits
- notified of the revised determination, and given appeal rights
- required to refund payments earned as a result of the previous payment eligibility and payment limitation determination.

Thank you for your cooperation. If you have any questions, please contact this office.

Sincerely,

James E. Cricket  
 County Executive Director

**\*--662 Required Documentation**

---

**A**

**Introduction**

This paragraph contains instructions for obtaining documents to verify the entries made on CCC-502.

---

**B**

**What to Verify**

The reviewing authority must obtain adequate documents to verify that:

- inputs used to determine significant contributions to the farming operation were significant
- contributions were commensurate with claimed shares of the farming operation
- contributions were at risk
- the "person" determination is correct
- "permitted entity" designation was proper based upon ownership shares of an entity

**Note:** This applies only to entities where individuals were required to designate "permitted entities."

- land ownership has been accurately reported when the landowner rules were used in the original determination
  - any other pertinent factors used in making the original determination are substantiated.
- 

**C**

**Filing Evidence**

County Office personnel shall photocopy documents obtained during the end-of-year review process. File the photocopies with other payment limitation documents. It may not be necessary to photocopy all documents received; however, a sufficient number should be filed to support the determination made by the reviewing authority.--\*

## Definitions of Terms Used in This Handbook

### Active Personal Labor

Active personal labor is defined as personally providing physical activities necessary in a farming operation.

These activities include physical activities:

- involved in land preparation, planting, cultivating, harvesting, and marketing of agricultural commodities
- required to establish and maintain conserving cover crops or conserving use acreages
- required in livestock operations.

### Active Personal Management

Active personal management is defined as personally providing:

- the general supervision and direction of activities and labor involved in the farming operation
- services, whether performed on-site or off-site, reasonable related and necessary to the farming operation, including any of the following:
  - supervision of activities necessary in the farming operation
  - business-related actions that include discretionary decision making
  - evaluation of the financial condition and needs of the farming operation
  - assistance in structuring or preparing financial reports or analyses for the farming operation
  - consultations in or structuring of business-related financing arrangements for the farming operation
  - marketing and promoting agricultural commodities produced by the farming operation
  - acquiring technical information used in the farming operation
  - any other management function necessary to conduct the farming operation and for which the operation would ordinarily be charged a fee.

**Definitions of Terms Used in This Handbook (Continued)****Adequate Documentation**

Adequate documentation is whatever documentation is required by the reviewing authority to make proper “actively engaged in farming”, “person” determinations, and the determination of average adjusted gross income compliance.

**Adjusted Gross Income**

\*--Adjusted gross income is for an individual, the amount reported to IRS on the appropriate tax filing document as adjusted gross income; and, for an entity, the comparable measure, as provided in this handbook.--\*

**Agricultural Credit Association**

Agricultural Credit Association is an agricultural lending entity resulting from the merger of PCA and FLBA. When the merger is approved by FCA, this entity becomes the short-, intermediate-, and long-term direct lender for its territory.

**Assumed Name Operation**

An assumed name operation is a farming operation that conducts itself using a business name.

**Attribution**

Attribution is crediting payments made to entities, such as corporations, estates, trusts and limited partnerships, to “real persons” based on the share of the entity held by the individual stockholder, heir, beneficiary, etc.

**Average Adjusted Gross Income for the Individual or Entity**

Average adjusted gross income for the individual or entity is the average of the adjusted gross income, or comparable measure, of the individual or entity over the 3 tax years immediately preceding the year for which benefits are requested.

**Note:** Exclude any year(s) that the individual or entity did not have income or had adjusted gross income considered as zero.

**Definitions of Terms Used in This Handbook (Continued)****Capital**

For payment limitation purposes, capital consists of the funding provided by an individual or entity to the farming operation for the operation to conduct farming activities.

**Corporation**

A corporation is an entity recognized by law comprised of 1 or more individuals or entities, which has certain rights and duties.

**Note:** For payment limitation purposes, a subchapter S corporation is included in this definition.

**Default Determination**

A default determination assumes all individuals or entities are “actively engaged in farming” and the “person” determination is the determination sought by the applicant.

**Embedded Entity**

An embedded entity is an entity that has an interest, directly or indirectly, as a stockholder, member, beneficiary, or heir, in another entity that is earning payments.

**Entity**

An entity is a corporation, joint stock company, association, limited liability company, limited partnership, irrevocable trust, revocable trust, estate, charitable organization, or other similar organization including any organization participating in the farming operation as a partner in a general partnership, a participant in a joint venture, a grantor of a revocable trust, or as a participant in a similar organization.

**Note:** A joint operation is not an entity for payment limitation purposes.

**Definitions of Terms Used in This Handbook (Continued)****Equipment**

For payment limitation purposes, equipment is the machinery and implements needed by the farming operation to conduct activities of the farming operation.

This includes:

- machinery and implements needed for:
  - land preparation, planting, cultivating, or harvesting of the crops involved
  - establishing and maintaining conservation cover crops or conservation use of acreages
  - conducting livestock operations
- irrigation equipment that is:
  - not of a permanent nature
  - commonly used in the area.

**Definitions of Terms Used in This Handbook (Continued)****Family Member**

A family member is an individual to whom another member in the farming operation is related as lineal ancestor, lineal descendant, or sibling, including spouses of those family members who do not make a significant contribution to the farming operation themselves.

The term “family member” shall include:

- great grandparent
- grandparent
- parent
- child, including legally adopted children
- grandchild
- great grandchild
- sibling of the family members in the farming operation
- spouse of family members, if the family member does not make a significant contribution of active personal labor or active personal management to the farming operation as an individual.

**Farm Credit Bank**

Farm Credit Bank is an agricultural lending entity that is a direct lender of long-term real estate loans and provides funds to PCA’s under certain circumstances.

**Farming Operation**

A farming operation is a business enterprise engaged in the production of agricultural products.

**Federal Land Credit Association**

Federal Land Credit Association is an entity authorized to provide direct lending formerly offered by FLBA. This entity provides long term lending.

**Definitions of Terms Used in This Handbook (Continued)****Foreign Entity**

A foreign entity is a corporation, trust, estate, or other similar organization, that has more than 10 percent of its beneficial interest held by individuals who are not:

- citizens of the U.S.
- lawful aliens possessing a valid Alien Registration Receipt Card (Form I-551 or I-151).

**Foreign Individual**

A foreign individual is someone who is not:

- a citizen of the U.S.
- a lawful alien possessing a valid Alien Registration Receipt Card (Form I-551 or I-151).

**Income From Farming, Ranching, or Forestry Operations**

Income from farming, ranching or forestry operations is income derived from producing crops, livestock, or unfinished raw forestry products.

**Note:** Exclude income from the following:

- processing, packaging, or packing
- transporting
- commission from marketing for others
- investment income even if invested funds came from farming, ranching, or forestry
- proceeds from the sale of land used to produce agricultural or forestry products
- farm or forestry implement sales by a retail dealership, unless such implements were subject to depreciation expenses reported to IRS.

**\*--Income from Fishing**

Income from fishing includes amounts received from catching, taking, harvesting, cultivating, or farming aquatic resources such as fish, shellfish, crustacea, and other aquatic forms of animal or vegetable life. (IRS Publication 595, Tax Highlights for Commercial Fisherman.)--\*

**Definitions of Terms Used in This Handbook (Continued)****Joint Operation**

A joint operation is a general partnership, joint venture, or other similar business organization in which 2 or more individuals or entities pool their resources, such as land, labor, capital, management, and equipment to conduct the operation.

**Land**

For payment limitation purposes, land is farmland consisting of cropland, pastureland, wetland, or rangeland that meets the specific requirements of the applicable program.

**Limited Partnership**

For payment limitation purposes, a limited partnership consists of:

- at least 1 general partner entrusted with managing and controlling the partnership's business
- at least 1 limited partner.

**“Left-Hand” Contribution**

Significant “left-hand” contribution to the farming operation is 1 or a combination of the following:

- capital
- land
- equipment.

**Minor Child**

A minor child is an individual that is not 18 years of age on or before the status date of the current year.

**Note:** Court action conferring majority on such person does not change this person's status as a minor child.

## Definitions of Terms Used in This Handbook (Continued)

### Paper Changes

Paper changes are changes to the farming operation that are not substantive where the same individuals or entities created by those individuals continue to engage in farming the same land with the same equipment, usually leased from an individual or entity for which the rules would require more restrictive application of the limitation.

### Permitted Entity

A permitted entity is an entity that is designated by an individual who is to receive a payment, loan, or benefit under a program subject \*--to permitted entity rules.

### Person

A “person” is:

- an individual, or an individual participating as a member of a joint operation or similar operation
- a corporation, joint stock company, association, limited stock company, limited partnership, irrevocable trust, revocable trust together with the grantor of the trust, estate, or charitable organization including any entity participating in the farming operation as a partner in a general partnership, a participant in a joint venture, a grantor of a revocable trust, or a participant in a similar entity
- a State, political subdivision, or agency thereof.

**Note:** A cooperative association of producers that market

\*--commodities shall **not** be considered the “person,” and payments and benefits thereby limited for the commodities marketed for the producers.--\*

**Definitions of Terms Used in This Handbook (Continued)****Production Credit Association**

Production Credit Association is an entity that provides agricultural lending independent of ACA or FCB \* \* \*.

**Public School**

A public school is a primary, elementary, secondary school, college, or university which is directly administered under the authority of a governmental body or which receives a predominant amount of its financing from public funds.

**“Right-Hand” Contribution**

Significant “right-hand” contribution to the farming operation is 1 or a combination of the following:

- active personal labor
- active personal management.

**Sharecropper**

A sharecropper is an individual who:

- performs work in connection with the production of the crop under the supervision of the operator
- receives a share of the crop in return for the provision of such labor.

**Definitions of Terms Used in This Handbook (Continued)****Substantial Beneficial Interest**

A substantial beneficial interest is an ownership interest of either of the following:

- 10 percent or more in any entity.

**Note:** In determining whether this interest equals at least 10 percent, all interests in the entity that are owned by an individual or entity, directly or indirectly, shall be taken into consideration.

**\*--Example:** A corporation owns the entity.

- less than 10 percent in an entity if both of the following apply:
  - any individual or entity has a direct or indirect interest of less than 10 percent in more than 1 entity earning payment
  - COC determines that the arrangement was established for the purpose of circumventing the “permitted entity” provisions of the program.

**Note:** This determination applies to all interests of the “person” that are less than 10 percent.--\*

**Total Value of a Farming Operation**

The total value of a farming operation is the total of the costs, excluding the value of active personal labor and active personal management that is contributed by a member of the farming operation, needed to carry out the farming operation for the year for which the determination is made.

**Tribal Venture**

A tribal venture is a joint operation conducted by members of an Indian tribe.
